(B) Scope

An ACO Beneficiary Incentive Program established under this subsection shall provide incentive payments to all of the following Medicare fee-for-service beneficiaries who are furnished qualifying services by the ACO:

(i) With respect to the Track 2 and Track 3 payment models described in section 425.600(a) of title 42, Code of Federal Regulations (or in any successor regulation), Medicare fee-for-service beneficiaries who are preliminarily prospectively or prospectively assigned (or otherwise assigned, as determined by the Secretary) to the ACO.

(C) Qualifying service

For purposes of this subsection, a qualifying service is a primary care service, as defined in section 425.20 of title 42, Code of Federal Regulations (or in any successor regulation), with respect to which coinsurance applies under part B, furnished through an ACO by—

(ii) in the same amount for each Medicare fee-for-service beneficiary described in clause (i) or (ii) of subparagraph (B) without regard to enrollment of such a beneficiary in a medicare supplemental policy (described in section 1395ss(g)(1) of this title), in a State Medicaid plan under subchapter XIX or a waiver of such a plan, or in any other health insurance policy or health benefit plan;

(iii) made for each qualifying service furnished to such a beneficiary described in clause (i) or (ii) of subparagraph (B) during a period specified by the Secretary; and

(iv) made no later than 30 days after a qualifying service is furnished to such a beneficiary described in clause (i) or (ii) of subparagraph (B).

(E) No separate payments from the Secretary

The Secretary shall not make any separate payment to an ACO for the costs, including incentive payments, of carrying out an ACO Beneficiary Incentive Program established under this subsection. Nothing in this subparagraph shall be construed as prohibiting an ACO from using shared savings received under this section to carry out an ACO Beneficiary Incentive Program.

(F) No application to shared savings calculation

Incentive payments made by an ACO under this subsection shall be disregarded for purposes of calculating benchmarks, estimated average per capita Medicare expenditures, and shared savings under this section.

(G) Reporting requirements

An ACO conducting an ACO Beneficiary Incentive Program under this subsection shall, at such times and in such format as the Secretary may require, report to the Secretary such information and retain such documentation as the Secretary may require, including the amount

(H) Termination

The Secretary may terminate an ACO Beneficiary Incentive Program established under this subsection at any time for reasons determined appropriate by the Secretary.

MACPAC shall—

(A) review policies of the Medicaid program established under this subchapter (in this section

(B) make recommendations to Congress, the Secretary, and States concerning such access policies;

(C) by not later than March 15 of each year (beginning with 2010), submit a report to Congress containing the results of such reviews and MACPAC's recommendations concerning such policies; and

(D) by not later than June 15 of each year (beginning with 2010), submit a report to Congress containing an examination of issues affecting Medicaid and CHIP, including the implications of changes in health care delivery in the United States and in the market for health care services on such programs.

(2) Specific topics to be reviewed

Specifically, MACPAC shall review and assess the following:

(A) Medicaid and CHIP payment policies

Payment policies under Medicaid and CHIP, including—

(i) the factors affecting expenditures for the efficient provision of items and services in different sectors, including the process for updating payments to medical, dental, and health professionals, hospitals, residential and long-term care providers, providers of home and community based services, Federally-qualified health centers and rural health clinics, managed care entities, and providers of other covered items and services;

(ii) payment methodologies; and

(iii) the relationship of such factors and methodologies to access and quality of care for Medicaid and CHIP beneficiaries (including how such factors and methodologies enable such beneficiaries to obtain the services for which they are eligible, affect provider supply, and affect providers that serve a disproportionate share of low-income and other vulnerable populations).

(B) Eligibility policies

Medicaid and CHIP eligibility policies, including a determination of the degree to which Federal and State policies provide health care coverage to needy populations.

(C) Enrollment and retention processes

Medicaid and CHIP enrollment and retention processes, including a determination of the degree to which Federal and State policies encourage the enrollment of individuals who are eligible for such programs and screen out individuals who are ineligible, while minimizing the share of program expenses devoted to such processes.

(D) Coverage policies

Medicaid and CHIP benefit and coverage policies, including a determination of the degree to which Federal and State policies provide access to the services enrollees require to improve and maintain their health and functional status.

(E) Quality of care

Medicaid and CHIP policies as they relate to the quality of care provided under those programs, including a determination of the degree to which Federal and State policies achieve their stated goals and interact with similar goals established by other purchasers of health care services.

(F) Interaction of Medicaid and CHIP payment policies with health care delivery generally

The effect of Medicaid and CHIP payment policies on access to items and services for children and other Medicaid and CHIP populations other than under this subchapter or subchapter XXI and the implications of changes in health care delivery in the United States and

in the general market for health care items and services on Medicaid and CHIP.

(4) Creation of early-warning system

MACPAC shall create an early-warning system to identify provider shortage areas, as well as other factors that adversely affect, or have the potential to adversely affect, access to care by, or the health care status of, Medicaid and CHIP beneficiaries. MACPAC shall include in the annual report required under paragraph (1)(D) a description of all such areas or problems identified with respect to the period addressed in the report.

(III) Data identifying hospitals with high levels of uncompensated care that also provide access to essential community services for low-income, uninsured, and vulnerable populations, such as graduate medical education, and the continuum of primary through quarternary care, including the provision of trauma care and public health services.

(IV) State-specific analyses regarding the relationship between the most recent State DSH allotment and the projected State DSH allotment for the succeeding year and the data reported under subclauses (I), (II), and (III) for the State.

(C) that in the case of an individual who is entitled to medical assistance under the State plan with respect to a service for which a third party is liable for payment, the person furnishing the service may not seek to collect from the individual (or any financially responsible relative or representative of that individual) payment of an amount for that service (i) if the total of the amount of the liabilities of third parties for that service is at least equal to the amount payable for that service under the plan (disregarding section 1396o of this title), or (ii) in an amount which exceeds the lesser of (I) the amount which may be collected under section 1396o of this title, or (II) the amount by which the amount payable for that service under the plan (disregarding section 1396o of this title) exceeds the total of the amount of the liabilities of third parties for that service;

(i) make payment for such service in accordance with the usual payment schedule under such plan for such services without regard to the liability of a third party for payment for such services, except that the State may, if the State determines doing so is cost-effective and will not adversely affect access to care, only make such payment if a third party so liable has not made payment within 90 days after the date the provider of such services has initially submitted a claim to such third party for payment for such services; and

(ii) seek reimbursement from such third party in accordance with subparagraph (B);

(B) nothing in this paragraph shall be construed (i) to prevent the making of such a payment in accordance with an assignment from the person or institution providing the care or service involved if such assignment is made to a governmental agency or entity or is established by or pursuant to the order of a court of competent jurisdiction, or (ii) to preclude an agent of such person or institution from receiving any such payment if (but only if) such agent does so pursuant to an agency agreement under which the compensation to be paid to the agent for his services for or in connection with the billing or collection of payments due such person or institution under the plan is unrelated (directly or indirectly) to the amount of such payments or the billings therefor, and is not dependent upon the actual collection of any such payment;

(C) in the case of services furnished (during a period that does not exceed 14 continuous days in the case of an informal reciprocal arrangement or 90 continuous days (or such longer period as the Secretary may provide) in the case of an arrangement involving per diem or other fee-for-time compensation) by, or incident to the services of, one physician to the patients of another physician who submits the claim for such services, payment shall be made to the physician submitting the claim (as if the services were furnished by, or incident to, the physician's services), but only if the claim identifies (in a manner specified by the Secretary) the physician who furnished the services; and

(D) in the case of payment for a childhood vaccine administered before October 1, 1994, to individuals entitled to medical assistance under the State plan, the State plan may make payment directly to the manufacturer of the vaccine under a voluntary replacement program agreed to by the State pursuant to which the manufacturer (i) supplies doses of the vaccine to providers administering the vaccine, (ii) periodically replaces the supply of the vaccine, and (iii) charges the State the manufacturer's price to the Centers for Disease Control and Prevention for the vaccine so administered (which price includes a reasonable amount to cover shipping and the handling of returns);

The provisions of paragraphs (9)(A), (31), and (33) and of section 1396b(i)(4) of this title shall not apply to a religious nonmedical health care institution (as defined in section 1395x(ss)(1) of this title).

For purposes of paragraph (10) any individual who, for the month of August 1972, was eligible for or receiving aid or assistance under a State plan approved under subchapter I, X, XIV, or XVI, or part A of subchapter IV and who for such month was entitled to monthly insurance benefits under subchapter II shall for purposes of this subchapter only be deemed to be eligible for financial aid or assistance for any month thereafter if such individual would have been eligible for financial aid or assistance for such month had the increase in monthly insurance benefits under subchapter II resulting from enactment of Public Law 92–336 not been applicable to such individual.

The requirement of clause (A) of paragraph (37) with respect to a State plan may be waived by the Secretary if he finds that the State has exercised good faith in trying to meet such requirement. (d) Performance of medical or utilization review functions

If a State contracts with an entity which meets the requirements of section 1320c–1 of this title, as determined by the Secretary, or a utilization and quality control peer review organization [10] having a contract with the Secretary under part B of subchapter XI for the performance of medical or utilization review functions required under this subchapter of a State plan with respect to specific services or providers (or services or providers in a geographic area of the State), such requirements shall be deemed to be met for those services or providers (or services or providers in that area) by delegation to such an entity or organization under the contract of the State's authority to conduct such review activities if the contract provides for the performance of activities not inconsistent with part B of subchapter XI and provides for such assurances of satisfactory performance by such an entity or organization as the Secretary may prescribe.

(e) Continuation and extension of eligibility of certain individuals; Express Lane option for children

(1) Beginning April 1, 1990, for provisions relating to the extension of eligibility for medical assistance for certain families who have received aid pursuant to a State plan approved under part A of subchapter IV and have earned income, see section 1396r–6 of this title.

(B) For purposes of subparagraph (A), the term "minimum enrollment period" means, with respect to an individual's enrollment with an organization or entity under a State plan, a period, established by the State, of not more than six months beginning on the date the individual's enrollment with the organization or entity becomes effective.

During the period in which a child is deemed under the preceding sentence to be eligible for medical assistance, the medical assistance eligibility identification number of the mother shall also serve as the identification number of the child, and all claims shall be submitted and paid under such number (unless the State issues a separate identification number for the child before such period expires). Notwithstanding the preceding sentence, in the case of a child who is born in the United States to an alien mother for whom medical assistance for the delivery of the child is made available pursuant to section 1396b(v) of this title, the State immediately shall issue a separate identification number for the child upon notification by the facility at which such delivery occurred of the child's birth.

(5) A woman who, while pregnant, is eligible for, has applied for, and has received medical assistance under the State plan, shall continue to be eligible under the plan, as though she were pregnant, for all pregnancy-related and postpartum medical assistance under the plan, through the end of the month in which the 60-day period (beginning on the last day of her pregnancy) ends.

(6) In the case of a pregnant woman described in subsection (a)(10) who, because of a change in income of the family of which she is a member, would not otherwise continue to be described in such subsection, the woman shall be deemed to continue to be an individual described in subsection (a)(10)(A)(i)(IV) and subsection (l)(1)(A) without regard to such change of income through the end of the month in which the 60-day period (beginning on the last day of her pregnancy) ends. The preceding sentence shall not apply in the case of a woman who has been provided ambulatory prenatal care pursuant to section 1396r–1 of this title during a presumptive eligibility period and is then, in accordance with such section, determined to be ineligible for medical assistance under the State plan.

(7) In the case of an infant or child described in subparagraph (B), (C), or (D) of subsection (l)(1) or paragraph (2) of section 1396d(n) of this title—

(B) who, but for attaining such age, would remain eligible for medical assistance under such subsection,

the infant or child shall continue to be treated as an individual described in such respective provision until the end of the stay for which the inpatient services are furnished.

(8) If an individual is determined to be a qualified medicare beneficiary (as defined in section 1396d(p)(1) of this title), such determination shall apply to services furnished after the end of the month in which the determination first occurs. For purposes of payment to a State under section 1396b(a) of this title, such determination shall be considered to be valid for an individual for a period of 12 months, except that a State may provide for such determinations more frequently, but not more frequently than once every 6 months for an individual.

(B) The requirements of subparagraph (A)(ii) may be satisfied by a continuous stay in one or more hospitals, nursing facilities, or intermediate care facilities for the mentally retarded.

(C) For purposes of this paragraph, respiratory care services means services provided on a part-time basis in the home of the individual by a respiratory therapist or other health care professional trained in respiratory therapy (as determined by the State), payment for which is not otherwise included within other items and services furnished to such individual as medical assistance under the plan.

(10)(A) The fact that an individual, child, or pregnant woman may be denied aid under part A of subchapter IV pursuant to section 602(a)(43) [1] of this title shall not be construed as denying (or permitting a State to deny) medical assistance under this subchapter to such individual, child, or woman who is eligible for assistance under this subchapter on a basis other than the receipt of aid under such part.

(B) If an individual, child, or pregnant woman is receiving aid under part A of subchapter IV and such aid is terminated pursuant to section 602(a)(43) [1] of this title, the State may not discontinue medical assistance under this subchapter for the individual, child, or woman until the State has determined that the individual, child, or woman is not eligible for assistance under this subchapter on a basis other than the receipt of aid under such part.

(11)(A) In the case of an individual who is enrolled with a group health plan under section 1396e of this title and who would (but for this paragraph) lose eligibility for benefits under this subchapter before the end of the minimum enrollment period (defined in subparagraph (B)), the State plan may provide, notwithstanding any other provision of this subchapter, that the individual shall be deemed to continue to be eligible for such benefits until the end of such minimum period, but only with respect to such benefits provided to the individual as an enrollee of such plan.

(B) For purposes of subparagraph (A), the term "minimum enrollment period" means, with respect to an individual's enrollment with a group health plan, a period established by the State, of not more than 6 months beginning on the date the individual's enrollment under the plan becomes effective.

(A) the end of the 12-month period beginning on the date of such determination;

(B) the time that such individual attains the age of 19; or

(C) the date that such individual ceases to be a resident of such State.

(13) EXPRESS LANE OPTION.—

(A) IN GENERAL.—

(i) OPTION TO USE A FINDING FROM AN EXPRESS LANE AGENCY.—At the option of the State, the State plan may provide that in determining eligibility under this subchapter for a child (as defined in subparagraph (G)), the State may rely on a finding made within a reasonable period (as determined by the State) from an Express Lane agency (as defined in subparagraph (F)) when it determines whether a child satisfies one or more components of eligibility for medical assistance under this subchapter. The State may rely on a finding from an Express Lane agency notwithstanding sections 1396a(a)(46)(B) and 1320b–7(d) of this title or any differences in budget unit, disregard, deeming or other methodology, if the following requirements are met:

(I) PROHIBITION ON DETERMINING CHILDREN INELIGIBLE FOR COVERAGE .—If a finding from an Express Lane agency would result in a determination that a child does

not satisfy an eligibility requirement for medical assistance under this subchapter and for child health assistance under subchapter XXI, the State shall determine eligibility for assistance using its regular procedures.

(II) NOTICE REQUIREMENT.—For any child who is found eligible for medical assistance under the State plan under this subchapter or child health assistance under subchapter XXI and who is subject to premiums based on an Express Lane agency's finding of such child's income level, the State shall provide notice that the child may qualify for lower premium payments if evaluated by the State using its regular policies and of the procedures for requesting such an evaluation.

(III) COMPLIANCE WITH SCREEN AND ENROLL REQUIREMENT.—The State shall satisfy the requirements under subparagraphs (A) and (B) of section 1397bb(b)(3) of this title (relating to screen and enroll) before enrolling a child in child health assistance under subchapter XXI. At its option, the State may fulfill such requirements in accordance with either option provided under subparagraph (C) of this paragraph.

(IV) VERIFICATION OF CITIZENSHIP OR NATIONALITY STATUS.—The State shall satisfy the requirements of section 1396a(a)(46)(B) or 1397ee(c)(9) of this title, as applicable for verifications of citizenship or nationality status.

(V) CODING.—The State meets the requirements of subparagraph (E).

(ii) OPTION TO APPLY TO RENEWALS AND REDETERMINATIONS.—The State may apply the provisions of this paragraph when conducting initial determinations of eligibility, redeterminations of eligibility, or both, as described in the State plan.

(B) RULES OF CONSTRUCTION.—Nothing in this paragraph shall be construed—

(i) to limit or prohibit a State from taking any actions otherwise permitted under this subchapter or subchapter XXI in determining eligibility for or enrolling children into medical assistance under this subchapter or child health assistance under subchapter XXI; or

(ii) to modify the limitations in section 1396a(a)(5) of this title concerning the agencies that may make a determination of eligibility for medical assistance under this subchapter.

(C) OPTIONS FOR SATISFYING THE SCREEN AND ENROLL REQUIREMENT.—

(i) IN GENERAL.—With respect to a child whose eligibility for medical assistance under this subchapter or for child health assistance under subchapter XXI has been evaluated by a State agency using an income finding from an Express Lane agency, a State may carry out its duties under subparagraphs (A) and (B) of section 1397bb(b)(3) of this title (relating to screen and enroll) in accordance with either clause (ii) or clause (iii).

(ii) ESTABLISHING A SCREENING THRESHOLD.—

(I) IN GENERAL.—Under this clause, the State establishes a screening threshold set as a percentage of the Federal poverty level that exceeds the highest income threshold applicable under this subchapter to the child by a minimum of 30 percentage points or, at State option, a higher number of percentage points that reflects the value (as determined by the State and described in the State plan) of any differences between income methodologies used by the program administered by the Express Lane agency and the methodologies used by the State in determining eligibility for medical assistance under this subchapter.

(II) CHILDREN WITH INCOME NOT ABOVE THRESHOLD.—If the income of a child does not exceed the screening threshold, the child is deemed to satisfy the income eligibility criteria for medical assistance under this subchapter regardless of whether such child would otherwise satisfy such criteria.

(III) CHILDREN WITH INCOME ABOVE THRESHOLD.—If the income of a child exceeds the screening threshold, the child shall be considered to have an income above the Medicaid applicable income level described in section 1397jj(b)(4) of this title and to satisfy the requirement under section 1397jj(b)(1)(C) of this title (relating to the requirement that CHIP matching funds be used only for children not eligible for Medicaid). If such a child is

enrolled in child health assistance under subchapter XXI, the State shall provide the parent, guardian, or custodial relative with the following:

(aa) Notice that the child may be eligible to receive medical assistance under the State plan under this subchapter if evaluated for such assistance under the State's regular procedures and notice of the process through which a parent, guardian, or custodial relative can request that the State evaluate the child's eligibility for medical assistance under this subchapter using such regular procedures.

(bb) A description of differences between the medical assistance provided under this subchapter and child health assistance under subchapter XXI, including differences in cost-sharing requirements and covered benefits.

(iii) TEMPORARY ENROLLMENT IN CHIP PENDING SCREEN AND ENROLL.—

(I) IN GENERAL.—Under this clause, a State enrolls a child in child health assistance under subchapter XXI for a temporary period if the child appears eligible for such assistance based on an income finding by an Express Lane agency.

(II) DETERMINATION OF ELIGIBILITY.—During such temporary enrollment period, the State shall determine the child's eligibility for child health assistance under subchapter XXI or for medical assistance under this subchapter in accordance with this clause.

(III) PROMPT FOLLOW UP.—In making such a determination, the State shall take prompt action to determine whether the child should be enrolled in medical assistance under this subchapter or child health assistance under subchapter XXI pursuant to subparagraphs (A) and (B) of section 1397bb(b)(3) of this title (relating to screen and enroll).

(IV) REQUIREMENT FOR SIMPLIFIED DETERMINATION.—In making such a determination, the State shall use procedures that, to the maximum feasible extent, reduce the burden imposed on the individual of such determination. Such procedures may not require the child's parent, guardian, or custodial relative to provide or verify information that already has been provided to the State agency by an Express Lane agency or another source of information unless the State agency has reason to believe the information is erroneous.

(V) AVAILABILITY OF CHIP MATCHING FUNDS DURING TEMPORARY ENROLLMENT PERIOD.—Medical assistance for items and services that are provided to a child enrolled in subchapter XXI during a temporary enrollment period under this clause shall be treated as child health assistance under such subchapter.

(D) OPTION FOR AUTOMATIC ENROLLMENT.—

(i) IN GENERAL.—The State may initiate and determine eligibility for medical assistance under the State Medicaid plan or for child health assistance under the State CHIP plan without a program application from, or on behalf of, the child based on data obtained from sources other than the child (or the child's family), but a child can only be automatically enrolled in the State Medicaid plan or the State CHIP plan if the child or the family affirmatively consents to being enrolled through affirmation in writing, by telephone, orally, through electronic signature, or through any other means specified by the Secretary or by signature on an Express Lane agency application, if the requirement of clause (ii) is met.

(ii) INFORMATION REQUIREMENT.—The requirement of this clause is that the State informs the parent, guardian, or custodial relative of the child of the services that will be covered, appropriate methods for using such services, premium or other cost sharing charges (if any) that apply, medical support obligations (under section 1396k(a) of this title) created by enrollment (if applicable), and the actions the parent, guardian, or relative must take to maintain enrollment and renew coverage.

(E) CODING; APPLICATION TO ENROLLMENT ERROR RATES.—

(i) IN GENERAL.—For purposes of subparagraph (A)(iv),[11] the requirement of this subparagraph for a State is that the State agrees to—

(I) assign such codes as the Secretary shall require to the children who are enrolled in the

State Medicaid plan or the State CHIP plan through reliance on a finding made by an Express Lane agency for the duration of the State's election under this paragraph;

(II) annually provide the Secretary with a statistically valid sample (that is approved by Secretary) of the children enrolled in such plans through reliance on such a finding by conducting a full Medicaid eligibility review of the children identified for such sample for purposes of determining an eligibility error rate (as described in clause (iv)) with respect to the enrollment of such children (and shall not include such children in any data or samples used for purposes of complying with a Medicaid Eligibility Quality Control (MEQC) review or a payment error rate measurement (PERM) requirement);

(III) submit the error rate determined under subclause (II) to the Secretary;

(IV) if such error rate exceeds 3 percent for either of the first 2 fiscal years in which the State elects to apply this paragraph, demonstrate to the satisfaction of the Secretary the specific corrective actions implemented by the State to improve upon such error rate; and

(V) if such error rate exceeds 3 percent for any fiscal year in which the State elects to apply this paragraph, a reduction in the amount otherwise payable to the State under section 1396b(a) of this title for quarters for that fiscal year, equal to the total amount of erroneous excess payments determined for the fiscal year only with respect to the children included in the sample for the fiscal year that are in excess of a 3 percent error rate with respect to such children.

(ii) NO PUNITIVE ACTION BASED ON ERROR RATE.—The Secretary shall not apply the error rate derived from the sample under clause (i) to the entire population of children enrolled in the State Medicaid plan or the State CHIP plan through reliance on a finding made by an Express Lane agency, or to the population of children enrolled in such plans on the basis of the State's regular procedures for determining eligibility, or penalize the State on the basis of such error rate in any manner other than the reduction of payments provided for under clause (i)(V).

(iii) RULE OF CONSTRUCTION.—Nothing in this paragraph shall be construed as relieving a State that elects to apply this paragraph from being subject to a penalty under section 1396b(u) of this title, for payments made under the State Medicaid plan with respect to ineligible individuals and families that are determined to exceed the error rate permitted under that section (as determined without regard to the error rate determined under clause (i)(II)).

(iv) ERROR RATE DEFINED.—In this subparagraph, the term "error rate" means the rate of erroneous excess payments for medical assistance (as defined in section 1396b(u)(1)(D) of this title) for the period involved, except that such payments shall be limited to individuals for which eligibility determinations are made under this paragraph and except that in applying this paragraph under subchapter XXI, there shall be substituted for references to provisions of this subchapter corresponding provisions within subchapter XXI.

(F) LIMITATION ON SECRETARIAL AUTHORITY.—The Secretary shall not waive compliance with the requirements of this paragraph except to the extent necessary to permit a State to coordinate eligibility requirements for dual eligible individuals (as defined in section 1396n(h)(2)(B) of this title) under the State plan or under a waiver of the plan and under subchapter XVIII and individuals who require the level of care provided in a hospital, a nursing facility, or an intermediate care facility for the mentally retarded.

facility after a date specified by the State.

(2) The State shall not make such a decision with respect to a facility until the facility has had a reasonable opportunity, following the initial determination that it no longer substantially meets the requirements for such a facility under this subchapter, to correct its deficiencies, and, following this period, has been given reasonable notice and opportunity for a hearing.

(3) The State's decision to deny payment may be made effective only after such notice to the public and to the facility as may be provided for by the State, and its effectiveness shall terminate (A) when the State finds that the facility is in substantial compliance (or is making good faith efforts to achieve substantial compliance) with the requirements for such a facility under this subchapter, or (B) in the case described in paragraph (1)(B), with the end of the eleventh month following the month such decision is made effective, whichever occurs first. If a facility to which clause (B) of the previous sentence applies still fails to substantially meet the provisions of the respective section on the date specified in such clause, the State shall terminate such facility's certification for participation under the plan effective with the first day of the first month following the month specified in such clause.

(j) Waiver or modification of subchapter requirements with respect to medical assistance program in American Samoa

Such medical assistance shall be provided subject to the requirements of section 1396u–7 of this title, without regard to whether a State otherwise has elected the option to provide medical assistance through coverage under that section, unless an individual described in subclause (VIII) of subsection (a)(10)(A)(i) is also an individual for whom, under subparagraph (B) of section 1396u–7(a)(2) of this title, the State may not require enrollment in benchmark coverage described in subsection (b)(1) of section 1396u–7 of this title or benchmark equivalent coverage described in subsection (b)(2) of that section.

(2) Beginning with the first day of any fiscal year quarter that begins on or after April 1, 2010, and before January 1, 2014, a State may elect through a State plan amendment to provide medical assistance to individuals who would be described in subclause (VIII) of subsection (a)(10)(A)(i) if that subclause were effective before January 1, 2014. A State may elect to phase-in the extension of eligibility for medical assistance to such individuals based on income, so long as the State does not extend such eligibility to individuals described in such subclause with higher income before making individuals described in such subclause with lower income eligible for medical assistance.

(3) If an individual described in subclause (VIII) of subsection (a)(10)(A)(i) is the parent of a child who is under 19 years of age (or such higher age as the State may have elected) who is eligible for medical assistance under the State plan or under a waiver of such plan (under that subclause or under a State plan amendment under paragraph (2),[14] the individual may not be enrolled under the State plan unless the individual's child is enrolled under the State plan or under a waiver of the plan or is enrolled in other health insurance coverage. For purposes of the preceding sentence, the term "parent" includes an individual treated as a caretaker relative for purposes of carrying out section 1396u–1 of this title.

(I) the percentage specified by the State in an amendment to its State plan (whether approved or not) as of July 1, 1988, or

(B) any resource standard or methodology that is applied with respect to an individual described

in subparagraph (A) of paragraph (1) may not be more restrictive than the resource standard or methodology that is applied under subchapter XVI;

(C) any resource standard or methodology that is applied with respect to an individual described in subparagraph (B), (C), or (D) of paragraph (1) may not be more restrictive than the corresponding methodology that is applied under the State plan under part A of subchapter IV;

(E) family income shall be determined in accordance with the methodology employed under the State plan under part A or E of subchapter IV (except to the extent such methodology is inconsistent with clause (D) of subsection (a)(17)), and costs incurred for medical care or for any other type of remedial care shall not be taken into account.

Any different treatment provided under this paragraph for such individuals shall not, because of subsection (a)(17), require or permit such treatment for other individuals.

(4)(A) In the case of any State which is providing medical assistance to its residents under a waiver granted under section 1315 of this title, the Secretary shall require the State to provide medical assistance for pregnant women and infants under age 1 described in subsection (a)(10)(A)(i)(IV) and for children described in subsection (a)(10)(A)(i)(VI) or subsection (a)(10)(A)(i)(VII) in the same manner as the State would be required to provide such assistance for such individuals if the State had in effect a plan approved under this subchapter.

(B) In the case of a State which is not one of the 50 States or the District of Columbia, the State need not meet the requirement of subsection (a)(10)(A)(i)(IV), (a)(10)(A)(i)(VI), or (a)(10)(A)(i)(VII) and, for purposes of paragraph (2)(A), the State may substitute for the percentage provided under clause (ii) of such paragraph any percentage.

(m) Description of individuals

(1) Individuals described in this paragraph are individuals—

(A) who are 65 years of age or older or are disabled individuals (as determined under section 1382c(a)(3) of this title),

(C) whose resources (as determined under section 1382b of this title for purposes of the supplemental security income program) do not exceed (except as provided in paragraph (2)(B)) the maximum amount of resources that an individual may have and obtain benefits under that program.

(2)(A) The income level established under paragraph (1)(B) may not exceed a percentage (not more than 100 percent) of the official poverty line (as defined by the Office of Management and Budget, and revised annually in accordance with section 9902(2) of this title) applicable to a family of the size involved.

(B) In the case of a State that provides medical assistance to individuals not described in subsection (a)(10)(A) and at the State's option, the State may use under paragraph (1)(C) such resource level (which is higher than the level described in that paragraph) as may be applicable with respect to individuals described in paragraph (1)(A) who are not described in subsection (a)(10)(A).

(C) The provisions of section 1396d(p)(2)(D) of this title shall apply to determinations of income under this subsection in the same manner as they apply to determinations of income under section 1396d(p) of this title.

(3) Notwithstanding subsection (a)(17), for individuals described in paragraph (1) who are covered under the State plan by virtue of subsection (a)(10)(A)(ii)(X)—

(A) the income standard to be applied is the income standard described in paragraph (1)(B), and

(B) except as provided in section 1382a(b)(4)(B)(ii) of this title, costs incurred for medical care or for any other type of remedial care shall not be taken into account in determining income.

(n) Payment amounts

(1) In the case of medical assistance furnished under this subchapter for medicare cost-sharing respecting the furnishing of a service or item to a qualified medicare beneficiary, the State plan may provide payment in an amount with respect to the service or item that results in the sum of such payment amount and any amount of payment made under subchapter XVIII with respect to the service or item exceeding the amount that is otherwise payable under the State plan for the item or service for eligible individuals who are not qualified medicare beneficiaries.

(2) In carrying out paragraph (1), a State is not required to provide any payment for any expenses incurred relating to payment for deductibles, coinsurance, or copayments for medicare cost-sharing to the extent that payment under subchapter XVIII for the service would exceed the payment amount that otherwise would be made under the State plan under this subchapter for such service if provided to an eligible recipient other than a medicare beneficiary.

(3) In the case in which a State's payment for medicare cost-sharing for a qualified medicare beneficiary with respect to an item or service is reduced or eliminated through the application of paragraph (2)—

(A) for purposes of applying any limitation under subchapter XVIII on the amount that the beneficiary may be billed or charged for the service, the amount of payment made under subchapter XVIII plus the amount of payment (if any) under the State plan shall be considered to be payment in full for the service;

(B) the beneficiary shall not have any legal liability to make payment to a provider or to an organization described in section 1396b(m)(1)(A) of this title for the service; and

(C) any lawful sanction that may be imposed upon a provider or such an organization for excess charges under this subchapter or subchapter XVIII shall apply to the imposition of any charge imposed upon the individual in such case.

This paragraph shall not be construed as preventing payment of any medicare cost-sharing by a medicare supplemental policy or an employer retiree health plan on behalf of an individual.

(o) Certain benefits disregarded for purposes of determining post-eligibility contributions

Notwithstanding any provision of subsection (a) to the contrary, a State plan under this subchapter shall provide that any supplemental security income benefits paid by reason of subparagraph (E) or (G) of section 1382(e)(1) of this title to an individual who—

(1) is eligible for medical assistance under the plan, and

(2) is in a hospital, skilled nursing facility, or intermediate care facility at the time such benefits are paid,

will be disregarded for purposes of determining the amount of any post-eligibility contribution by the individual to the cost of the care and services provided by the hospital, skilled nursing facility, or intermediate care facility.

(p) Exclusion power of State; exclusion as prerequisite for medical assistance payments; "exclude" defined

(1) In addition to any other authority, a State may exclude any individual or entity for purposes of participating under the State plan under this subchapter for any reason for which the Secretary could exclude the individual or entity from participation in a program under subchapter XVIII under section 1320a–7, 1320a–7a, or 1395cc(b)(2) of this title.

(i) which is reasonable in amount for clothing and other personal needs of the individual (or couple) while in an institution, and

(ii) which is not less (and may be greater) than the minimum monthly personal needs allowance described in paragraph (2).

(B) In this subsection, the term "institutionalized individual or couple" means an individual or married couple—

(r) Disregarding payments for certain medical expenses by institutionalized individuals

(1)(A) For purposes of sections 1396a(a)(17) and 1396r–5(d)(1)(D) of this title and for purposes of a waiver under section 1396n of this title, with respect to the post-eligibility treatment of income of individuals who are institutionalized or receiving home or community-based services under such a waiver, the treatment described in subparagraph (B) shall apply, there shall be disregarded reparation payments made by the Federal Republic of Germany, and there shall be taken into account amounts for incurred expenses for medical or remedial care that are not subject to payment by a third party, including—

(i) medicare and other health insurance premiums, deductibles, or coinsurance, and

(ii) necessary medical or remedial care recognized under State law but not covered under the

State plan under this subchapter, subject to reasonable limits the State may establish on the amount of these expenses.

(B)(i) In the case of a veteran who does not have a spouse or a child, if the veteran—

(I) receives, after the veteran has been determined to be eligible for medical assistance under the State plan under this subchapter, a veteran's pension in excess of $90 per month, and

(II) resides in a State veterans home with respect to which the Secretary of Veterans Affairs makes per diem payments for nursing home care pursuant to section 1741(a) of title 38,

any such pension payment, including any payment made due to the need for aid and attendance, or for unreimbursed medical expenses, that is in excess of $90 per month shall be counted as income only for the purpose of applying such excess payment to the State veterans home's cost of providing nursing home care to the veteran.

(ii) The provisions of clause (i) shall apply with respect to a surviving spouse of a veteran who does not have a child in the same manner as they apply to a veteran described in such clause.

(i) in the case of groups consisting of aged, blind, or disabled individuals, under the supplemental security income program under subchapter XVI, or

(ii) in the case of other groups, under the State plan most closely categorically related.

(B) For purposes of this subsection and subsection (a)(10), methodology is considered to be "no more restrictive" if, using the methodology, additional individuals may be eligible for medical assistance and no individuals who are otherwise eligible are made ineligible for such assistance.

(C) This paragraph shall not be construed as permitting a State to determine the eligibility of an individual for medical assistance with respect to nursing facility services or other long-term care services without application of the limit under section 1396p(f)(1) of this title.

(s) Adjustment in payment for hospital services furnished to low-income children under age of 6 years

(t) Limitation on payments to States for expenditures attributable to taxes

Nothing in this subchapter (including sections 1396b(a) and 1396d(a) of this title) shall be construed as authorizing the Secretary to deny or limit payments to a State for expenditures, for medical assistance for items or services, attributable to taxes of general applicability imposed with respect to the provision of such items or services.

(1) In general

Beginning with fiscal year 2001 with respect to services furnished on or after January 1, 2001, and each succeeding fiscal year, the State plan shall provide for payment for services described in section 1396d(a)(2)(C) of this title furnished by a Federally-qualified health center and services described in section 1396d(a)(2)(B) of this title furnished by a rural health clinic in accordance with the provisions of this subsection.

(2) Fiscal year 2001

Subject to paragraph (4), for services furnished on and after January 1, 2001, during fiscal year 2001, the State plan shall provide for payment for such services in an amount (calculated on a per visit basis) that is equal to 100 percent of the average of the costs of the center or clinic of furnishing such services during fiscal years 1999 and 2000 which are reasonable and related to the cost of furnishing such services, or based on such other tests of reasonableness as the Secretary prescribes in regulations under section 1395l(a)(3) of this title, or, in the case of services to which such regulations do not apply, the same methodology used under section 1395l(a)(3) of this title, adjusted to take into account any increase or decrease in the scope of such services furnished by the center or clinic during fiscal year 2001.

(3) Fiscal year 2002 and succeeding fiscal years

Subject to paragraph (4), for services furnished during fiscal year 2002 or a succeeding fiscal year, the State plan shall provide for payment for such services in an amount (calculated on a per visit basis) that is equal to the amount calculated for such services under this subsection for the preceding fiscal year—

(A) increased by the percentage increase in the MEI (as defined in section 1395u(i)(3) of this title) applicable to primary care services (as defined in section 1395u(i)(4) of this title) for that fiscal year; and

(B) adjusted to take into account any increase or decrease in the scope of such services furnished by the center or clinic during that fiscal year.

(4) Establishment of initial year payment amount for new centers or clinics

In any case in which an entity first qualifies as a Federally-qualified health center or rural health clinic after fiscal year 2000, the State plan shall provide for payment for services described in section 1396d(a)(2)(C) of this title furnished by the center or services described in section 1396d(a)(2)(B) of this title furnished by the clinic in the first fiscal year in which the center or clinic so qualifies in an amount (calculated on a per visit basis) that is equal to 100 percent of the costs of furnishing such services during such fiscal year based on the rates established under this subsection for the fiscal year for other such centers or clinics located in the same or adjacent area with a similar case load or, in the absence of such a center or clinic, in accordance with the regulations and methodology referred to in paragraph (2) or based on such other tests of reasonableness as the Secretary may specify. For each fiscal year following the fiscal year in which the entity first qualifies as a Federally-qualified health center or rural health clinic, the State plan shall provide for the payment amount to be calculated in accordance with paragraph (3).

(5) Administration in the case of managed care

(A) In general

In the case of services furnished by a Federally-qualified health center or rural health clinic pursuant to a contract between the center or clinic and a managed care entity (as defined in section 1396u–2(a)(1)(B) of this title), the State plan shall provide for payment to the center or clinic by the State of a supplemental payment equal to the amount (if any) by which the amount determined under paragraphs (2), (3), and (4) of this subsection exceeds the amount of the payments provided under the contract.

(B) Payment schedule

The supplemental payment required under subparagraph (A) shall be made pursuant to a payment schedule agreed to by the State and the Federally-qualified health center or rural health clinic, but in no case less frequently than every 4 months.

(6) Alternative payment methodologies

Notwithstanding any other provision of this section, the State plan may provide for payment in any fiscal year to a Federally-qualified health center for services described in section 1396d(a)(2)(C) of this title or to a rural health clinic for services described in section 1396d(a)(2)(B) of this title in an amount which is determined under an alternative payment methodology that—

(A) is agreed to by the State and the center or clinic; and

(B) results in payment to the center or clinic of an amount which is at least equal to the amount otherwise required to be paid to the center or clinic under this section.

(cc) Disabled children eligible to receive medical assistance at option of State

(1) Individuals described in this paragraph are individuals—

(A) who are children who have not attained 19 years of age and are born—

(i) on or after January 1, 2001 (or, at the option of a State, on or after an earlier date), in the case of the second, third, and fourth quarters of fiscal year 2007;

(ii) on or after October 1, 1995 (or, at the option of a State, on or after an earlier date), in the case of each quarter of fiscal year 2008; and

(iii) after October 1, 1989, in the case of each quarter of fiscal year 2009 and each quarter of any fiscal year thereafter;

(B) who would be considered disabled under section 1382c(a)(3)(C) of this title (as determined under subchapter XVI for children but without regard to any income or asset eligibility requirements that apply under such subchapter with respect to children); and

(C) whose family income does not exceed such income level as the State establishes and does not exceed—

(i) 300 percent of the poverty line (as defined in section 1397jj(c)(5) of this title) applicable to a family of the size involved; or

(ii) such higher percent of such poverty line as a State may establish, except that—

(I) any medical assistance provided to an individual whose family income exceeds 300 percent of such poverty line may only be provided with State funds; and

(II) no Federal financial participation shall be provided under section 1396b(a) of this title for any medical assistance provided to such an individual.

(2)(A) If an employer of a parent of an individual described in paragraph (1) offers family coverage under a group health plan (as defined in section 2791(a) of the Public Health Service Act [42 U.S.C. 300gg–91(a)]), the State shall—

(i) notwithstanding section 1396e of this title, require such parent to apply for, enroll in, and pay premiums for such coverage as a condition of such parent's child being or remaining eligible for medical assistance under subsection (a)(10)(A)(ii)(XIX) if the parent is determined eligible for such coverage and the employer contributes at least 50 percent of the total cost of annual premiums for such coverage; and

(ii) if such coverage is obtained—

(I) subject to paragraph (2) of section 1396o(h) [17] of this title, reduce the premium imposed by the State under that section in an amount that reasonably reflects the premium contribution made by the parent for private coverage on behalf of a child with a disability; and

(II) treat such coverage as a third party liability under subsection (a)(25).

(B) In the case of a parent to which subparagraph (A) applies, a State, notwithstanding section 1396e of this title but subject to paragraph (1)(C)(ii), may provide for payment of any portion of the annual premium for such family coverage that the parent is required to pay. Any payments made by the State under this subparagraph shall be considered, for purposes of section 1396b(a) of this title, to be payments for medical assistance.

(dd) Electronic transmission of information

If the State agency determining eligibility for medical assistance under this subchapter or child health assistance under subchapter XXI verifies an element of eligibility based on information from an Express Lane Agency [18] (as defined in subsection (e)(13)(F)), or from another public agency, then the applicant's signature under penalty of perjury shall not be required as to such element. Any signature requirement for an application for medical assistance may be satisfied through an electronic signature, as defined in section 1710(1) of the Government Paperwork Elimination Act

(44 U.S.C. 3504 note). The requirements of subparagraphs (A) and (B) of section 1320b–7(d)(2) of this title may be met through evidence in digital or electronic form.

(ee) Alternate State process for verification of citizenship or nationality declaration

(1) For purposes of subsection (a)(46)(B)(ii), the requirements of this subsection with respect to an individual declaring to be a citizen or national of the United States for purposes of establishing eligibility under this subchapter, are, in lieu of requiring the individual to present satisfactory documentary evidence of citizenship or nationality under section 1396b(x) of this title (if the individual is not described in paragraph (2) of that section), as follows:

(A) The State submits the name and social security number of the individual to the Commissioner of Social Security as part of the program established under paragraph (2).

(B) If the State receives notice from the Commissioner of Social Security that the name or social security number, or the declaration of citizenship or nationality, of the individual is inconsistent with information in the records maintained by the Commissioner—

(i) the State makes a reasonable effort to identify and address the causes of such inconsistency, including through typographical or other clerical errors, by contacting the individual to confirm the accuracy of the name or social security number submitted or declaration of citizenship or nationality and by taking such additional actions as the Secretary, through regulation or other guidance, or the State may identify, and continues to provide the individual with medical assistance while making such effort; and

(ii) in the case such inconsistency is not resolved under clause (i), the State—

(I) notifies the individual of such fact;

(II) provides the individual with a period of 90 days from the date on which the notice required under subclause (I) is received by the individual to either present satisfactory documentary evidence of citizenship or nationality (as defined in section 1396b(x)(3) of this title) or resolve the inconsistency with the Commissioner of Social Security (and continues to provide the individual with medical assistance during such 90-day period); and

(III) disenrolls the individual from the State plan under this subchapter within 30 days after the end of such 90-day period if no such documentary evidence is presented or if such inconsistency is not resolved.

(2)(A) Each State electing to satisfy the requirements of this subsection for purposes of section 1396a(a)(46)(B) of this title shall establish a program under which the State submits at least monthly to the Commissioner of Social Security for comparison of the name and social security number, of each individual newly enrolled in the State plan under this subchapter that month who is not described in section 1396b(x)(2) of this title and who declares to be a United States citizen or national, with information in records maintained by the Commissioner.

(B) In establishing the State program under this paragraph, the State may enter into an agreement with the Commissioner of Social Security—

(i) to provide, through an on-line system or otherwise, for the electronic submission of, and response to, the information submitted under subparagraph (A) for an individual enrolled in the State plan under this subchapter who declares to be [19] citizen or national on at least a monthly basis; or

(ii) to provide for a determination of the consistency of the information submitted with the information maintained in the records of the Commissioner through such other method as agreed to by the State and the Commissioner and approved by the Secretary, provided that such method is no more burdensome for individuals to comply with than any burdens that may apply under a method described in clause (i).

(C) The program established under this paragraph shall provide that, in the case of any individual who is required to submit a social security number to the State under subparagraph (A) and who is unable to provide the State with such number, shall be provided with at least the reasonable opportunity to present satisfactory documentary evidence of citizenship or nationality (as defined in

section 1396b(x)(3) of this title) as is provided under clauses (i) and (ii) of section 1320b–7(d)(4)(A) of this title to an individual for the submittal to the State of evidence indicating a satisfactory immigration status.

(3)(A) The State agency implementing the plan approved under this subchapter shall, at such times and in such form as the Secretary may specify, provide information on the percentage each month that the inconsistent submissions bears to the total submissions made for comparison for such month. For purposes of this subparagraph, a name, social security number, or declaration of citizenship or nationality of an individual shall be treated as inconsistent and included in the determination of such percentage only if—

(i) the information submitted by the individual is not consistent with information in records maintained by the Commissioner of Social Security;

(ii) the inconsistency is not resolved by the State;

(iii) the individual was provided with a reasonable period of time to resolve the inconsistency with the Commissioner of Social Security or provide satisfactory documentation of citizenship status and did not successfully resolve such inconsistency; and

(iv) payment has been made for an item or service furnished to the individual under this subchapter.

(B) If, for any fiscal year, the average monthly percentage determined under subparagraph (A) is greater than 3 percent—

(i) the State shall develop and adopt a corrective plan to review its procedures for verifying the identities of individuals seeking to enroll in the State plan under this subchapter and to identify and implement changes in such procedures to improve their accuracy; and

(ii) pay to the Secretary an amount equal to the amount which bears the same ratio to the total payments under the State plan for the fiscal year for providing medical assistance to individuals who provided inconsistent information as the number of individuals with inconsistent information in excess of 3 percent of such total submitted bears to the total number of individuals with inconsistent information.

(C) The Secretary may waive, in certain limited cases, all or part of the payment under subparagraph (B)(ii) if the State is unable to reach the allowable error rate despite a good faith effort by such State.

(D) Subparagraphs (A) and (B) shall not apply to a State for a fiscal year if there is an agreement described in paragraph (2)(B) in effect as of the close of the fiscal year that provides for the submission on a real-time basis of the information described in such paragraph.

(4) Nothing in this subsection shall affect the rights of any individual under this subchapter to appeal any disenrollment from a State plan.

(ff) Disregard of certain property in determination of eligibility of Indians

Notwithstanding any other requirement of this subchapter or any other provision of Federal or State law, a State shall disregard the following property from resources for purposes of determining the eligibility of an individual who is an Indian for medical assistance under this subchapter:

(1) Property, including real property and improvements, that is held in trust, subject to Federal restrictions, or otherwise under the supervision of the Secretary of the Interior, located on a reservation, including any federally recognized Indian Tribe's reservation, pueblo, or colony, including former reservations in Oklahoma, Alaska Native regions established by the Alaska Native Claims Settlement Act [43 U.S.C. 1601 et seq.], and Indian allotments on or near a reservation as designated and approved by the Bureau of Indian Affairs of the Department of the Interior.

(2) For any federally recognized Tribe not described in paragraph (1), property located within the most recent boundaries of a prior Federal reservation.

(3) Ownership interests in rents, leases, royalties, or usage rights related to natural resources (including extraction of natural resources or harvesting of timber, other plants and plant products, animals, fish, and shellfish) resulting from the exercise of federally protected rights.

(4) Ownership interests in or usage rights to items not covered by paragraphs (1) through (3) that have unique religious, spiritual, traditional, or cultural significance or rights that support subsistence or a traditional lifestyle according to applicable tribal law or custom.

(gg) Maintenance of effort

(1) General requirement to maintain eligibility standards until State exchange is fully operational

Subject to the succeeding paragraphs of this subsection, during the period that begins on March 23, 2010, and ends on the date on which the Secretary determines that an Exchange established by the State under section 18031 of this title is fully operational, as a condition for receiving any Federal payments under section 1396b(a) of this title for calendar quarters occurring during such period, a State shall not have in effect eligibility standards, methodologies, or procedures under the State plan under this subchapter or under any waiver of such plan that is in effect during that period, that are more restrictive than the eligibility standards, methodologies, or procedures, respectively, under the plan or waiver that are in effect on March 23, 2010.

(2) Continuation of eligibility standards for children through September 30, 2029

The requirement under paragraph (1) shall continue to apply to a State through September 30, 2029, (but during the period that begins on October 1, 2019, and ends on September 30, 2029, only with respect to children in families whose income does not exceed 300 percent of the poverty line (as defined in section 1397jj(c)(5) of this title) applicable to a family of the size involved) with respect to the eligibility standards, methodologies, and procedures under the State plan under this subchapter or under any waiver of such plan that are applicable to determining the eligibility for medical assistance of any child who is under 19 years of age (or such higher age as the State may have elected).

(3) Nonapplication

During the period that begins on January 1, 2011, and ends on December 31, 2013, the requirement under paragraph (1) shall not apply to a State with respect to nonpregnant, nondisabled adults who are eligible for medical assistance under the State plan or under a waiver of the plan at the option of the State and whose income exceeds 133 percent of the poverty line (as defined in section 1397jj(c)(5) of this title) applicable to a family of the size involved if, on or after December 31, 2010, the State certifies to the Secretary that, with respect to the State fiscal year during which the certification is made, the State has a budget deficit, or with respect to the succeeding State fiscal year, the State is projected to have a budget deficit. Upon submission of such a certification to the Secretary, the requirement under paragraph (1) shall not apply to the State with respect to any remaining portion of the period described in the preceding sentence.

(4) Determination of compliance

(A) States shall apply modified adjusted gross income

A State's determination of income in accordance with subsection (e)(14) shall not be considered to be eligibility standards, methodologies, or procedures that are more restrictive than the standards, methodologies, or procedures in effect under the State plan or under a waiver of the plan on March 23, 2010, for purposes of determining compliance with the requirements of paragraph (1), (2), or (3).

(B) States may expand eligibility or move waivered populations into coverage under the State plan

With respect to any period applicable under paragraph (1), (2), or (3), a State that applies eligibility standards, methodologies, or procedures under the State plan under this subchapter or under any waiver of the plan that are less restrictive than the eligibility standards, methodologies, or procedures, applied under the State plan or under a waiver of the plan on March 23, 2010, or that makes individuals who, on March 23, 2010, are eligible for medical assistance under a waiver of the State plan, after March 23, 2010, eligible for medical assistance

through a State plan amendment with an income eligibility level that is not less than the income eligibility level that applied under the waiver, or as a result of the application of subclause (VIII) of subsection (a)(10)(A)(i), shall not be considered to have in effect eligibility standards, methodologies, or procedures that are more restrictive than the standards, methodologies, or procedures in effect under the State plan or under a waiver of the plan on March 23, 2010, for purposes of determining compliance with the requirements of paragraph (1), (2), or (3).

(hh) State option for coverage for individuals with income that exceeds 133 percent of the poverty line

(1) A State may elect to phase-in the extension of eligibility for medical assistance to individuals described in subclause (XX) of subsection (a)(10)(A)(ii) based on the categorical group (including nonpregnant childless adults) or income, so long as the State does not extend such eligibility to individuals described in such subclause with higher income before making individuals described in such subclause with lower income eligible for medical assistance.

(2) If an individual described in subclause (XX) of subsection (a)(10)(A)(ii) is the parent of a child who is under 19 years of age (or such higher age as the State may have elected) who is eligible for medical assistance under the State plan or under a waiver of such plan, the individual may not be enrolled under the State plan unless the individual's child is enrolled under the State plan or under a waiver of the plan or is enrolled in other health insurance coverage. Nothing in this subsection shall be interpreted to preclude or limit the ability of a State to engage in provider and supplier screening or enhanced provider and supplier oversight activities beyond those required by the Secretary.

(ll) Termination notification database

In the case of a provider of services or any other person whose participation under this subchapter or subchapter XXI is terminated (as described in subsection (kk)(8)), the Secretary shall, not later than 30 days after the date on which the Secretary is notified of such termination under subsection (a)(41) (as applicable), review such termination and, if the Secretary determines appropriate, include such termination in any database or similar system developed pursuant to section 6401(b)(2) of the Patient Protection and Affordable Care Act (42 U.S.C. 1395cc note; Public Law 111–148).

A State shall not be treated as not providing medical assistance to all individuals described in section 1396a(a)(10)(A)(i)(VIII) of this title, or as not expending amounts for all such individuals under the State plan (or waiver of such plan), solely because such an individual is determined ineligible for medical assistance under the State plan (or waiver) on the basis of a failure to meet the requirement to demonstrate community engagement under paragraph (1).

"(a) AUTHORITY TO CONDUCT PROJECT.—

"(1) IN GENERAL.—The Secretary of Health and Human Services (in this section referred to as the 'Secretary') shall establish a demonstration project under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.] to evaluate the use of bundled payments for the provision of integrated care for a Medicaid

A State selected to participate in the demonstration project may target the demonstration project to particular categories of beneficiaries, beneficiaries with particular diagnoses, or particular geographic regions of the State, but the Secretary shall insure [sic] that, as a whole, the demonstration project is, to the greatest extent possible, representative of the demographic and geographic composition of Medicaid beneficiaries nationally.

"(2) The demonstration project shall focus on conditions where there is evidence of an opportunity for providers of services and suppliers to improve the quality of care furnished to Medicaid beneficiaries while reducing total expenditures under the State Medicaid programs selected to participate, as determined by the Secretary.

"(3) A State selected to participate in the demonstration project shall specify the 1 or more episodes of care the State proposes to address in the project, the services to be included in the bundled payments, and the rationale for the selection of such episodes of care and services. "(6) The Secretary and each State selected to participate in the demonstration project shall ensure that the demonstration project does not result in the Medicaid beneficiaries whose care is subject to payment under the demonstration project being provided with less items and services for which medical assistance is provided under the State Medicaid program than the items and services for which medical assistance would have been provided to such beneficiaries under the State Medicaid program in the absence of the demonstration project.

"(c) WAIVER OF PROVISIONS.—Notwithstanding section 1115(a) of the Social Security Act (42 U.S.C. 1315(a)), the Secretary may waive such provisions of titles XIX, XVIII, and XI of that Act [42 U.S.C. 1396 et seq., 1395 et seq., 1301 et seq.] as may be necessary to accomplish the goals of the demonstration, ensure beneficiary access to acute and post-acute care, and maintain quality of care.

"(a) IN GENERAL.—(1) The Secretary of Health and Human Services (in this section referred to as the 'Secretary') may not publish final or interim final regulations requiring a State plan approved under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.] to include a program requiring second surgical opinions or a program of inpatient hospital preadmission review.

"(2) The Secretary may not, during the period beginning on the date of the enactment of the Omnibus Budget Reconciliation Act of 1990 [Nov. 5, 1990] and ending on the date that is 180 days after the date on which the report required by subsection (d) is submitted to the Congress, publish final or interim final regulations requiring a State plan approved under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.] to include a program for ambulatory surgery, preadmission testing, or same-day surgery.

"(b) REPORT.—

"(1) The Secretary shall report to Congress, by not later than October 1, 1988, for each State in a representative sample of States—

"(A) the identity of those procedures which are high volume or high cost procedures among patients who are covered under the State medicaid plan,

"(B) the payment rates under those plans for such procedures, and the aggregate annual payment amounts made under such plans for such procedures (including the Federal share of such payment amounts),

"(C) the rate at which each such procedure is performed on medicaid patients and (to the extent that data are available) comparisons to the rate at which such procedure is performed on patients of comparable age who are not medicaid patients,

"(D) with respect to each such procedure—

"(i) the number of board certified or board eligible physicians in the State who provide care and services to medicaid patients and who perform the procedure, and

"(ii) in the case of a State with a mandatory second surgical opinion program in operation, the number of physicians described in clause (i) who provide second opinions (of the type described in section 1164 of the Social Security Act [42 U.S.C. 1320c–13]) for the procedure at prevailing payment rates under the State medicaid plan, and

"(E) in the case of a State with a mandatory second surgical opinion program or a program of inpatient hospital preadmission review in operation, a description of—

"(i) the extent to which such program impedes access to necessary care and services, and

"(ii) the measures that the State has taken to address such impediments, particularly in rural areas.

"(2) Such report shall also include a list of those surgical procedures which the Secretary believes meet the following criteria and for which a mandatory second opinion program under medicaid plans may be appropriate:

"(A) The procedure is one which generally can be postponed without undue risk to the patient.

"(B) The procedure is a high volume procedure among patients who are covered under State medicaid plans or is a high cost procedure.

"(C) The procedure has a comparatively high rate of nonconfirmation upon examination by another qualified physician, there is substantial geographic variation in the rates of performance of the procedure, or there are other reasons why requiring second opinions for 100 percent of such procedures

would be cost effective.

"(3) The representative sample of States required to be included in the report shall include States with mandatory second surgical opinion programs in operation, States with programs of inpatient hospital preadmission review in operation, and States with neither such program in operation.

"(4) In this subsection and subsection (d), the term 'medicaid plan' means a State plan approved under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.].

"(c) STUDY.—

"(1) The Secretary shall conduct a study of the utilization of selected medical treatments and surgical procedures by medicaid beneficiaries in order to assess the appropriateness, necessity, and effectiveness of such treatments and procedures.

"(2) The study shall analyze the extent to which there is significant variation in the rate of utilization by medicaid beneficiaries of selected treatments and procedures for different geographic areas within States and among States.

"(3) The study shall also identify underutilized, medically necessary treatments and procedures for which—

"(A) a failure to furnish could have an adverse effect on health status, and

"(B) the rate of utilization by medicaid beneficiaries is significantly less than the rate for comparable, age-adjusted populations.

"(4) The study shall be coordinated, to the extent practicable, with the research program established pursuant to section 1875(c) of the Social Security Act [42 U.S.C. 1395ll(c)], with particular regard to the relationship of the variations described in paragraph (2) to patient outcomes.

"(5) The Secretary shall submit an interim report on the results of the study, including an analysis of the geographic variations under paragraph (2), to the Congress not later than January 1, 1990, and shall report the final results of the study to the Congress not later than January 1, 1992.

"(d) REPORT.—The Secretary shall report to Congress, by not later than January 1, 1993, for each State in a representative sample of States—

"(1) an analysis of the procedures for which programs for ambulatory surgery, preadmission testing, and same-day surgery are appropriate for patients who are covered under the State medicaid plan, and

"(2) the effects of such programs on access of such patients to necessary care, quality of care, and costs of care.

In selecting such a sample of States, the Secretary shall include some States with medicaid plans that include such programs."

(a) Computation of amount

From the sums appropriated therefor, the Secretary (except as otherwise provided in this section) shall pay to each State which has a plan approved under this subchapter, for each quarter, beginning with the quarter commencing January 1, 1966—

(1) an amount equal to the Federal medical assistance percentage (as defined in section 1396d(b) of this title, subject to subsections (g) and (j) of this section and section 1396r–4(f) of this title) of the total amount expended during such quarter as medical assistance under the State plan; plus

(2)(A) an amount equal to 75 per centum of so much of the sums expended during such quarter (as found necessary by the Secretary for the proper and efficient administration of the State plan) as are attributable to compensation or training of skilled professional medical personnel, and staff directly supporting such personnel, of the State agency or any other public agency; plus

(B) notwithstanding paragraph (1) or subparagraph (A), with respect to amounts expended for nursing aide training and competency evaluation programs, and competency evaluation programs, described in section 1396r(e)(1) of this title (including the costs for nurse aides to complete such competency evaluation programs), regardless of whether the programs are provided in or outside nursing facilities or of the skill of the personnel involved in such programs, an amount equal to 50 percent (or, for calendar quarters beginning on or after July 1, 1988, and before October 1, 1990, the lesser of 90 percent or the Federal medical assistance percentage plus 25 percentage points) of so much of the sums expended during such quarter (as found necessary by the Secretary for the proper and efficient administration of the State plan) as are attributable to such programs; plus

(C) an amount equal to 75 percent of so much of the sums expended during such quarter (as found necessary by the Secretary for the proper and efficient administration of the State plan) as are attributable to preadmission screening and resident review activities conducted by the State under section 1396r(e)(7) of this title; plus

(D) for each calendar quarter during—

(i) fiscal year 1991, an amount equal to 90 percent,

(ii) fiscal year 1992, an amount equal to 85 percent,

(iii) fiscal year 1993, an amount equal to 80 percent, and

(iv) fiscal year 1994 and thereafter, an amount equal to 75 percent,

of so much of the sums expended during such quarter (as found necessary by the Secretary for the proper and efficient administration of the State plan) as are attributable to State activities under section 1396r(g) of this title; plus

(E) an amount equal to 75 percent of so much of the sums expended during such quarter (as found necessary by the Secretary for the proper and efficient administration of the State plan) as are attributable to translation or interpretation services in connection with the enrollment of, retention of, and use of services under this subchapter by, children of families for whom English is not the primary language; plus

(3) an amount equal to—

(A)(i) 90 per centum of so much of the sums expended during such quarter as are attributable to the design, development, or installation of such mechanized claims processing and information retrieval systems as the Secretary determines are likely to provide more efficient, economical, and effective administration of the plan and to be compatible with the claims processing and information retrieval systems utilized in the administration of subchapter XVIII, including the State's share of the cost of installing such a system to be used jointly in the administration of such State's plan and the plan of any other State approved under this subchapter,

(ii) 90 per centum of so much of the sums expended during any such quarter in the fiscal year ending June 30, 1972, or the fiscal year ending June 30, 1973, as are attributable to the design, development, or installation of cost determination systems for State-owned general hospitals (except that the total amount paid to all States under this clause for either such fiscal year shall not exceed $150,000), and

(iii) an amount equal to the Federal medical assistance percentage (as defined in section 1396d(b) of this title) of so much of the sums expended during such quarter (as found necessary by the Secretary for the proper and efficient administration of the State plan) as are attributable to such developments or modifications of systems of the type described in clause (i) as are necessary for the efficient collection and reporting on child health measures; and

(B) 75 per centum of so much of the sums expended during such quarter as are attributable to the operation of systems (whether such systems are operated directly by the State or by another person under a contract with the State) of the type described in subparagraph (A)(i) (whether or not designed, developed, or installed with assistance under such subparagraph) which are approved by the Secretary and which include provision for prompt written notice to each individual who is furnished services covered by the plan, or to each individual in a sample group of individuals who are furnished such services, of the specific services (other than confidential services) so covered, the name of the person or persons furnishing the services, the date or dates on which the services were furnished, and the amount of the payment or payments made under the plan on account of the services; and

(C)(i) 75 per centum of the sums expended with respect to costs incurred during such quarter (as found necessary by the Secretary for the proper and efficient administration of the State plan) as are attributable to the performance of medical and utilization review by a utilization and quality control peer review organization [1] or by an entity which meets the requirements of section 1320c–1 of this title, as determined by the Secretary, under a contract entered into under section 1396a(d) of this title; and

(ii) 75 percent of the sums expended with respect to costs incurred during such quarter (as found necessary by the Secretary for the proper and efficient administration of the State plan) as are attributable to the performance of independent external reviews conducted under section 1396u–2(c)(2) of this title; and

(D) 75 percent of so much of the sums expended by the State plan during a quarter in 1991, 1992, or 1993, as the Secretary determines is attributable to the statewide adoption of a drug use review program which conforms to the requirements of section 1396r–8(g) of this title;

(E) 50 percent of the sums expended with respect to costs incurred during such quarter as are attributable to providing—

(i) services to identify and educate individuals who are likely to be eligible for medical assistance under this subchapter and who have Sickle Cell Disease or who are carriers of the sickle cell gene, including education regarding how to identify such individuals; or

(ii) education regarding the risks of stroke and other complications, as well as the prevention of stroke and other complications, in individuals who are likely to be eligible for medical assistance under this subchapter and who have Sickle Cell Disease; and

(F)(i) 100 percent of so much of the sums expended during such quarter as are attributable to payments to Medicaid providers described in subsection (t)(1) to encourage the adoption and

use of certified EHR technology; and

(ii) 90 percent of so much of the sums expended during such quarter as are attributable to payments for reasonable administrative expenses related to the administration of payments described in clause (i) if the State meets the condition described in subsection (t)(9); plus

(H)(i) [2] 90 percent of the sums expended during the quarter as are attributable to the design, development, or installation of such mechanized verification and information retrieval systems as the Secretary determines are necessary to implement section 1396a(ee) of this title (including a system described in paragraph (2)(B) thereof), [3] and

(ii) 75 percent of the sums expended during the quarter as are attributable to the operation of systems to which clause (i) applies,[3] plus

(4) an amount equal to 100 percent of the sums expended during the quarter which are attributable to the costs of the implementation and operation of the immigration status verification system described in section 1320b–7(d) of this title; plus

(5) an amount equal to 90 per centum of the sums expended during such quarter which are attributable to the offering, arranging, and furnishing (directly or on a contract basis) of family planning services and supplies;

(6) subject to subsection (b)(3), an amount equal to—

(A) 90 per centum of the sums expended during such a quarter within the twelve-quarter period beginning with the first quarter in which a payment is made to the State pursuant to this paragraph, and

(B) 75 per centum of the sums expended during each succeeding calendar quarter,

with respect to costs incurred during such quarter which are attributable to the establishment and operation of (including the training of personnel employed by) a State medicaid fraud control unit (described in subsection (q)); plus

(7) subject to section 1396r(g)(3)(B) of this title, an amount equal to 50 per centum of the remainder of the amounts expended during such quarter as found necessary by the Secretary for the proper and efficient administration of the State plan.

(b) Quarterly expenditures beginning after December 31, 1969

(1) Notwithstanding the preceding provisions of this section, the amount determined under subsection (a)(1) for any State for any quarter beginning after December 31, 1969, shall not take into account any amounts expended as medical assistance with respect to individuals aged 65 or over and disabled individuals entitled to hospital insurance benefits under subchapter XVIII which would not have been so expended if the individuals involved had been enrolled in the insurance program established by part B of subchapter XVIII, other than amounts expended under provisions of the plan of such State required by section 1396a(a)(34) of this title.

(2) For limitation on Federal participation for capital expenditures which are out of conformity with a comprehensive plan of a State or areawide planning agency, see section 1320a–1 of this title.

(3) The amount of funds which the Secretary is otherwise obligated to pay a State during a quarter under subsection (a)(6) may not exceed the higher of—

(A) $125,000, or

(B) one-quarter of 1 per centum of the sums expended by the Federal, State, and local governments during the previous quarter in carrying out the State's plan under this subchapter.

(4) Amounts expended by a State for the use of an enrollment broker in marketing medicaid managed care organizations and other managed care entities to eligible individuals under this subchapter shall be considered, for purposes of subsection (a)(7), to be necessary for the proper and efficient administration of the State plan but only if the following conditions are met with respect to the broker:

(A) The broker is independent of any such entity and of any health care providers (whether or not any such provider participates in the State plan under this subchapter) that provide coverage of

services in the same State in which the broker is conducting enrollment activities.

(B) No person who is an owner, employee, consultant, or has a contract with the broker either has any direct or indirect financial interest with such an entity or health care provider or has been excluded from participation in the program under this subchapter or subchapter XVIII or debarred by any Federal agency, or subject to a civil money penalty under this chapter.

(5) Notwithstanding the preceding provisions of this section, the amount determined under subsection (a)(1) for any State shall be decreased in a quarter by the amount of any health care related taxes (described in subsection (w)(3)(A)) [4] that are imposed on a hospital described in subsection (w)(3)(F) in that quarter.

(c) Treatment of educationally-related services

Nothing in this subchapter shall be construed as prohibiting or restricting, or authorizing the Secretary to prohibit or restrict, payment under subsection (a) for medical assistance for covered services furnished to a child with a disability because such services are included in the child's individualized education program established pursuant to part B of the Individuals with Disabilities Education Act [20 U.S.C. 1411 et seq.] or furnished to an infant or toddler with a disability because such services are included in the child's individualized family service plan adopted pursuant to part C of such Act [20 U.S.C. 1431 et seq.].

(d) Estimates of State entitlement; installments; adjustments to reflect overpayments or underpayments; time for recovery or adjustment; uncollectable or discharged debts; obligated appropriations; disputed claims

(1) Prior to the beginning of each quarter, the Secretary shall estimate the amount to which a State will be entitled under subsections (a) and (b) for such quarter, such estimates to be based on (A) a report filed by the State containing its estimate of the total sum to be expended in such quarter in accordance with the provisions of such subsections, and stating the amount appropriated or made available by the State and its political subdivisions for such expenditures in such quarter, and if such amount is less than the State's proportionate share of the total sum of such estimated expenditures, the source or sources from which the difference is expected to be derived, and (B) such other investigation as the Secretary may find necessary.

(2)(A) The Secretary shall then pay to the State, in such installments as he may determine, the amount so estimated, reduced or increased to the extent of any overpayment or underpayment which the Secretary determines was made under this section to such State for any prior quarter and with respect to which adjustment has not already been made under this subsection.

(B) Expenditures for which payments were made to the State under subsection (a) shall be treated as an overpayment to the extent that the State or local agency administering such plan has been reimbursed for such expenditures by a third party pursuant to the provisions of its plan in compliance with section 1396a(a)(25) of this title.

(C) For purposes of this subsection, when an overpayment is discovered, which was made by a State to a person or other entity, the State shall have a period of 1 year in which to recover or attempt to recover such overpayment before adjustment is made in the Federal payment to such State on account of such overpayment. Except as otherwise provided in subparagraph (D), the adjustment in the Federal payment shall be made at the end of the 1-year period, whether or not recovery was made.

(D)(i) In any case where the State is unable to recover a debt which represents an overpayment (or any portion thereof) made to a person or other entity on account of such debt having been discharged in bankruptcy or otherwise being uncollectable, no adjustment shall be made in the Federal payment to such State on account of such overpayment (or portion thereof).

(ii) In any case where the State is unable to recover a debt which represents an overpayment (or any portion thereof) made to a person or other entity due to fraud within 1 year of discovery because there is not a final determination of the amount of the overpayment under an administrative or judicial process (as applicable), including as a result of a judgment being under appeal, no adjustment shall be made in the Federal payment to such State on account of such overpayment (or

portion thereof) before the date that is 30 days after the date on which a final judgment (including, if applicable, a final determination on an appeal) is made.

(3)(A) The pro rata share to which the United States is equitably entitled, as determined by the Secretary, of the net amount recovered during any quarter by the State or any political subdivision thereof with respect to medical assistance furnished under the State plan shall be considered an overpayment to be adjusted under this subsection.

(B)(i) Subparagraph (A) and paragraph (2)(B) shall not apply to any amount recovered or paid to a State as part of the comprehensive settlement of November 1998 between manufacturers of tobacco products, as defined in section 5702(d) of the Internal Revenue Code of 1986, and State Attorneys General, or as part of any individual State settlement or judgment reached in litigation initiated or pursued by a State against one or more such manufacturers.

(ii) Except as provided in subsection (i)(19), a State may use amounts recovered or paid to the State as part of a comprehensive or individual settlement, or a judgment, described in clause (i) for any expenditures determined appropriate by the State.

(4) Upon the making of any estimate by the Secretary under this subsection, any appropriations available for payments under this section shall be deemed obligated.

(5) In any case in which the Secretary estimates that there has been an overpayment under this section to a State on the basis of a claim by such State that has been disallowed by the Secretary under section 1316(d) of this title, and such State disputes such disallowance, the amount of the Federal payment in controversy shall, at the option of the State, be retained by such State or recovered by the Secretary pending a final determination with respect to such payment amount. If such final determination is to the effect that any amount was properly disallowed, and the State chose to retain payment of the amount in controversy, the Secretary shall offset, from any subsequent payments made to such State under this subchapter, an amount equal to the proper amount of the disallowance plus interest on such amount disallowed for the period beginning on the date such amount was disallowed and ending on the date of such final determination at a rate (determined by the Secretary) based on the average of the bond equivalent of the weekly 90-day treasury bill auction rates during such period.

(6)(A) Each State (as defined in subsection (w)(7)(D)) shall include, in the first report submitted under paragraph (1) after the end of each fiscal year, information related to—

(i) provider-related donations made to the State or units of local government during such fiscal year, and

(ii) health care related taxes collected by the State or such units during such fiscal year.

(B) Each State shall include, in the first report submitted under paragraph (1) after the end of each fiscal year, information related to the total amount of payment adjustments made, and the amount of payment adjustments made to individual providers (by provider), under section 1396r–4(c) of this title during such fiscal year.

(e) Transition costs of closures or conversions permitted

A State plan approved under this subchapter may include, as a cost with respect to hospital services under the plan under this subchapter, periodic expenditures made to reflect transitional allowances established with respect to a hospital closure or conversion under section 1395uu of this title.

(f) Limitation on Federal participation in medical assistance

(1)(A) Except as provided in paragraph (4), payment under the preceding provisions of this section shall not be made with respect to any amount expended as medical assistance in a calendar quarter, in any State, for any member of a family the annual income of which exceeds the applicable income limitation determined under this paragraph.

(B)(i) Except as provided in clause (ii) of this subparagraph, the applicable income limitation with respect to any family is the amount determined, in accordance with standards prescribed by the

Secretary, to be equivalent to 1331/3 percent of the highest amount which would ordinarily be paid to a family of the same size without any income or resources, in the form of money payments, under the plan of the State approved under part A of subchapter IV of this chapter.

(ii) If the Secretary finds that the operation of a uniform maximum limits payments to families of more than one size, he may adjust the amount otherwise determined under clause (i) to take account of families of different sizes.

(C) The total amount of any applicable income limitation determined under subparagraph (B) shall, if it is not a multiple of $100 or such other amount as the Secretary may prescribe, be rounded to the next higher multiple of $100 or such other amount, as the case may be.

(2)(A) In computing a family's income for purposes of paragraph (1), there shall be excluded any costs (whether in the form of insurance premiums or otherwise and regardless of whether such costs are reimbursed under another public program of the State or political subdivision thereof) incurred by such family for medical care or for any other type of remedial care recognized under State law or, (B) notwithstanding section 1396o of this title at State option, an amount paid by such family, at the family's option, to the State, provided that the amount, when combined with costs incurred in prior months, is sufficient when excluded from the family's income to reduce such family's income below the applicable income limitation described in paragraph (1). The amount of State expenditures for which medical assistance is available under subsection (a)(1) will be reduced by amounts paid to the State pursuant to this subparagraph.

(3) For purposes of paragraph (1)(B), in the case of a family consisting of only one individual, the "highest amount which would ordinarily be paid" to such family under the State's plan approved under part A of subchapter IV of this chapter shall be the amount determined by the State agency (on the basis of reasonable relationship to the amounts payable under such plan to families consisting of two or more persons) to be the amount of the aid which would ordinarily be payable under such plan to a family (without any income or resources) consisting of one person if such plan provided for aid to such a family.

(4) The limitations on payment imposed by the preceding provisions of this subsection shall not apply with respect to any amount expended by a State as medical assistance for any individual described in section 1396a(a)(10)(A)(i)(III), 1396a(a)(10)(A)(i)(IV), 1396a(a)(10)(A)(i)(V), 1396a(a)(10)(A)(i)(VI), 1396a(a)(10)(A)(i)(VII), 1396a(a)(10)(A)(i)(VIII), 1396a(a)(10)(A)(i)(IX), 1396a(a)(10)(A)(ii)(IX), 1396a(a)(10)(A)(ii)(X), 1396a(a)(10)(A)(ii)(XIII), 1396a(a)(10)(A)(ii)(XIV), or [5] 1396a(a)(10)(A)(ii)(XV), 1396a(a)(10)(A)(ii)(XVI), 1396a(a)(10)(A)(ii)(XVII), 1396a(a)(10)(A)(ii)(XVIII), 1396a(a)(10)(A)(ii)(XIX), 1396a(a)(10)(A)(ii)(XX), 1396a(a)(10)(A)(ii)(XXI), 1396a(a)(10)(A)(ii)(XXII), 1396d(p)(1) of this title or for any individual—

(A) who is receiving aid or assistance under any plan of the State approved under subchapter I, X, XIV or XVI, or part A of subchapter IV, or with respect to whom supplemental security income benefits are being paid under subchapter XVI, or

(B) who is not receiving such aid or assistance, and with respect to whom such benefits are not being paid, but (i) is eligible to receive such aid or assistance, or to have such benefits paid with respect to him, or (ii) would be eligible to receive such aid or assistance, or to have such benefits paid with respect to him if he were not in a medical institution, or

(C) with respect to whom there is being paid, or who is eligible, or would be eligible if he were not in a medical institution, to have paid with respect to him, a State supplementary payment and is eligible for medical assistance equal in amount, duration, and scope to the medical assistance made available to individuals described in section 1396a(a)(10)(A) of this title, or who is a PACE program eligible individual enrolled in a PACE program under section 1396u–4 of this title, but only if the income of such individual (as determined under section 1382a of this title, but without regard to subsection (b) thereof) does not exceed 300 percent of the supplemental security income benefit rate established by section 1382(b)(1) of this title,

at the time of the provision of the medical assistance giving rise to such expenditure.

(g) Decrease in Federal medical assistance percentage of amounts paid for services furnished

under State plan after June 30, 1973

(1) Subject to paragraph (3), with respect to amounts paid for the following services furnished under the State plan after June 30, 1973 (other than services furnished pursuant to a contract with a health maintenance organization as defined in section 1395mm of this title or which is a qualified health maintenance organization (as defined in section 300e–9(d) [4] of this title)), the Federal medical assistance percentage shall be decreased as follows: After an individual has received inpatient hospital services or services in an intermediate care facility for the mentally retarded for 60 days or inpatient mental hospital services for 90 days (whether or not such days are consecutive), during any fiscal year, the Federal medical assistance percentage with respect to amounts paid for any such care furnished thereafter to such individual shall be decreased by a per centum thereof (determined under paragraph (5)) unless the State agency responsible for the administration of the plan makes a showing satisfactory to the Secretary that, with respect to each calendar quarter for which the State submits a request for payment at the full Federal medical assistance percentage for amounts paid for inpatient hospital services or services in an intermediate care facility for the mentally retarded furnished beyond 60 days (or inpatient mental hospital services furnished beyond 90 days), such State has an effective program of medical review of the care of patients in mental hospitals and intermediate care facilities for the mentally retarded pursuant to paragraphs (26) and (31) of section 1396a(a) of this title whereby the professional management of each case is reviewed and evaluated at least annually by independent professional review teams. In determining the number of days on which an individual has received services described in this subsection, there shall not be counted any days with respect to which such individual is entitled to have payments made (in whole or in part) on his behalf under section 1395d of this title.

(2) The Secretary shall, as part of his validation procedures under this subsection, conduct timely sample onsite surveys of private and public institutions in which recipients of medical assistance may receive care and services under a State plan approved under this subchapter, and his findings with respect to such surveys (as well as the showings of the State agency required under this subsection) shall be made available for public inspection.

(3)(A) No reduction in the Federal medical assistance percentage of a State otherwise required to be imposed under this subsection shall take effect—

(i) if such reduction is due to the State's unsatisfactory or invalid showing made with respect to a calendar quarter beginning before January 1, 1977;

(ii) before January 1, 1978;

(iii) unless a notice of such reduction has been provided to the State at least 30 days before the date such reduction takes effect; or

(iv) due to the State's unsatisfactory or invalid showing made with respect to a calendar quarter beginning after September 30, 1977, unless notice of such reduction has been provided to the State no later than the first day of the fourth calendar quarter following the calendar quarter with respect to which such showing was made.

(B) The Secretary shall waive application of any reduction in the Federal medical assistance percentage of a State otherwise required to be imposed under paragraph (1) because a showing by the State, made under such paragraph with respect to a calendar quarter ending after January 1, 1977, and before January 1, 1978, is determined to be either unsatisfactory under such paragraph or invalid under paragraph (2), if the Secretary determines that the State's showing made under paragraph (1) with respect to any calendar quarter ending on or before December 31, 1978, is satisfactory under such paragraph and is valid under paragraph (2).

(4)(A) The Secretary may not find the showing of a State, with respect to a calendar quarter under paragraph (1), to be satisfactory if the showing is submitted to the Secretary later than the 30th day after the last day of the calendar quarter, unless the State demonstrates to the satisfaction of the Secretary good cause for not meeting such deadline.

(B) The Secretary shall find a showing of a State, with respect to a calendar quarter under paragraph (1), to be satisfactory under such paragraph with respect to the requirement that the State conduct annual onsite inspections in mental hospitals and intermediate care facilities for the mentally

retarded under paragraphs (26) and (31) of section 1396a(a) of this title, if the showing demonstrates that the State has conducted such an onsite inspection during the 12-month period ending on the last date of the calendar quarter—

(i) in each of not less than 98 per centum of the number of such hospitals and facilities requiring such inspection, and

(ii) in every such hospital or facility which has 200 or more beds,

and that, with respect to such hospitals and facilities not inspected within such period, the State has exercised good faith and due diligence in attempting to conduct such inspection, or if the State demonstrates to the satisfaction of the Secretary that it would have made such a showing but for failings of a technical nature only.

(5) In the case of a State's unsatisfactory or invalid showing made with respect to a type of facility or institutional services in a calendar quarter, the per centum amount of the reduction of the State's Federal medical assistance percentage for that type of services under paragraph (1) is equal to 331/3 per centum multiplied by a fraction, the denominator of which is equal to the total number of patients receiving that type of services in that quarter under the State plan in facilities or institutions for which a showing was required to be made under this subsection, and the numerator of which is equal to the number of such patients receiving such type of services in that quarter in those facilities or institutions for which a satisfactory and valid showing was not made for that calendar quarter.

(6)(A) Recertifications required under section 1396a(a)(44) of this title shall be conducted at least every 60 days in the case of inpatient hospital services.

(B) Such recertifications in the case of services in an intermediate care facility for the mentally retarded shall be conducted at least—

(i) 60 days after the date of the initial certification,
(ii) 180 days after the date of the initial certification,
(iii) 12 months after the date of the initial certification,
(iv) 18 months after the date of the initial certification,
(v) 24 months after the date of the initial certification, and
(vi) every 12 months thereafter.

(C) For purposes of determining compliance with the schedule established by this paragraph, a recertification shall be considered to have been done on a timely basis if it was performed not later than 10 days after the date the recertification was otherwise required and the State establishes good cause why the physician or other person making such recertification did not meet such schedule.

(h) Repealed. Pub. L. 100–203, title IV, §4211(g)(1), Dec. 22, 1987, 101 Stat. 1330–205

(i) Payment for organ transplants; item or service furnished by excluded individual, entity, or physician; other restrictions

Payment under the preceding provisions of this section shall not be made—

(1) for organ transplant procedures unless the State plan provides for written standards respecting the coverage of such procedures and unless such standards provide that—

(A) similarly situated individuals are treated alike; and

(B) any restriction, on the facilities or practitioners which may provide such procedures, is consistent with the accessibility of high quality care to individuals eligible for the procedures under the State plan; or

(2) with respect to any amount expended for an item or service (other than an emergency item or service, not including items or services furnished in an emergency room of a hospital) furnished—

(A) under the plan by any individual or entity during any period when the individual or entity is excluded from participation under subchapter V, XVIII, or XX or under this subchapter pursuant to section 1320a–7, 1320a–7a, 1320c–5, or 1395u(j)(2) of this title;

(B) at the medical direction or on the prescription of a physician, during the period when such

(i) is minimally burdensome;

(C) ensure that individuals who furnish personal care services, home health care services, or both under the State plan (or under a waiver of the plan) are provided the opportunity for training on the use of such system.

(3) Paragraphs (1) and (2) shall not apply in the case of a State that, as of December 13, 2016, requires the use of any system for the electronic verification of visits conducted as part of both personal care services and home health care services, so long as the State continues to require the use of such system with respect to the electronic verification of such visits.

(4)(A) In the case of a State described in subparagraph (B), the reduction under paragraph (1) shall not apply—

(i) in the case of personal care services, for calendar quarters in 2020; and

(ii) in the case of home health care services, for calendar quarters in 2023.

(B) For purposes of subparagraph (A), a State described in this subparagraph is a State that demonstrates to the Secretary that the State—

(6)(A) In the case in which a State requires personal care service and home health care service providers to utilize an electronic visit verification system operated by the State or a contractor on behalf of the State, the Secretary shall pay to the State, for each quarter, an amount equal to 90 per centum of so much of the sums expended during such quarter as are attributable to the design, development, or installation of such system, and 75 per centum of so much of the sums for the operation and maintenance of such system.

(B) Subparagraph (A) shall not apply in the case in which a State requires personal care service and home health care service providers to utilize an electronic visit verification system that is not operated by the State or a contractor on behalf of the State.

(ii) has made adequate provision against the risk of insolvency, which provision is satisfactory to the State, meets the requirements of subparagraph (C)(i) (if applicable), and which assures that individuals eligible for benefits under this subchapter are in no case held liable for debts of the organization in case of the organization's insolvency.

An organization that is a qualified health maintenance organization (as defined in section 300e–9(d) [4] of this title) is deemed to meet the requirements of clauses (i) and (ii).

(B) The duties and functions of the Secretary, insofar as they involve making determinations as to whether an organization is a medicaid managed care organization within the meaning of subparagraph (A), shall be integrated with the administration of section 300e–11(a) and (b) of this title.

(C)(i) Subject to clause (ii), a provision meets the requirements of this subparagraph for an organization if the organization meets solvency standards established by the State for private health maintenance organizations or is licensed or certified by the State as a risk-bearing entity.

(iii) such services are provided for the benefit of individuals eligible for benefits under this subchapter in accordance with a contract between the State and the entity under which prepaid payments to the entity are made on an actuarially sound basis and under which the Secretary must provide prior approval for contracts providing for expenditures in excess of $1,000,000 for 1998 and, for a subsequent year, the amount established under this clause for the previous year increased by the percentage increase in the consumer price index for all urban consumers over the previous year;

(iv) such contract provides that the Secretary and the State (or any person or organization designated by either) shall have the right to audit and inspect any books and records of the entity (and of any subcontractor) that pertain (I) to the ability of the entity to bear the risk of potential financial losses, or (II) to services performed or determinations of amounts payable under the contract;

(v) such contract provides that in the entity's enrollment, reenrollment, or disenrollment of individuals who are eligible for benefits under this subchapter and eligible to enroll, reenroll, or disenroll with the entity pursuant to the contract, the entity will not discriminate among such individuals on the basis of their health status or requirements for health care services;

(vi) such contract (I) permits individuals who have elected under the plan to enroll with the entity for provision of such benefits to terminate such enrollment in accordance with section 1396u–2(a)(4) of this title, and (II) provides for notification in accordance with such section of each such individual, at the time of the individual's enrollment, of such right to terminate such enrollment;

(vii) such contract provides that, in the case of medically necessary services which were provided (I) to an individual enrolled with the entity under the contract and entitled to benefits with respect to such services under the State's plan and (II) other than through the organization because the services were immediately required due to an unforeseen illness, injury, or condition, either the entity or the State provides for reimbursement with respect to those services,[3]

(viii) such contract provides for disclosure of information in accordance with section 1320a–3 of this title and paragraph (4) of this subsection;

(ix) such contract provides, in the case of an entity that has entered into a contract for the provision of services with a Federally-qualified health center or a rural health clinic, that the entity shall provide payment that is not less than the level and amount of payment which the entity

would make for the services if the services were furnished by a provider which is not a Federally-qualified health center or a rural health clinic;

(x) any physician incentive plan that it operates meets the requirements described in section 1395mm(i)(8) of this title;

(xi) such contract provides for maintenance of sufficient patient encounter data to identify the physician who delivers services to patients and for the provision of such data to the State at a frequency and level of detail to be specified by the Secretary;

(xii) such contract, and the entity complies with the applicable requirements of section 1396u–2 of this title; and

(xiii) such contract provides that (I) covered outpatient drugs dispensed to individuals eligible for medical assistance who are enrolled with the entity shall be subject to the same rebate required by the agreement entered into under section 1396r–8 of this title as the State is subject to and that the State shall collect such rebates from manufacturers, (II) capitation rates paid to the entity shall be based on actual cost experience related to rebates and subject to the Federal regulations requiring actuarially sound rates, and (III) the entity shall report to the State, on such timely and periodic basis as specified by the Secretary in order to include in the information submitted by the State to a manufacturer and the Secretary under section 1396r–8(b)(2)(A) of this title, information on the total number of units of each dosage form and strength and package size by National Drug Code of each covered outpatient drug dispensed to individuals eligible for medical assistance who are enrolled with the entity and for which the entity is responsible for coverage of such drug under this subsection (other than covered outpatient drugs that under subsection (j)(1) of section 1396r–8 of this title are not subject to the requirements of that section) and such other data as the Secretary determines necessary to carry out this subsection.

(B) Subparagraph (A) [8] except with respect to clause (ix) of subparagraph (A), does not apply with respect to payments under this subchapter to a State with respect to expenditures incurred by it for payment for services provided by an entity which—

(i)(I) received a grant of at least $100,000 in the fiscal year ending June 30, 1976, under section 254b(d)(1)(A) or 254c(d)(1) of this title,[4] and for the period beginning July 1, 1976, and ending on the expiration of the period for which payments are to be made under this subchapter has been the recipient of a grant under either such section; and

(I) which received in the fiscal year ending June 30, 1976, at least $100,000 (by grant, subgrant, or subcontract) under the Appalachian Regional Development Act of 1965,[4] and

(II) for the period beginning July 1, 1976, and ending on the expiration of the period for which payments are to be made under this subchapter either has been the recipient of a grant, subgrant, or subcontract under such Act or has provided services under a contract (initially entered into during a year in which the entity was the recipient of such a grant, subgrant, or subcontract) with a State agency under this subchapter on a prepaid capitation risk basis or on any other risk basis; or

(iii) which has contracted with the single State agency for the provision of services (but not including inpatient hospital services) to persons eligible under this subchapter on a prepaid risk basis prior to 1970.

(B) Each organization shall make the information reported pursuant to subparagraph (A) available to its enrollees upon reasonable request.

(5)(A) If the Secretary determines that an entity with a contract under this subsection—

(i) civil money penalties of not more than $25,000 for each determination under subparagraph (A), or, with respect to a determination under clause (iii) or (iv)(I) of such subparagraph, of not more than $100,000 for each such determination, plus, with respect to a determination under subparagraph (A)(ii), double the excess amount charged in violation of such subparagraph (and the excess amount charged shall be deducted from the penalty and returned to the individual concerned), and plus, with respect to a determination under subparagraph (A)(iii), $15,000 for each individual not enrolled as a result of a practice described in such subparagraph, or

(ii) denial of payment to the State for medical assistance furnished under the contract under this subsection for individuals enrolled after the date the Secretary notifies the organization of a determination under subparagraph (A) and until the Secretary is satisfied that the basis for such determination has been corrected and is not likely to recur.

The provisions of section 1320a–7a of this title (other than subsections (a) and (b)) shall apply to a civil money penalty under clause (i) in the same manner as such provisions apply to a penalty or proceeding under section 1320a–7a(a) of this title.

(6)(A) For purposes of this subsection and section 1396a(e)(2)(A) of this title, in the case of the State of New Jersey, the term "contract" shall be deemed to include an undertaking by the State agency, in the State plan under this subchapter, to operate a program meeting all requirements of this subsection.

(B) The undertaking described in subparagraph (A) must provide—

(i) for the establishment of a separate entity responsible for the operation of a program meeting the requirements of this subsection, which entity may be a subdivision of the State agency administering the State plan under this subchapter;

(ii) for separate accounting for the funds used to operate such program; and

(iii) for setting the capitation rates and any other payment rates for services provided in accordance with this subsection using a methodology satisfactory to the Secretary designed to ensure that total Federal matching payments under this subchapter for such services will be lower than the matching payments that would be made for the same services, if provided under the State plan on a fee for service basis to an actuarially equivalent population.

(C) The undertaking described in subparagraph (A) shall be subject to approval (and annual re-approval) by the Secretary in the same manner as a contract under this subsection.

(D) The undertaking described in subparagraph (A) shall not be eligible for a waiver under section 1396n(b) of this title.

(7) Payment shall be made under this subchapter to a State for expenditures for capitation payments described in section 438.6(e) of title 42, Code of Federal Regulations (or any successor regulation).

(8)(A) The State agency administering the State plan under this subchapter may have reasonable access, as determined by the State, to 1 or more prescription drug monitoring program databases administered or accessed by the State to the extent the State agency is permitted to access such databases under State law.

(B) Such State agency may facilitate reasonable access, as determined by the State, to 1 or more prescription drug monitoring program databases administered or accessed by the State, to same extent that the State agency is permitted under State law to access such databases, for—

(i) any provider enrolled under the State plan to provide services to Medicaid beneficiaries; and

(ii) any managed care entity (as defined under section 1396u–2(a)(1)(B) of this title) that has a contract with the State under this subsection or under section 1396d(t)(3) of this title.

(C) Such State agency may share information in such databases, to the same extent that the State agency is permitted under State law to share information in such databases, with—

(i) any provider enrolled under the State plan to provide services to Medicaid beneficiaries; and

(ii) any managed care entity (as defined under section 1396u–2(a)(1)(B) of this title) that has a contract with the State under this subsection or under section 1396d(t)(3) of this title.

(9)(A) With respect to expenditures described in subparagraph (B) that are incurred by a State for any fiscal year after fiscal year 2020, in determining the pro rata share to which the United States is equitably entitled under subsection (d)(3), the Secretary shall substitute the Federal medical assistance percentage that applies for such fiscal year to the State under section 1396d(b) of this title (without regard to any adjustments to such percentage applicable under such section or any other provision of law) for the percentage that applies to such expenditures under section 1396d(y) of this title.

(B) Expenditures described in this subparagraph, with respect to a fiscal year to which subparagraph (A) applies, are expenditures incurred by a State for payment for medical assistance provided to individuals described in subclause (VIII) of section 1396a(a)(10)(A)(i) of this title by a managed care entity, or other specified entity (as defined in subparagraph (D)(iii)), that are treated as remittances because the State—

(i) has satisfied the requirement of section 438.8 of title 42, Code of Federal Regulations (or any successor regulation), by electing—

(I) in the case of a State described in subparagraph (C), to apply a minimum medical loss ratio (as defined in subparagraph (D)(ii)) that is at least 85 percent but not greater than the minimum medical loss ratio (as so defined) that such State applied as of May 31, 2018; or

(II) in the case of a State not described in subparagraph (C), to apply a minimum medical loss ratio that is equal to 85 percent; and

(ii) recovered all or a portion of the expenditures as a result of the entity's failure to meet such ratio.

(C) For purposes of subparagraph (B), a State described in this subparagraph is a State that as of May 31, 2018, applied a minimum medical loss ratio (as calculated under subsection (d) of section 438.8 of title 42, Code of Federal Regulations (as in effect on June 1, 2018)) for payment for services provided by entities described in such subparagraph under the State plan under this subchapter (or a waiver of the plan) that is equal to or greater than 85 percent.

(D) For purposes of this paragraph:

(i) The term "managed care entity" means a medicaid managed care organization described in section 1396u–2(a)(1)(B)(i) of this title.

(ii) The term "minimum medical loss ratio" means, with respect to a State, a minimum medical loss ratio (as calculated under subsection (d) of section 438.8 of title 42, Code of Federal Regulations (as in effect on June 1, 2018)) for payment for services provided by entities described in subparagraph (B) under the State plan under this subchapter (or a waiver of the plan).

(iii) The term "other specified entity" means—

(I) a prepaid inpatient health plan, as defined in section 438.2 of title 42, Code of Federal Regulations (or any successor regulation); and

(II) a prepaid ambulatory health plan, as defined in such section (or any successor regulation).

(n) Repealed. Pub. L. 100–93, §8(h)(1), Aug. 18, 1987, 101 Stat. 694

(o) Restrictions on authorized payments to States

Notwithstanding the preceding provisions of this section, no payment shall be made to a State under the preceding provisions of this section for expenditures for medical assistance provided for an individual under its State plan approved under this subchapter to the extent that a private insurer (as defined by the Secretary by regulation and including a group health plan (as defined in section 1167(1) of title 29), a service benefit plan, and a health maintenance organization) would have been obligated to provide such assistance but for a provision of its insurance contract which has the effect of limiting or excluding such obligation because the individual is eligible for or is provided medical assistance under the plan.

(p) Assignment of rights of payment; incentive payments for enforcement and collection

(1) When a political subdivision of a State makes, for the State of which it is a political subdivision, or one State makes, for another State, the enforcement and collection of rights of support or payment assigned under section 1396k of this title, pursuant to a cooperative arrangement under such section (either within or outside of such State), there shall be paid to such political subdivision or such other State from amounts which would otherwise represent the Federal share of payments for medical assistance provided to the eligible individuals on whose behalf such enforcement and collection was made, an amount equal to 15 percent of any amount collected which is attributable to such rights of support or payment.

(2) Where more than one jurisdiction is involved in such enforcement or collection, the amount of the incentive payment determined under paragraph (1) shall be allocated among the jurisdictions in a manner to be prescribed by the Secretary.

(q) "State medicaid fraud control unit" defined

For the purposes of this section, the term "State medicaid fraud control unit" means a single identifiable entity of the State government which the Secretary certifies (and annually recertifies) as meeting the following requirements:

(1) The entity (A) is a unit of the office of the State Attorney General or of another department of State government which possesses statewide authority to prosecute individuals for criminal violations, (B) is in a State the constitution of which does not provide for the criminal prosecution of individuals by a statewide authority and has formal procedures, approved by the Secretary, that (i) assure its referral of suspected criminal violations relating to the program under this subchapter to the appropriate authority or authorities in the State for prosecution and (ii) assure its assistance of, and coordination with, such authority or authorities in such prosecutions, or (C) has a formal working relationship with the office of the State Attorney General and has formal procedures (including procedures for its referral of suspected criminal violations to such office) which are approved by the Secretary and which provide effective coordination of activities between the entity and such office with respect to the detection, investigation, and prosecution of suspected criminal violations relating to the program under this subchapter.

(2) The entity is separate and distinct from the single State agency that administers or supervises the administration of the State plan under this subchapter.

(3) The entity's function is conducting a statewide program for the investigation and prosecution of violations of all applicable State laws regarding any and all aspects of fraud in connection with (A) any aspect of the provision of medical assistance and the activities of providers of such assistance under the State plan under this subchapter; and (B) upon the approval of the Inspector General of the relevant Federal agency, any aspect of the provision of health care services and activities of providers of such services under any Federal health care program (as defined in section 1320a–7b(f)(1) of this title), if the suspected fraud or violation of law in such case or investigation is primarily related to the State plan under this subchapter.

(4)(A) The entity has—

(i) procedures for reviewing complaints of abuse or neglect of patients in health care facilities which receive payments under the State plan under this subchapter;

(ii) at the option of the entity, procedures for reviewing complaints of abuse or neglect of patients residing in board and care facilities and of patients (who are receiving medical assistance under the State plan under this subchapter (or waiver of such plan)) in a

noninstitutional or other setting; and

(iii) procedures for acting upon such complaints under the criminal laws of the State or for referring such complaints to other State agencies for action.

(B) For purposes of this paragraph, the term "board and care facility" means a residential setting which receives payment (regardless of whether such payment is made under the State plan under this subchapter) from or on behalf of two or more unrelated adults who reside in such facility, and for whom one or both of the following is provided:

(i) Nursing care services provided by, or under the supervision of, a registered nurse, licensed practical nurse, or licensed nursing assistant.

(ii) A substantial amount of personal care services that assist residents with the activities of daily living, including personal hygiene, dressing, bathing, eating, toileting, ambulation, transfer, positioning, self-medication, body care, travel to medical services, essential shopping, meal preparation, laundry, and housework.

(5) The entity provides for the collection, or referral for collection to a single State agency, of overpayments that are made under the State plan or under any Federal health care program (as so defined) to health care facilities and that are discovered by the entity in carrying out its activities. All funds collected in accordance with this paragraph shall be credited exclusively to, and available for expenditure under, the Federal health care program (including the State plan under this subchapter) that was subject to the activity that was the basis for the collection.

(6) The entity employs such auditors, attorneys, investigators, and other necessary personnel and is organized in such a manner as is necessary to promote the effective and efficient conduct of the entity's activities.

(7) The entity submits to the Secretary an application and annual reports containing such information as the Secretary determines, by regulation, to be necessary to determine whether the entity meets the other requirements of this subsection.

(r) Mechanized claims processing and information retrieval systems; operational, etc., requirements

(1) In order to receive payments under subsection (a) for use of automated data systems in administration of the State plan under this subchapter, a State must, in addition to meeting the requirements of paragraph (3), have in operation mechanized claims processing and information retrieval systems that meet the requirements of this subsection and that the Secretary has found—

(A) are adequate to provide efficient, economical, and effective administration of such State plan;

(B) are compatible with the claims processing and information retrieval systems used in the administration of subchapter XVIII, and for this purpose—

(i) have a uniform identification coding system for providers, other payees, and beneficiaries under this subchapter or subchapter XVIII;

(ii) provide liaison between States and carriers and intermediaries with agreements under subchapter XVIII to facilitate timely exchange of appropriate data;

(iii) provide for exchange of data between the States and the Secretary with respect to persons sanctioned under this subchapter or subchapter XVIII; and

(iv) effective for claims filed on or after October 1, 2010, incorporate compatible methodologies of the National Correct Coding Initiative administered by the Secretary (or any successor initiative to promote correct coding and to control improper coding leading to inappropriate payment) and such other methodologies of that Initiative (or such other national correct coding methodologies) as the Secretary identifies in accordance with paragraph (4);

(C) are capable of providing accurate and timely data;

(D) are complying with the applicable provisions of part C of subchapter XI;

(E) are designed to receive provider claims in standard formats to the extent specified by the Secretary; and

(F) effective for claims filed on or after January 1, 1999, provide for electronic transmission of claims data in the format specified by the Secretary and consistent with the Medicaid Statistical Information System (MSIS) (including detailed individual enrollee encounter data and other information that the Secretary may find necessary and including, for data submitted to the Secretary on or after January 1, 2010, data elements from the automated data system that the Secretary determines to be necessary for program integrity, program oversight, and administration, at such frequency as the Secretary shall determine).

(2) In order to meet the requirements of this paragraph, mechanized claims processing and information retrieval systems must meet the following requirements:

(A) The systems must be capable of developing provider, physician, and patient profiles which are sufficient to provide specific information as to the use of covered types of services and items, including prescribed drugs.

(B) The State must provide that information on probable fraud or abuse which is obtained from, or developed by, the systems, is made available to the State's medicaid fraud control unit (if any) certified under subsection (q) of this section.

(C) The systems must meet all performance standards and other requirements for initial approval developed by the Secretary.

(3)(A) In order to meet the requirements of this paragraph, a State must have in operation an eligibility determination system which provides for data matching through—

(i) the Public Assistance Reporting Information System (PARIS) facilitated by the Secretary (or any successor system), including matching with medical assistance programs operated by other States; and

(ii) beginning October 1, 2029, the system established by the Secretary under section 1396a(uu) of this title.

(B) Beginning October 1, 2029, the Secretary may determine that a State is not required to have in operation an eligibility determination system which provides for data matching (for purposes of address verification under section 1396a(vv) of this title) through the system described in subparagraph (A)(i) to meet the requirements of this paragraph.

(4) For purposes of paragraph (1)(B)(iv), the Secretary shall do the following:

(A) Not later than September 1, 2010:

(i) Identify those methodologies of the National Correct Coding Initiative administered by the Secretary (or any successor initiative to promote correct coding and to control improper coding leading to inappropriate payment) which are compatible to claims filed under this subchapter.

(ii) Identify those methodologies of such Initiative (or such other national correct coding methodologies) that should be incorporated into claims filed under this subchapter with respect to items or services for which States provide medical assistance under this subchapter and no national correct coding methodologies have been established under such Initiative with respect to subchapter XVIII.

(iii) Notify States of—

(I) the methodologies identified under subparagraphs (A) and (B) (and of any other national correct coding methodologies identified under subparagraph (B)); and

(II) how States are to incorporate such methodologies into claims filed under this subchapter.

(B) Not later than March 1, 2011, submit a report to Congress that includes the notice to States under clause (iii) of subparagraph (A) and an analysis supporting the identification of the methodologies made under clauses (i) and (ii) of subparagraph (A).

(s) Limitations on certain physician referrals

Notwithstanding the preceding provisions of this section, no payment shall be made to a State under this section for expenditures for medical assistance under the State plan consisting of a

designated health service (as defined in subsection (h)(6) of section 1395nn of this title) furnished to an individual on the basis of a referral that would result in the denial of payment for the service under subchapter XVIII if such subchapter provided for coverage of such service to the same extent and under the same terms and conditions as under the State plan, and subsections (f) and (g)(5) of such section shall apply to a provider of such a designated health service for which payment may be made under this subchapter in the same manner as such subsections apply to a provider of such a service for which payment may be made under such subchapter.

(t) Payments to encourage adoption and use of certified EHR technology

(1) For purposes of subsection (a)(3)(F), the payments described in this paragraph to encourage the adoption and use of certified EHR technology are payments made by the State in accordance with this subsection—

(A) to Medicaid providers described in paragraph (2)(A) not in excess of 85 percent of net average allowable costs (as defined in paragraph (3)(E)) for certified EHR technology (and support services including maintenance and training that is for, or is necessary for the adoption and operation of, such technology) with respect to such providers; and

(B) to Medicaid providers described in paragraph (2)(B) not in excess of the maximum amount permitted under paragraph (5) for the provider involved.

(2) In this subsection and subsection (a)(3)(F), the term "Medicaid provider" means—

(A) an eligible professional (as defined in paragraph (3)(B))—

(i) who is not hospital-based and has at least 30 percent of the professional's patient volume (as estimated in accordance with a methodology established by the Secretary) attributable to individuals who are receiving medical assistance under this subchapter;

(ii) who is not described in clause (i), who is a pediatrician, who is not hospital-based, and who has at least 20 percent of the professional's patient volume (as estimated in accordance with a methodology established by the Secretary) attributable to individuals who are receiving medical assistance under this subchapter; and

(iii) who practices predominantly in a Federally qualified health center or rural health clinic and has at least 30 percent of the professional's patient volume (as estimated in accordance with a methodology established by the Secretary) attributable to needy individuals (as defined in paragraph (3)(F)); and

(B)(i) a children's hospital, or

(ii) an acute-care hospital that is not described in clause (i) and that has at least 10 percent of the hospital's patient volume (as estimated in accordance with a methodology established by the Secretary) attributable to individuals who are receiving medical assistance under this subchapter.

An eligible professional shall not qualify as a Medicaid provider under this subsection unless any right to payment under sections 1395w–4(o) and 1395w–23(l) of this title with respect to the eligible professional has been waived in a manner specified by the Secretary. For purposes of calculating patient volume under subparagraph (A)(iii), insofar as it is related to uncompensated care, the Secretary may require the adjustment of such uncompensated care data so that it would be an appropriate proxy for charity care, including a downward adjustment to eliminate bad debt data from uncompensated care. In applying subparagraphs (A) and (B)(ii), the methodology established by the Secretary for patient volume shall include individuals enrolled in a Medicaid managed care plan (under subsection (m) or section 1396u–2 of this title).

(3) In this subsection and subsection (a)(3)(F):

(A) The term "certified EHR technology" means a qualified electronic health record (as defined in [9] 300jj(13) of this title) that is certified pursuant to section 300jj–11(c)(5) of this title as meeting standards adopted under section 300jj–14 of this title that are applicable to the type of record involved (as determined by the Secretary, such as an ambulatory electronic health record for office-based physicians or an inpatient hospital electronic health record for hospitals).

(B) The term "eligible professional" means a—

(i) physician;

(ii) dentist;

(iii) certified nurse mid-wife;

(iv) nurse practitioner; and

(v) physician assistant insofar as the assistant is practicing in a rural health clinic that is led by a physician assistant or is practicing in a Federally qualified health center that is so led.

(C) The term "average allowable costs" means, with respect to certified EHR technology of Medicaid providers described in paragraph (2)(A) for—

(i) the first year of payment with respect to such a provider, the average costs for the purchase and initial implementation or upgrade of such technology (and support services including training that is for, or is necessary for the adoption and initial operation of, such technology) for such providers, as determined by the Secretary based upon studies conducted under paragraph (4)(C); and

(ii) a subsequent year of payment with respect to such a provider, the average costs not described in clause (i) relating to the operation, maintenance, and use of such technology for such providers, as determined by the Secretary based upon studies conducted under paragraph (4)(C).

(D) The term "hospital-based" means, with respect to an eligible professional, a professional (such as a pathologist, anesthesiologist, or emergency physician) who furnishes substantially all of the individual's professional services in a hospital inpatient or emergency room setting and through the use of the facilities and equipment, including qualified electronic health records, of the hospital. The determination of whether an eligible professional is a hospital-based eligible professional shall be made on the basis of the site of service (as defined by the Secretary) and without regard to any employment or billing arrangement between the eligible professional and any other provider.

(E) The term "net average allowable costs" means, with respect to a Medicaid provider described in paragraph (2)(A), average allowable costs reduced by the average payment the Secretary estimates will be made to such Medicaid providers (determined on a percentage or other basis for such classes or types of providers as the Secretary may specify) from other sources (other than under this subsection, or by the Federal government or a State or local government) that is directly attributable to payment for certified EHR technology or support services described in subparagraph (C).

(F) The term "needy individual" means, with respect to a Medicaid provider, an individual—

(i) who is receiving assistance under this subchapter;

(ii) who is receiving assistance under subchapter XXI;

(iii) who is furnished uncompensated care by the provider; or

(iv) for whom charges are reduced by the provider on a sliding scale basis based on an individual's ability to pay.

(4)(A) With respect to a Medicaid provider described in paragraph (2)(A), subject to subparagraph (B), in no case shall—

(i) the net average allowable costs under this subsection for the first year of payment (which may not be later than 2016), which is intended to cover the costs described in paragraph (3)(C)(i), exceed $25,000 (or such lesser amount as the Secretary determines based on studies conducted under subparagraph (C));

(ii) the net average allowable costs under this subsection for a subsequent year of payment, which is intended to cover costs described in paragraph (3)(C)(ii), exceed $10,000; and

(iii) payments be made for costs described in clause (ii) after 2021 or over a period of longer than 5 years.

(B) In the case of Medicaid [10] provider described in paragraph (2)(A)(ii), the dollar amounts specified in subparagraph (A) shall be 2/3 of the dollar amounts otherwise specified.

(C) For the purposes of determining average allowable costs under this subsection, the Secretary shall study the average costs to Medicaid providers described in paragraph (2)(A) of purchase and initial implementation and upgrade of certified EHR technology described in paragraph (3)(C)(i) and the average costs to such providers of operations, maintenance, and use of such technology described in paragraph (3)(C)(ii). In determining such costs for such providers, the Secretary may utilize studies of such amounts submitted by States.

(5)(A) In no case shall the payments described in paragraph (1)(B) with respect to a Medicaid provider described in paragraph (2)(B) exceed—

(i) in the aggregate the product of—

(I) the overall hospital EHR amount for the provider computed under subparagraph (B); and

(II) the Medicaid share for such provider computed under subparagraph (C);

(ii) in any year 50 percent of the product described in clause (i); and

(iii) in any 2-year period 90 percent of such product.

(B) For purposes of this paragraph, the overall hospital EHR amount, with respect to a Medicaid provider, is the sum of the applicable amounts specified in section 1395ww(n)(2)(A) of this title for such provider for the first 4 payment years (as estimated by the Secretary) determined as if the Medicare share specified in clause (ii) of such section were 1. The Secretary shall establish, in consultation with the State, the overall hospital EHR amount for each such Medicaid provider eligible for payments under paragraph (1)(B). For purposes of this subparagraph in computing the amounts under section 1395ww(n)(2)(C) of this title for payment years after the first payment year, the Secretary shall assume that in subsequent payment years discharges increase at the average annual rate of growth of the most recent 3 years for which discharge data are available per year.

(C) The Medicaid share computed under this subparagraph, for a Medicaid provider for a period specified by the Secretary, shall be calculated in the same manner as the Medicare share under section 1395ww(n)(2)(D) of this title for such a hospital and period, except that there shall be substituted for the numerator under clause (i) of such section the amount that is equal to the number of inpatient-bed-days (as established by the Secretary) which are attributable to individuals who are receiving medical assistance under this subchapter and who are not described in section 1395ww(n)(2)(D)(i) of this title. In computing inpatient-bed-days under the previous sentence, the Secretary shall take into account inpatient-bed-days attributable to inpatient-bed-days that are paid for individuals enrolled in a Medicaid managed care plan (under subsection (m) or section 1396u–2 of this title).

(D) In no case may the payments described in paragraph (1)(B) with respect to a Medicaid provider described in paragraph (2)(B) be paid—

(i) for any year beginning after 2016 unless the provider has been provided payment under paragraph (1)(B) for the previous year; and

(ii) over a period of more than 6 years of payment.

(6) Payments described in paragraph (1) are not in accordance with this subsection unless the following requirements are met:

(A)(i) The State provides assurances satisfactory to the Secretary that amounts received under subsection (a)(3)(F) with respect to payments to a Medicaid provider are paid, subject to clause (ii), directly to such provider (or to an employer or facility to which such provider has assigned payments) without any deduction or rebate.

(ii) Amounts described in clause (i) may also be paid to an entity promoting the adoption of certified EHR technology, as designated by the State, if participation in such a payment arrangement is voluntary for the eligible professional involved and if such entity does not retain

more than 5 percent of such payments for costs not related to certified EHR technology (and support services including maintenance and training) that is for, or is necessary for the operation of, such technology.

(B) A Medicaid provider described in paragraph (2)(A) is responsible for payment of the remaining 15 percent of the net average allowable cost and shall be determined to have met such responsibility to the extent that the payment to the Medicaid provider is not in excess of 85 percent of the net average allowable cost.

(C)(i) Subject to clause (ii), with respect to payments to a Medicaid provider—

(I) for the first year of payment to the Medicaid provider under this subsection, the Medicaid provider demonstrates that it is engaged in efforts to adopt, implement, or upgrade certified EHR technology; and

(II) for a year of payment, other than the first year of payment to the Medicaid provider under this subsection, the Medicaid provider demonstrates meaningful use of certified EHR technology through a means that is approved by the State and acceptable to the Secretary, and that may be based upon the methodologies applied under section 1395w–4(o) or 1395ww(n) of this title.

(ii) In the case of a Medicaid provider who has completed adopting, implementing, or upgrading such technology prior to the first year of payment to the Medicaid provider under this subsection, clause (i)(I) shall not apply and clause (i)(II) shall apply to each year of payment to the Medicaid provider under this subsection, including the first year of payment.

(D) To the extent specified by the Secretary, the certified EHR technology is compatible with State or Federal administrative management systems.

For purposes of subparagraph (B), a Medicaid provider described in paragraph (2)(A) may accept payments for the costs described in such subparagraph from a State or local government. For purposes of subparagraph (C), in establishing the means described in such subparagraph, which may include clinical quality reporting to the State, the State shall ensure that populations with unique needs, such as children, are appropriately addressed.

(7) With respect to Medicaid providers described in paragraph (2)(A), the Secretary shall ensure coordination of payment with respect to such providers under sections 1395w–4(o) and 1395w–23(l) of this title and under this subsection to assure no duplication of funding. Such coordination shall include, to the extent practicable, a data matching process between State Medicaid agencies and the Centers for Medicare & Medicaid Services using national provider identifiers. For such purposes, the Secretary may require the submission of such data relating to payments to such Medicaid providers as the Secretary may specify.

(8) In carrying out paragraph (6)(C), the State and Secretary shall seek, to the maximum extent practicable, to avoid duplicative requirements from Federal and State governments to demonstrate meaningful use of certified EHR technology under this subchapter and subchapter XVIII. In doing so, the Secretary may deem satisfaction of requirements for such meaningful use for a payment year under subchapter XVIII to be sufficient to qualify as meaningful use under this subsection. The Secretary may also specify the reporting periods under this subsection in order to carry out this paragraph.

(9) In order to be provided Federal financial participation under subsection (a)(3)(F)(ii), a State must demonstrate to the satisfaction of the Secretary, that the State—

(A) is using the funds provided for the purposes of administering payments under this subsection, including tracking of meaningful use by Medicaid providers;

(B) is conducting adequate oversight of the program under this subsection, including routine tracking of meaningful use attestations and reporting mechanisms; and

(C) is pursuing initiatives to encourage the adoption of certified EHR technology to promote health care quality and the exchange of health care information under this subchapter, subject to applicable laws and regulations governing such exchange.

(10) The Secretary shall periodically submit reports to the Committee on Energy and Commerce of the House of Representatives and the Committee on Finance of the Senate on status, progress, and oversight of payments described in paragraph (1), including steps taken to carry out paragraph (7). Such reports shall also describe the extent of adoption of certified EHR technology among Medicaid providers resulting from the provisions of this subsection and any improvements in health outcomes, clinical quality, or efficiency resulting from such adoption.

(u) Limitation of Federal financial participation in erroneous medical assistance expenditures

(1)(A) Notwithstanding subsection (a)(1), if the ratio of a State's erroneous excess payments for medical assistance (as defined in subparagraph (D)) to its total expenditures for medical assistance under the State plan approved under this subchapter exceeds 0.03, for the period consisting of the third and fourth quarters of fiscal year 1983, or for any full fiscal year thereafter, then the Secretary shall make no payment for such period or fiscal year with respect to so much of such erroneous excess payments as exceeds such allowable error rate of 0.03.

(B) The Secretary may waive, in certain limited cases, all or part of the reduction required under subparagraph (A) with respect to any State if such State is unable to reach the allowable error rate for a period or fiscal year despite a good faith effort by such State.

(C) In estimating the amount to be paid to a State under subsection (d), the Secretary shall take into consideration the limitation on Federal financial participation imposed by subparagraph (A) and shall reduce the estimate he makes under subsection (d)(1), for purposes of payment to the State under subsection (d)(3), in light of any expected erroneous excess payments for medical assistance (estimated in accordance with such criteria, including sampling procedures, as he may prescribe and subject to subsequent adjustment, if necessary, under subsection (d)(2)).

(D)(i) For purposes of this subsection, the term "erroneous excess payments for medical assistance" means the total of—

(I) payments under the State plan with respect to ineligible individuals and families, and

(II) overpayments on behalf of eligible individuals and families by reason of error in determining the amount of expenditures for medical care required of an individual or family as a condition of eligibility.

(ii) In determining the amount of erroneous excess payments for medical assistance to an ineligible individual or family under clause (i)(I), if such ineligibility is the result of an error in determining the amount of the resources of such individual or family, the amount of the erroneous excess payment shall be the smaller of (I) the amount of the payment with respect to such individual or family, or (II) the difference between the actual amount of such resources and the allowable resource level established under the State plan.

(iii) In determining the amount of erroneous excess payments for medical assistance to an individual or family under clause (i)(II), the amount of the erroneous excess payment shall be the smaller of (I) the amount of the payment on behalf of the individual or family, or (II) the difference between the actual amount incurred for medical care by the individual or family and the amount which should have been incurred in order to establish eligibility for medical assistance.

(iv) In determining the amount of erroneous excess payments, there shall not be included any error resulting from a failure of an individual to cooperate or give correct information with respect to third-party liability as required under section 1396k(a)(1)(C) or 602(a)(26)(C) [4] of this title or with respect to payments made in violation of section 1396e of this title.

(v) In determining the amount of erroneous excess payments, there shall not be included any erroneous payments made for ambulatory prenatal care provided during a presumptive eligibility period (as defined in section 1396r–1(b)(1) of this title), for items and services described in subsection (a) of section 1396r–1a of this title provided to a child during a presumptive eligibility period under such section, for medical assistance provided to an individual described in subsection (a) of section 1396r–1b of this title during a presumptive eligibility period under such section, or [11] for medical assistance provided to an individual described in subsection (a) of section 1396r–1c of this title during a presumptive eligibility period under such section, or for medical assistance

provided to an individual during a presumptive eligibility period resulting from a determination of presumptive eligibility made by a hospital that elects under section 1396a(a)(47)(B) of this title to be a qualified entity for such purpose.

(E) For purposes of subparagraph (D), there shall be excluded, in determining both erroneous excess payments for medical assistance and total expenditures for medical assistance—

(i) payments with respect to any individual whose eligibility therefor was determined exclusively by the Secretary under an agreement pursuant to section 1383c of this title and such other classes of individuals as the Secretary may by regulation prescribe whose eligibility was determined in part under such an agreement; and

(ii) payments made as the result of a technical error.

(2) The State agency administering the plan approved under this subchapter shall, at such times and in such form as the Secretary may specify, provide information on the rates of erroneous excess payments made (or expected, with respect to future periods specified by the Secretary) in connection with its administration of such plan, together with any other data he requests that are reasonably necessary for him to carry out the provisions of this subsection.

(3)(A) If a State fails to cooperate with the Secretary in providing information necessary to carry out this subsection, the Secretary, directly or through contractual or such other arrangements as he may find appropriate, shall establish the error rates for that State on the basis of the best data reasonably available to him and in accordance with such techniques for sampling and estimating as he finds appropriate.

(B) In any case in which it is necessary for the Secretary to exercise his authority under subparagraph (A) to determine a State's error rates for a fiscal year, the amount that would otherwise be payable to such State under this subchapter for quarters in such year shall be reduced by the costs incurred by the Secretary in making (directly or otherwise) such determination.

(4) This subsection shall not apply with respect to Puerto Rico, Guam, the Virgin Islands, the Northern Mariana Islands, or American Samoa.

(v) Medical assistance to aliens not lawfully admitted for permanent residence

(1) Notwithstanding the preceding provisions of this section, except as provided in paragraphs (2), (4), and (5), no payment may be made to a State under this section for medical assistance furnished to an alien who is not lawfully admitted for permanent residence or otherwise permanently residing in the United States under color of law.

(2) Payment shall be made under this section for care and services that are furnished to an alien described in paragraph (1) only if—

(A) such care and services are necessary for the treatment of an emergency medical condition of the alien,

(B) such alien otherwise meets the eligibility requirements for medical assistance under the State plan approved under this subchapter (other than the requirement of the receipt of aid or assistance under subchapter IV, supplemental security income benefits under subchapter XVI, or a State supplementary payment), and

(C) such care and services are not related to an organ transplant procedure.

(3) For purposes of this subsection, the term "emergency medical condition" means a medical condition (including emergency labor and delivery) manifesting itself by acute symptoms of sufficient severity (including severe pain) such that the absence of immediate medical attention could reasonably be expected to result in—

(A) placing the patient's health in serious jeopardy,

(B) serious impairment to bodily functions, or

(C) serious dysfunction of any bodily organ or part.

(4)(A) A State may elect (in a plan amendment under this subchapter) to provide medical assistance under this subchapter, notwithstanding sections 1611(a), 1612(b), 1613, and 1631 of title 8, to children and pregnant women who are lawfully residing in the United States (including battered

individuals described in section 1641(c) of title 8) and who are otherwise eligible for such assistance, within either or both of the following eligibility categories:

(i) Pregnant women

Women during pregnancy (and during the 60-day period beginning on the last day of the pregnancy).

(ii) Children

Individuals under 21 years of age, including optional targeted low-income children described in section 1396d(u)(2)(B) of this title.

(B) In the case of a State that has elected to provide medical assistance to a category of aliens under subparagraph (A), no debt shall accrue under an affidavit of support against any sponsor of such an alien on the basis of provision of assistance to such category and the cost of such assistance shall not be considered as an unreimbursed cost.

(C) As part of the State's ongoing eligibility redetermination requirements and procedures for an individual provided medical assistance as a result of an election by the State under subparagraph (A), a State shall verify that the individual continues to lawfully reside in the United States using the documentation presented to the State by the individual on initial enrollment. If the State cannot successfully verify that the individual is lawfully residing in the United States in this manner, it shall require that the individual provide the State with further documentation or other evidence to verify that the individual is lawfully residing in the United States.

(5) Notwithstanding the preceding paragraphs of this subsection, beginning on October 1, 2026, except as provided in paragraphs (2) and (4), in no event shall payment be made to a State under this section for medical assistance furnished to an individual unless such individual is—

(A) a resident of 1 of the 50 States, the District of Columbia, or a territory of the United States; and

(B) either—

(i) a citizen or national of the United States;

(ii) an alien lawfully admitted for permanent residence as an immigrant as defined by sections 1101(a)(15) and 1101(a)(20) of title 8, excluding, among others, alien visitors, tourists, diplomats, and students who enter the United States temporarily with no intention of abandoning their residence in a foreign country;

(iii) an alien who has been granted the status of Cuban and Haitian entrant, as defined in section 501(e) of the Refugee Education Assistance Act of 1980 (Public Law 96–422); or

(iv) an individual who lawfully resides in the United States in accordance with a Compact of Free Association referred to in section 1612(b)(2)(G) of title 8.

(w) Prohibition on use of voluntary contributions, and limitation on use of provider-specific taxes to obtain Federal financial participation under medicaid

(1)(A) Notwithstanding the previous provisions of this section, for purposes of determining the amount to be paid to a State (as defined in paragraph (7)(D)) under subsection (a)(1) for quarters in any fiscal year, the total amount expended during such fiscal year as medical assistance under the State plan (as determined without regard to this subsection) shall be reduced by the sum of any revenues received by the State (or by a unit of local government in the State) during the fiscal year—

(i) from provider-related donations (as defined in paragraph (2)(A)), other than—

(I) bona fide provider-related donations (as defined in paragraph (2)(B)), and

(II) donations described in paragraph (2)(C);

(ii) from health care related taxes (as defined in paragraph (3)(A)), other than broad-based health care related taxes (as defined in paragraph (3)(B));

(iii) from a broad-based health care related tax, if there is in effect a hold harmless provision (described in paragraph (4)) with respect to the tax; or

(iv) only with respect to State fiscal years (or portions thereof) occurring on or after January 1,

1992, and before October 1, 1995, from broad-based health care related taxes to the extent the amount of such taxes collected exceeds the limit established under paragraph (5).

(B) Notwithstanding the previous provisions of this section, for purposes of determining the amount to be paid to a State under subsection (a)(7) for all quarters in a Federal fiscal year (beginning with fiscal year 1993), the total amount expended during the fiscal year for administrative expenditures under the State plan (as determined without regard to this subsection) shall be reduced by the sum of any revenues received by the State (or by a unit of local government in the State) during such quarters from donations described in paragraph (2)(C), to the extent the amount of such donations exceeds 10 percent of the amounts expended under the State plan under this subchapter during the fiscal year for purposes described in paragraphs (2), (3), (4), (6), and (7) of subsection (a).

(C)(i) Except as otherwise provided in clause (ii), subparagraph (A)(i) shall apply to donations received on or after January 1, 1992.

(ii) Subject to the limits described in clause (iii) and subparagraph (E), subparagraph (A)(i) shall not apply to donations received before the effective date specified in subparagraph (F) if such donations are received under programs in effect or as described in State plan amendments or related documents submitted to the Secretary by September 30, 1991, and applicable to State fiscal year 1992, as demonstrated by State plan amendments, written agreements, State budget documentation, or other documentary evidence in existence on that date.

(iii) In applying clause (ii) in the case of donations received in State fiscal year 1993, the maximum amount of such donations to which such clause may be applied may not exceed the total amount of such donations received in the corresponding period in State fiscal year 1992 (or not later than 5 days after the last day of the corresponding period).

(D)(i) Except as otherwise provided in clause (ii), subparagraphs (A)(ii) and (A)(iii) shall apply to taxes received on or after January 1, 1992.

(ii) Subparagraphs (A)(ii) and (A)(iii) shall not apply to impermissible taxes (as defined in clause (iii)) received before the effective date specified in subparagraph (F) to the extent the taxes (including the tax rate or base) were in effect, or the legislation or regulations imposing such taxes were enacted or adopted, as of November 22, 1991.

(iii) In this subparagraph and subparagraph (E), the term "impermissible tax" means a health care related tax for which a reduction may be made under clause (ii) or (iii) of subparagraph (A).

(E)(i) In no case may the total amount of donations and taxes permitted under the exception provided in subparagraphs (C)(ii) and (D)(ii) for the portion of State fiscal year 1992 occurring during calendar year 1992 exceed the limit under paragraph (5) minus the total amount of broad-based health care related taxes received in the portion of that fiscal year.

(ii) In no case may the total amount of donations and taxes permitted under the exception provided in subparagraphs (C)(ii) and (D)(ii) for State fiscal year 1993 exceed the limit under paragraph (5) minus the total amount of broad-based health care related taxes received in that fiscal year.

(F) In this paragraph in the case of a State—

(i) except as provided in clause (iii), with a State fiscal year beginning on or before July 1, the effective date is October 1, 1992,

(ii) except as provided in clause (iii), with a State fiscal year that begins after July 1, the effective date is January 1, 1993, or

(iii) with a State legislature which is not scheduled to have a regular legislative session in 1992, with a State legislature which is not scheduled to have a regular legislative session in 1993, or with a provider-specific tax enacted on November 4, 1991, the effective date is July 1, 1993.

(2)(A) In this subsection (except as provided in paragraph (6)), the term "provider-related donation" means any donation or other voluntary payment (whether in cash or in kind) made (directly or indirectly) to a State or unit of local government by—

(i) a health care provider (as defined in paragraph (7)(B)),

(ii) an entity related to a health care provider (as defined in paragraph (7)(C)), or

(iii) an entity providing goods or services under the State plan for which payment is made to the

State under paragraph (2), (3), (4), (6), or (7) of subsection (a).

(B) For purposes of paragraph (1)(A)(i)(I), the term "bona fide provider-related donation" means a provider-related donation that has no direct or indirect relationship (as determined by the Secretary) to payments made under this subchapter to that provider, to providers furnishing the same class of items and services as that provider, or to any related entity, as established by the State to the satisfaction of the Secretary. The Secretary may by regulation specify types of provider-related donations described in the previous sentence that will be considered to be bona fide provider-related donations.

(C) For purposes of paragraph (1)(A)(i)(II), donations described in this subparagraph are funds expended by a hospital, clinic, or similar entity for the direct cost (including costs of training and of preparing and distributing outreach materials) of State or local agency personnel who are stationed at the hospital, clinic, or entity to determine the eligibility of individuals for medical assistance under this subchapter and to provide outreach services to eligible or potentially eligible individuals.

(3)(A) In this subsection (except as provided in paragraph (6)), the term "health care related tax" means a tax (as defined in paragraph (7)(F)) that—

(i) is related to health care items or services, or to the provision of, the authority to provide, or payment for, such items or services, or

(ii) is not limited to such items or services but provides for treatment of individuals or entities that are providing or paying for such items or services that is different from the treatment provided to other individuals or entities.

In applying clause (i), a tax is considered to relate to health care items or services if at least 85 percent of the burden of such tax falls on health care providers.

(B) In this subsection, the term "broad-based health care related tax" means a health care related tax which is imposed with respect to a class of health care items or services (as described in paragraph (7)(A)) or with respect to providers of such items or services and which, except as provided in subparagraphs (D), (E), and (F)—

(i) is imposed at least with respect to all items or services in the class furnished by all non-Federal, nonpublic providers in the State (or, in the case of a tax imposed by a unit of local government, the area over which the unit has jurisdiction) or is imposed with respect to all non-Federal, nonpublic providers in the class; and

(ii) is imposed uniformly (in accordance with subparagraph (C)).

(C)(i) Subject to clause (ii), for purposes of subparagraph (B)(ii), a tax is considered to be imposed uniformly if—

(I) in the case of a tax consisting of a licensing fee or similar tax on a class of health care items or services (or providers of such items or services), the amount of the tax imposed is the same for every provider providing items or services within the class;

(II) in the case of a tax consisting of a licensing fee or similar tax imposed on a class of health care items or services (or providers of such services) on the basis of the number of beds (licensed or otherwise) of the provider, the amount of the tax is the same for each bed of each provider of such items or services in the class;

(III) in the case of a tax based on revenues or receipts with respect to a class of items or services (or providers of items or services) the tax is imposed at a uniform rate for all items and services (or providers of such items or services) in the class on all the gross revenues or receipts, or net operating revenues, relating to the provision of all such items or services (or all such providers) in the State (or, in the case of a tax imposed by a unit of local government within the State, in the area over which the unit has jurisdiction); or

(IV) in the case of any other tax, the State establishes to the satisfaction of the Secretary that the tax is imposed uniformly.

(ii) Subject to subparagraphs (D) and (E), a tax imposed with respect to a class of health care items

and services is not considered to be imposed uniformly if the tax provides for any credits, exclusions, or deductions which have as their purpose or effect the return to providers of all or a portion of the tax paid in a manner that is inconsistent with subclauses (I) and (II) of subparagraph (E)(ii) or provides for a hold harmless provision described in paragraph (4).

(D) A tax imposed with respect to a class of health care items and services is considered to be imposed uniformly—

(i) notwithstanding that the tax is not imposed with respect to items or services (or the providers thereof) for which payment is made under a State plan under this subchapter or subchapter XVIII, or

(ii) in the case of a tax described in subparagraph (C)(i)(III), notwithstanding that the tax provides for exclusion (in whole or in part) of revenues or receipts from a State plan under this subchapter or subchapter XVIII.

(E)(i) A State may submit an application to the Secretary requesting that the Secretary treat a tax as a broad-based health care related tax, notwithstanding that the tax does not apply to all health care items or services in class (or all providers of such items and services), provides for a credit, deduction, or exclusion, is not applied uniformly, or otherwise does not meet the requirements of subparagraph (B) or (C). Permissible waivers may include exemptions for rural or sole-community providers.

(ii) The Secretary shall approve such an application if the State establishes to the satisfaction of the Secretary that—

(I) the net impact of the tax and associated expenditures under this subchapter as proposed by the State is generally redistributive in nature, and

(II) the amount of the tax is not directly correlated to payments under this subchapter for items or services with respect to which the tax is imposed.

(iii) For purposes of clause (ii)(I), a tax is not considered to be generally redistributive if any of the following conditions apply:

(I) Within a permissible class, the tax rate imposed on any taxpayer or tax rate group (as defined in paragraph (7)(J)) explicitly defined by its relatively lower volume or percentage of Medicaid taxable units (as defined in paragraph (7)(H)) is lower than the tax rate imposed on any other taxpayer or tax rate group explicitly defined by its relatively higher volume or percentage of Medicaid taxable units.

(II) Within a permissible class, the tax rate imposed on any taxpayer or tax rate group (as so defined) based upon its Medicaid taxable units (as so defined) is higher than the tax rate imposed on any taxpayer or tax rate group based upon its non-Medicaid taxable unit (as defined in paragraph (7)(I)).

(III) The tax excludes or imposes a lower tax rate on a taxpayer or tax rate group (as so defined) based on or defined by any description that results in the same effect as described in subclause (I) or (II) for a taxpayer or tax rate group. Characteristics that may indicate such type of exclusion include the use of terminology to establish a tax rate group—

(aa) based on payments or expenditures made under the program under this subchapter without mentioning the term "Medicaid" (or any similar term) to accomplish the same effect as described in subclause (I) or (II); or

(bb) that closely approximates a taxpayer or tax rate group under the program under this subchapter, to the same effect as described in subclause (I) or (II).

The Secretary shall by regulation specify types of credits, exclusions, and deductions that will be considered to meet the requirements of this subparagraph.

(F) In no case shall a tax not qualify as a broad-based health care related tax under this paragraph because it does not apply to a hospital that is described in section 501(c)(3) of the Internal Revenue Code of 1986 and exempt from taxation under section 501(a) of such Code and that does not accept payment under the State plan under this subchapter or under subchapter XVIII.

(4) For purposes of paragraph (1)(A)(iii), there is in effect a hold harmless provision with respect to a broad-based health care related tax imposed with respect to a class of items or services if the Secretary determines that any of the following applies:

(A) The State or other unit of government imposing the tax provides (directly or indirectly) for a payment (other than under this subchapter) to taxpayers and the amount of such payment is positively correlated either to the amount of such tax or to the difference between the amount of the tax and the amount of payment under the State plan.

(B) All or any portion of the payment made under this subchapter to the taxpayer varies based only upon the amount of the total tax paid.

(C)(i) The State or other unit of government imposing the tax provides (directly or indirectly) for any payment, offset, or waiver that guarantees to hold taxpayers harmless for any portion of the costs of the tax.

(ii) For purposes of clause (i), a determination of the existence of an indirect guarantee shall be made under paragraph (3)(i) of section 433.68(f) of title 42, Code of Federal Regulations, as in effect on November 1, 2006, except that for portions of fiscal years beginning on or after January 1, 2008, and before October 1, 2011, "5.5 percent" shall be substituted for "6 percent" each place it appears, and for fiscal years beginning on or after October 1, 2026, the applicable percent determined under subparagraph (D) shall be substituted for "6 percent" each place it appears.

(D)(i) For purposes of subparagraph (C)(ii), the applicable percent determined under this subparagraph is—

(I) in the case of a non-expansion State or unit of local government in such State and a class of health care items or services described in section 433.56(a) of title 42, Code of Federal Regulations (as in effect on May 1, 2025)—

(aa) if, on July 4, 2025, the non-expansion State or unit of local government in such State has enacted a tax and imposes such tax on such class and the Secretary determines that the tax is within the hold harmless threshold as of that date, the applicable percent of net patient revenue attributable to such class that has been so determined; and

(bb) if, on July 4, 2025, the non-expansion State or unit of local government in such State has not enacted or does not impose a tax with respect to such class, 0 percent; and

(II) in the case of an expansion State or unit of local government in such State and a class of health care items or services described in section 433.56(a) of title 42, Code of Federal Regulations (as in effect on May 1, 2025), subject to clause (iv)—

(aa) if, on July 4, 2025, the expansion State or unit of local government in such State has enacted a tax and imposes such tax on such class and the Secretary determines that the tax is within the hold harmless threshold as of that date, the lower of—

(AA) the applicable percent of net patient revenue attributable to such class that has been so determined; and

(BB) the applicable percent specified in clause (ii) for the fiscal year; and

(bb) if, on July 4, 2025, the expansion State or unit of local government in such State has not enacted or does not impose a tax with respect to such class, 0 percent.

(ii) For purposes of clause (i)(II)(aa)(BB), the applicable percent is—

(I) for fiscal year 2028, 5.5 percent;

(II) for fiscal year 2029, 5 percent;

(III) for fiscal year 2030, 4.5 percent;

(IV) for fiscal year 2031, 4 percent; and

(V) for fiscal year 2032 and each subsequent fiscal year, 3.5 percent.

(iii) For purposes of clause (i):

(I) Expansion State

The term "expansion State" means a State that, beginning on January 1, 2014, or on any date

thereafter, elects to provide medical assistance to all individuals described in section 1396a(a)(10)(A)(i)(VIII) of this title under the State plan under this subchapter or under a waiver of such plan.

(II) Non-expansion State

The term "non-expansion State" means a State that is not an expansion State.

(iv) In the case of a tax of an expansion State or unit of local government in such State in effect on July 4, 2025, that applies to a class of health care items or services that is described in paragraph (3) or (4) of section 433.56(a) of title 42, Code of Federal Regulations (as in effect on May 1, 2025), and for which, on such date, is within the hold harmless threshold (as determined by the Secretary), the applicable percent of net patient revenue attributable to such class that has been so determined shall apply for a fiscal year instead of the applicable percent specified in clause (ii) for the fiscal year.

The provisions of this paragraph shall not prevent use of the tax to reimburse health care providers in a class for expenditures under this subchapter nor preclude States from relying on such reimbursement to justify or explain the tax in the legislative process.

(5)(A) For purposes of this subsection, the limit under this subparagraph with respect to a State is an amount equal to 25 percent (or, if greater, the State base percentage, as defined in subparagraph (B)) of the non-Federal share of the total amount expended under the State plan during a State fiscal year (or portion thereof), as it would be determined pursuant to paragraph (1)(A) without regard to paragraph (1)(A)(iv).

(B)(i) In subparagraph (A), the term "State base percentage" means, with respect to a State, an amount (expressed as a percentage) equal to—

(I) the total of the amount of health care related taxes (whether or not broad-based) and the amount of provider-related donations (whether or not bona fide) projected to be collected (in accordance with clause (ii)) during State fiscal year 1992, divided by

(II) the non-Federal share of the total amount estimated to be expended under the State plan during such State fiscal year.

(ii) For purposes of clause (i)(I), in the case of a tax that is not in effect throughout State fiscal year 1992 or the rate (or base) of which is increased during such fiscal year, the Secretary shall project the amount to be collected during such fiscal year as if the tax (or increase) were in effect during the entire State fiscal year.

(C)(i) The total amount of health care related taxes under subparagraph (B)(i)(I) shall be determined by the Secretary based on only those taxes (including the tax rate or base) which were in effect, or for which legislation or regulations imposing such taxes were enacted or adopted, as of November 22, 1991.

(ii) The amount of provider-related donations under subparagraph (B)(i)(I) shall be determined by the Secretary based on programs in effect on September 30, 1991, and applicable to State fiscal year 1992, as demonstrated by State plan amendments, written agreements, State budget documentation, or other documentary evidence in existence on that date.

(iii) The amount of expenditures described in subparagraph (B)(i)(II) shall be determined by the Secretary based on the best data available as of December 12, 1991.

(6)(A) Notwithstanding the provisions of this subsection, the Secretary may not restrict States' use of funds where such funds are derived from State or local taxes (or funds appropriated to State university teaching hospitals) transferred from or certified by units of government within a State as the non-Federal share of expenditures under this subchapter, regardless of whether the unit of government is also a health care provider, except as provided in section 1396a(a)(2) of this title, unless the transferred funds are derived by the unit of government from donations or taxes that would not otherwise be recognized as the non-Federal share under this section.

(B) For purposes of this subsection, funds the use of which the Secretary may not restrict under subparagraph (A) shall not be considered to be a provider-related donation or a health care related

tax.

(7) For purposes of this subsection:

(A) Each of the following shall be considered a separate class of health care items and services:

(i) Inpatient hospital services.

(ii) Outpatient hospital services.

(iii) Nursing facility services (other than services of intermediate care facilities for the mentally retarded).

(iv) Services of intermediate care facilities for the mentally retarded.

(v) Physicians' services.

(vi) Home health care services.

(vii) Outpatient prescription drugs.

(viii) Services of managed care organizations (including health maintenance organizations, preferred provider organizations, and such other similar organizations as the Secretary may specify by regulation).

(ix) Such other classification of health care items and services consistent with this subparagraph as the Secretary may establish by regulation.

(B) The term "health care provider" means an individual or person that receives payments for the provision of health care items or services.

(C) An entity is considered to be "related" to a health care provider if the entity—

(i) is an organization, association, corporation or partnership formed by or on behalf of health care providers;

(ii) is a person with an ownership or control interest (as defined in section 1320a–3(a)(3) of this title) in the provider;

(iii) is the employee, spouse, parent, child, or sibling of the provider (or of a person described in clause (ii)); or

(iv) has a similar, close relationship (as defined in regulations) to the provider.

(D) The term "State" means only the 50 States and the District of Columbia but does not include any State whose entire program under this subchapter is operated under a waiver granted under section 1315 of this title.

(E) The "State fiscal year" means, with respect to a specified year, a State fiscal year ending in that specified year.

(F) The term "tax" includes any licensing fee, assessment, or other mandatory payment, but does not include payment of a criminal or civil fine or penalty (other than a fine or penalty imposed in lieu of or instead of a fee, assessment, or other mandatory payment).

(G) The term "unit of local government" means, with respect to a State, a city, county, special purpose district, or other governmental unit in the State.

(H) The term "Medicaid taxable unit" means a unit that is being taxed within a health care related tax that is applicable to the program under this subchapter. Such term includes a unit that is used as the basis for—

(i) payment under the program under this subchapter (such as Medicaid bed days);

(ii) Medicaid revenue;

(iii) costs associated with the program under this subchapter (such as Medicaid charges, claims, or expenditures); and

(iv) other units associated with the program under this subchapter, as determined by the Secretary.

(I) The term "non-Medicaid taxable unit" means a unit that is being taxed within a health care related tax that is not applicable to the program under this subchapter. Such term includes a unit that is used as the basis for—

(i) payment by non-Medicaid payers (such as non-Medicaid bed days);

(ii) non-Medicaid revenue;

(iii) costs that are not associated with the program under this subchapter (such as non-Medicaid charges, non-Medicaid claims, or non-Medicaid expenditures); and

(iv) other units not associated with the program under this subchapter, as determined by the Secretary.

(J) The term "tax rate group" means a group of entities contained within a permissible class of a health care related tax that are taxed at the same rate.

(x) Satisfactory documentary evidence of citizenship or nationality by individual declaring to be citizen or national of United States

(1) For purposes of section 1396a(a)(46)(B)(i) of this title, the requirement of this subsection is, with respect to an individual declaring to be a citizen or national of the United States, that, subject to paragraph (2), there is presented satisfactory documentary evidence of citizenship or nationality (as defined in paragraph (3)) of the individual.

(2) The requirement of paragraph (1) shall not apply to an individual declaring to be a citizen or national of the United States who is eligible for medical assistance under this subchapter—

(A) and is entitled to or enrolled for benefits under any part of subchapter XVIII;

(B) and is receiving—

(i) disability insurance benefits under section 423 of this title or monthly insurance benefits under section 402 of this title based on such individual's disability (as defined in section 423(d) of this title); or

(ii) supplemental security income benefits under subchapter XVI;

The Secretary may exclude certain conditions identified under title XVIII of the Social Security Act [42 U.S.C. 1395 et seq.] for non-payment under title XIX of such Act when the Secretary finds the inclusion of such conditions to be inapplicable to beneficiaries under title XIX.

(B) For purposes of this subchapter, with respect to the definition of hospice program under section 1395x(dd)(2) of this title, the Secretary may allow an agency or organization to make the assurance under subparagraph (A)(iii) of such section without taking into account any individual who is afflicted with acquired immune deficiency syndrome (AIDS).

(C) A voluntary election to have payment made for hospice care for a child (as defined by the State) shall not constitute a waiver of any rights of the child to be provided with, or to have payment made under this subchapter for, services that are related to the treatment of the child's condition for which a diagnosis of terminal illness has been made.

(2) An individual's voluntary election under this subsection—

(A) shall be made in accordance with procedures that are established by the State and that are consistent with the procedures established under section 1395d(d)(2) of this title;

(B) shall be for such a period or periods (which need not be the same periods described in section 1395d(d)(1) of this title) as the State may establish; and

(C) may be revoked at any time without a showing of cause and may be modified so as to

change the hospice program with respect to which a previous election was made.

(3) In the case of an individual—

(A) who is residing in a nursing facility or intermediate care facility for the mentally retarded and is receiving medical assistance for services in such facility under the plan,

(B) who is entitled to benefits under part A of subchapter XVIII and has elected, under section 1395d(d) of this title, to receive hospice care under such part, and

(C) with respect to whom the hospice program under such subchapter and the nursing facility or intermediate care facility for the mentally retarded have entered into a written agreement under which the program takes full responsibility for the professional management of the individual's hospice care and the facility agrees to provide room and board to the individual,

instead of any payment otherwise made under the plan with respect to the facility's services, the State shall provide for payment to the hospice program of an amount equal to the additional amount determined in section 1396a(a)(13)(B) of this title and, if the individual is an individual described in section 1396a(a)(10)(A) of this title, shall provide for payment of any coinsurance amounts imposed under section 1395e(a)(4) of this title.

(p) Qualified medicare beneficiary; medicare cost-sharing

(1) The term "qualified medicare beneficiary" means an individual—

(A) who is entitled to hospital insurance benefits under part A of subchapter XVIII (including an individual entitled to such benefits pursuant to an enrollment under section 1395i–2 of this title, but not including an individual entitled to such benefits only pursuant to an enrollment under section 1395i–2a of this title) or who is enrolled under part B for the purpose of coverage of immunosuppressive drugs under section 1395o(b) of this title,

(B) whose income (as determined under section 1382a of this title for purposes of the supplemental security income program, except as provided in paragraph (2)(D)) does not exceed an income level established by the State consistent with paragraph (2), and

(C) whose resources (as determined under section 1382b of this title for purposes of the supplemental security income program) do not exceed twice the maximum amount of resources that an individual may have and obtain benefits under that program or, effective beginning with January 1, 2010, whose resources (as so determined) do not exceed the maximum resource level applied for the year under subparagraph (D) of section 1395w–114(a)(3) of this title (determined without regard to the life insurance policy exclusion provided under subparagraph (G) of such section) applicable to an individual or to the individual and the individual's spouse (as the case may be).

(2)(A) The income level established under paragraph (1)(B) shall be at least the percent provided under subparagraph (B) (but not more than 100 percent) of the official poverty line (as defined by the Office of Management and Budget, and revised annually in accordance with section 9902(2) of this title) applicable to a family of the size involved.

(B) Except as provided in subparagraph (C), the percent provided under this clause, with respect to eligibility for medical assistance on or after—

(i) January 1, 1989, is 85 percent,

(ii) January 1, 1990, is 90 percent, and

(iii) January 1, 1991, is 100 percent.

(C) In the case of a State which has elected treatment under section 1396a(f) of this title and which, as of January 1, 1987, used an income standard for individuals age 65 or older which was more restrictive than the income standard established under the supplemental security income program under subchapter XVI, the percent provided under subparagraph (B), with respect to eligibility for medical assistance on or after—

(i) January 1, 1989, is 80 percent,

(ii) January 1, 1990, is 85 percent,

(iv) January 1, 1992, is 100 percent.

(D)(i) In determining under this subsection the income of an individual who is entitled to monthly insurance benefits under subchapter II for a transition month (as defined in clause (ii)) in a year, such income shall not include any amounts attributable to an increase in the level of monthly insurance benefits payable under such subchapter which have occurred pursuant to section 415(i) of this title for benefits payable for months beginning with December of the previous year.

(ii) For purposes of clause (i), the term "transition month" means each month in a year through the month following the month in which the annual revision of the official poverty line, referred to in subparagraph (A), is published.

(3) The term "medicare cost-sharing" means (subject to section 1396a(n)(2) of this title) the following costs incurred with respect to a qualified medicare beneficiary, without regard to whether the costs incurred were for items and services for which medical assistance is otherwise available under the plan:

(ii) premiums under section 1395r of this title,[5]

(B) Coinsurance under subchapter XVIII (including coinsurance described in section 1395e of this title).

(C) Deductibles established under subchapter XVIII (including those described in section 1395e of this title and section 1395l(b) of this title).

(D) The difference between the amount that is paid under section 1395l(a) of this title and the amount that would be paid under such section if any reference to "80 percent" therein were deemed a reference to "100 percent".

Such term also may include, at the option of a State, premiums for enrollment of a qualified medicare beneficiary with an eligible organization under section 1395mm of this title.

(4) Notwithstanding any other provision of this subchapter, in the case of a State (other than the 50 States and the District of Columbia)—

(A) the requirement stated in section 1396a(a)(10)(E) of this title shall be optional, and

(B) for purposes of paragraph (2), the State may substitute for the percent provided under subparagraph (B) [6] or [7] 1396a(a)(10)(E)(iii) of this title of such paragraph [6] any percent.

In the case of any State which is providing medical assistance to its residents under a waiver granted under section 1315 of this title, the Secretary shall require the State to meet the requirement of section 1396a(a)(10)(E) of this title in the same manner as the State would be required to meet such requirement if the State had in effect a plan approved under this subchapter.

(5)(A) The Secretary shall develop and distribute to States a simplified application form for use by individuals (including both qualified medicare beneficiaries and specified low-income medicare beneficiaries) in applying for medical assistance for medicare cost-sharing under this subchapter in the States which elect to use such form. Such form shall be easily readable by applicants and uniform nationally. The Secretary shall provide for the translation of such application form into at least the 10 languages (other than English) that are most often used by individuals applying for hospital insurance benefits under section 426 or 426–1 of this title and shall make the translated forms available to the States and to the Commissioner of Social Security.

(B) In developing such form, the Secretary shall consult with beneficiary groups and the States.

(B) was eligible for medical assistance under the State plan approved under this subchapter; and

(2) with respect to whom the Commissioner of Social Security determines that—

(A) the individual continues to be blind or continues to have the disabling physical or mental impairment on the basis of which he was found to be under a disability and, except for his earnings, continues to meet all non-disability-related requirements for eligibility for benefits under subchapter XVI,

(B) the income of such individual would not, except for his earnings, be equal to or in excess of the amount which would cause him to be ineligible for payments under section 1382(b) of this title (if he were otherwise eligible for such payments),

(C) the lack of eligibility for benefits under this subchapter would seriously inhibit his ability to continue or obtain employment, and

(D) the individual's earnings are not sufficient to allow him to provide for himself a reasonable equivalent of the benefits under subchapter XVI (including any federally administered State supplementary payments), this subchapter, and publicly funded attendant care services (including personal care assistance) that would be available to him in the absence of such earnings.

In the case of an individual who is eligible for medical assistance pursuant to section 1382h(b) of this title in June, 1987, the individual shall be a qualified severely impaired individual for so long as such individual meets the requirements of paragraph (2).

(5) Such other necessary health care, diagnostic services, treatment, and other measures described in subsection (a) to correct or ameliorate defects and physical and mental illnesses and conditions discovered by the screening services, whether or not such services are covered under the State plan.

Nothing in this subchapter shall be construed as limiting providers of early and periodic screening, diagnostic, and treatment services to providers who are qualified to provide all of the items and services described in the previous sentence or as preventing a provider that is qualified under the plan to furnish one or more (but not all) of such items or services from being qualified to provide such items and services as part of early and periodic screening, diagnostic, and treatment services. The Secretary shall, not later than July 1, 1990, and every 12 months thereafter, develop and set annual participation goals for each State for participation of individuals who are covered under the State plan under this subchapter in early and periodic screening, diagnostic, and treatment services.

Such term excludes any child eligible for medical assistance only by reason of section 1396a(a)(10)(A)(ii)(XIX) of this title.

(3) For purposes of subsection (b), the expenditures described in this paragraph are expenditures for medical assistance for children who are born before October 1, 1983, and who would be described in section 1396a(l)(1)(D) of this title if they had been born on or after such date, and who are not eligible for such assistance under the State plan under this subchapter based on such State plan as in effect as of March 31, 1997.

(z) Equitable support for certain States

(1)(A) During the period that begins on January 1, 2014, and ends on December 31, 2015, notwithstanding subsection (b), the Federal medical assistance percentage otherwise determined under subsection (b) with respect to a fiscal year occurring during that period shall be increased by 2.2 percentage points for any State described in subparagraph (B) for amounts expended for medical assistance for individuals who are not newly eligible (as defined in subsection (y)(2)) individuals described in subclause (VIII) of section 1396a(a)(10)(A)(i) of this title.

(B) For purposes of subparagraph (A), a State described in this subparagraph is a State that—

(i) is an expansion State described in paragraph (3);

(B)(i) The percent specified in this subparagraph for a State for a year is equal to the Federal medical assistance percentage (as defined in the first sentence of subsection (b)) for the State increased by a number of percentage points equal to the transition percentage (specified in clause (ii) for the year) of the number of percentage points by which—

(I) such Federal medical assistance percentage for the State, is less than

(II) the percent specified in subsection (y)(1) for the year.

(ii) The transition percentage specified in this clause for—

(I) 2014 is 50 percent;

(II) 2015 is 60 percent;

A State that offers health benefits coverage to only parents or only nonpregnant childless adults described in the preceding sentence shall not be considered to be an expansion State.

(aa) Special adjustment to FMAP determination for certain States recovering from a major disaster

(1) Notwithstanding subsection (b), beginning January 1, 2011, the Federal medical assistance percentage for a fiscal year for a disaster-recovery FMAP adjustment State shall be equal to the following:

(A) In the case of the first fiscal year (or part of a fiscal year) for which this subsection applies to the State, the State's regular FMAP shall be increased by 50 percent of the number of percentage points by which the State's regular FMAP for such fiscal year is less than the Federal medical assistance percentage determined for the State for the preceding fiscal year after the application of only subsection (a) of section 5001 of Public Law 111–5 (if applicable to the preceding fiscal year) and without regard to this subsection, subsections (y) and (z), and subsections (b) and (c) of section 5001 of Public Law 111–5.

(B) In the case of the second or any succeeding fiscal year for which this subsection applies to the State, the State's regular FMAP for such fiscal year shall be increased by 25 percent (or 50 percent in the case of fiscal year 2013) of the number of percentage points by which the State's regular FMAP for such fiscal year is less than the Federal medical assistance percentage received by the State during the preceding fiscal year.

(2) In this subsection, the term "disaster-recovery FMAP adjustment State" means a State that is one of the 50 States or the District of Columbia, for which, at any time during the preceding 7 fiscal years, the President has declared a major disaster under section 401 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act [42 U.S.C. 5170] and determined as a result of such disaster that every county or parish in the State warrant individual and public assistance or public assistance from the Federal Government under such Act [42 U.S.C. 5121 et seq.] and for which—

(A) in the case of the first fiscal year (or part of a fiscal year) for which this subsection applies

to the State, the State's regular FMAP for the fiscal year is less than the Federal medical assistance percentage determined for the State for the preceding fiscal year after the application of only subsection (a) of section 5001 of Public Law 111–5 (if applicable to the preceding fiscal year) and without regard to this subsection, subsections (y) and (z), and subsections (b) and (c) of section 5001 of Public Law 111–5, by at least 3 percentage points; and

(B) in the case of the second or any succeeding fiscal year for which this subsection applies to the State, the State's regular FMAP for the fiscal year is less than the Federal medical assistance percentage determined for the State for the preceding fiscal year under this subsection by at least 3 percentage points.

(3) In this subsection, the term "regular FMAP" means, for each fiscal year for which this subsection applies to a State, the Federal medical assistance percentage that would otherwise apply to the State for the fiscal year, as determined under subsection (b) and without regard to this subsection, subsections (y) and (z), and section 10202 of the Patient Protection and Affordable Care Act.

(4) The Federal medical assistance percentage determined for a disaster-recovery FMAP adjustment State under paragraph (1) shall apply for purposes of this subchapter (other than with respect to disproportionate share hospital payments described in section 1396r–4 of this title and payments under this subchapter that are based on the enhanced FMAP described in 1397ee(b) [9] of this title) and shall not apply with respect to payments under subchapter IV (other than under part E of subchapter IV) or payments under subchapter XXI.

(bb) Counseling and pharmacotherapy for cessation of tobacco use by pregnant women

(1) For purposes of this subchapter, the term "counseling and pharmacotherapy for cessation of tobacco use by pregnant women" means diagnostic, therapy, and counseling services and pharmacotherapy (including the coverage of prescription and nonprescription tobacco cessation agents approved by the Food and Drug Administration) for cessation of tobacco use by pregnant women who use tobacco products or who are being treated for tobacco use that is furnished—

(A) by or under the supervision of a physician; or

(B) by any other health care professional who—

(B) such other services that the Secretary recognizes to be effective for cessation of tobacco use by pregnant women.

(3) Such term shall not include coverage for drugs or biologicals that are not otherwise covered under this subchapter.

(cc) Requirement for certain States

Notwithstanding subsections (y), (z), and (aa), in the case of a State that requires political subdivisions within the State to contribute toward the non-Federal share of expenditures required under the State plan under section 1396a(a)(2) of this title, the State shall not be eligible for an increase in its Federal medical assistance percentage under such subsections if it requires that political subdivisions pay a greater percentage of the non-Federal share of such expenditures, or a greater percentage of the non-Federal share of payments under section 1396r–4 of this title, than the respective percentages that would have been required by the State under the State plan under this subchapter, State law, or both, as in effect on December 31, 2009, and without regard to any such

increase. §1396e. Enrollment of individuals under group health plans

(a) Requirements of each State plan; guidelines

Each State plan—

(1) may implement guidelines established by the Secretary, consistent with subsection (b), to identify those cases in which enrollment of an individual otherwise entitled to medical assistance under this subchapter in a group health plan (in which the individual is otherwise eligible to be enrolled) is cost-effective (as defined in subsection (e)(2));

(2) may require, in case of an individual so identified and as a condition of the individual being or remaining eligible for medical assistance under this subchapter and subject to subsection (b)(2), notwithstanding any other provision of this subchapter, that the individual (or in the case of a child, the child's parent) apply for enrollment in the group health plan; and

(3) in the case of such enrollment (except as provided in subsection (c)(1)(B)), shall provide for payment of all enrollee premiums for such enrollment and all deductibles, coinsurance, and other cost-sharing obligations for items and services otherwise covered under the State plan under this subchapter (exceeding the amount otherwise permitted under section 1396o of this title), and shall treat coverage under the group health plan as a third party liability (under section 1396a(a)(25) of this title).

(b) Timing of enrollment; failure to enroll

(1) In establishing guidelines under subsection (a)(1), the Secretary shall take into account that an individual may only be eligible to enroll in group health plans at limited times and only if other individuals (not entitled to medical assistance under the plan) are also enrolled in the plan simultaneously.

(2) If a parent of a child fails to enroll the child in a group health plan in accordance with subsection (a)(2), such failure shall not affect the child's eligibility for benefits under this subchapter.

(c) Premiums considered payments for medical assistance; eligibility

(1)(A) In the case of payments of premiums, deductibles, coinsurance, and other cost-sharing obligations under this section shall be considered, for purposes of section 1396b(a) of this title, to be payments for medical assistance.

(B) If all members of a family are not eligible for medical assistance under this subchapter and enrollment of the members so eligible in a group health plan is not possible without also enrolling members not so eligible—

(i) payment of premiums for enrollment of such other members shall be treated as payments for medical assistance for eligible individuals, if it would be cost-effective (taking into account payment of all such premiums), but

(ii) payment of deductibles, coinsurance, and other cost-sharing obligations for such other members shall not be treated as payments for medical assistance for eligible individuals.

(2) The fact that an individual is enrolled in a group health plan under this section shall not change the individual's eligibility for benefits under the State plan, except insofar as section 1396a(a)(25) of this title provides that payment for such benefits shall first be made by such plan.

§1396e–1. Premium assistance

(a) In general

A State may elect to offer a premium assistance subsidy (as defined in subsection (c)) for qualified employer-sponsored coverage (as defined in subsection (b)) to all individuals who are entitled to medical assistance under this subchapter (and, in the case of an individual under age 19, to the parent of such an individual) who have access to such coverage if the State meets the requirements of this section and the offering of such a subsidy is cost-effective, as defined for purposes of section 1397ee(c)(3)(A) of this title.

(b) Qualified employer-sponsored coverage

(1) In general

Subject to paragraph (2)),[1] in this paragraph, the term "qualified employer-sponsored coverage" means a group health plan or health insurance coverage offered through an employer—

(A) that qualifies as creditable coverage as a group health plan under section 2701(c)(1) of the Public Health Service Act; [2]

(B) for which the employer contribution toward any premium for such coverage is at least 40 percent; and

(C) that is offered to all individuals in a manner that would be considered a nondiscriminatory eligibility classification for purposes of paragraph (3)(A)(ii) of section 105(h) of the Internal Revenue Code of 1986 (but determined without regard to clause (i) of subparagraph (B) of such paragraph).

(2) Exception

Such term does not include coverage consisting of—

(A) benefits provided under a health flexible spending arrangement (as defined in section 106(c)(2) of the Internal Revenue Code of 1986); or

(B) a high deductible health plan (as defined in section 223(c)(2) of such Code), without regard to whether the plan is purchased in conjunction with a health savings account (as defined under section 223(d) of such Code).

(3) Treatment as third party liability

The State shall treat the coverage provided under qualified employer-sponsored coverage as a third party liability under section 1396a(a)(25) of this title.

(c) Premium assistance subsidy

In this section, the term "premium assistance subsidy" means the amount of the employee contribution for enrollment in the qualified employer-sponsored coverage by the individual or by the individual's family. Premium assistance subsidies under this section shall be considered, for purposes of section 1396b(a) of this title, to be a payment for medical assistance.

(d) Voluntary participation

(1) Employers

Participation by an employer in a premium assistance subsidy offered by a State under this section shall be voluntary. An employer may notify a State that it elects to opt-out of being directly paid a premium assistance subsidy on behalf of an employee.

(2) Beneficiaries

No subsidy shall be provided to an individual under this section unless the individual (or the individual's parent) voluntarily elects to receive such a subsidy. A State may not require such an election as a condition of receipt of medical assistance. A State may not require, as a condition of an individual (or the individual's parent) being or remaining eligible for medical assistance under this subchapter, that the individual (or the individual's parent) apply for enrollment in qualified employer-sponsored coverage under this section.

(3) Opt-out permitted for any month

A State shall establish a process for permitting an individual (or the parent of an individual) receiving a premium assistance subsidy to disenroll the individual from the qualified employer-sponsored coverage.

(e) Requirement to pay premiums and cost-sharing and provide supplemental coverage

In the case of the participation of an individual (or the individual's parent) in a premium assistance subsidy under this section for qualified employer-sponsored coverage, the State shall provide for payment of all enrollee premiums for enrollment in such coverage and all deductibles, coinsurance, and other cost-sharing obligations for items and services otherwise covered under the State plan under this subchapter (exceeding the amount otherwise permitted under section 1396o of this title or, if applicable, section 1396o–1 of this title). The fact that an individual (or a parent) elects to enroll in qualified employer-sponsored coverage under this section shall not change the individual's (or parent's) eligibility for medical assistance under the State plan, except insofar as section 1396a(a)(25) of this title provides that payments for such assistance shall first be made under such coverage.

§1396g. State programs for licensing of administrators of nursing homes

(a) Nature of State program

For purposes of section 1396a(a)(29) of this title, a "State program for the licensing of administrators of nursing homes" is a program which provides that no nursing home within the State may operate except under the supervision of an administrator licensed in the manner provided in this section.

(b) Licensing by State agency or board representative of concerned professions and institutions

Licensing of nursing home administrators shall be carried out by the agency of the State responsible for licensing under the healing arts licensing act of the State, or, in the absence of such act or such an agency, a board representative of the professions and institutions concerned with care of chronically ill and infirm aged patients and established to carry out the purposes of this section.

(c) Functions and duties of State agency or board

It shall be the function and duty of such agency or board to—

(1) develop, impose, and enforce standards which must be met by individuals in order to receive a license as a nursing home administrator, which standards shall be designed to insure that nursing home administrators will be individuals who are of good character and are otherwise suitable, and who, by training or experience in the field of institutional administration, are qualified to serve as nursing home administrators;

(2) develop and apply appropriate techniques, including examinations and investigations, for determining whether an individual meets such standards;

(3) issue licenses to individuals determined, after the application of such techniques, to meet such standards, and revoke or suspend licenses previously issued by the board in any case where the individual holding any such license is determined substantially to have failed to conform to the requirements of such standards;

(4) establish and carry out procedures designed to insure that individuals licensed as nursing home administrators will, during any period that they serve as such, comply with the requirements of such standards;

(5) receive, investigate, and take appropriate action with respect to, any charge or complaint filed with the board to the effect that any individual licensed as a nursing home administrator has failed to comply with the requirements of such standards; and

(6) conduct a continuing study and investigation of nursing homes and administrators of nursing homes within the State with a view to the improvement of the standards imposed for the licensing of such administrators and of procedures and methods for the enforcement of such standards with respect to administrators of nursing homes who have been licensed as such.

(d) Waiver of standards other than good character or suitability standards

No State shall be considered to have failed to comply with the provisions of section 1396a(a)(29) of this title because the agency or board of such State (established pursuant to subsection (b)) shall have granted any waiver, with respect to any individual who, during all of the three calendar years immediately preceding the calendar year in which the requirements prescribed in section 1396a(a)(29) of this title are first met by the State, has served as a nursing home administrator, of

any of the standards developed, imposed, and enforced by such agency or board pursuant to subsection (c).

(e) "Nursing home" and "nursing home administrator" defined

As used in this section, the term—

(1) "nursing home" means any institution or facility defined as such for licensing purposes under State law, or, if State law does not employ the term nursing home, the equivalent term or terms as determined by the Secretary, but does not include a religious nonmedical health care institution (as defined in section 1395x(ss)(1) of this title).[1]

(2) "nursing home administrator" means any individual who is charged with the general administration of a nursing home whether or not such individual has an ownership interest in such home and whether or not his functions and duties are shared with one or more other individuals.

EDITORIAL NOTES

CODIFICATION

Another section 1908 of act Aug. 14, 1935, was renumbered section 1908A and is classified to section 1396g–1 of this title.

AMENDMENTS

1997—Subsec. (e)(1). Pub. L. 105–33 which directed substitution of "a religious nonmedical health care institution (as defined in section 1395x(ss)(1) of this title)." for "a Christian Science sanatorium operated, or listed and certified, by the First Church of Christ, Scientist, Boston, Massachusetts; and" in "Section 1908(e)(1) (42 U.S.C. 1396g–1(e)(1))" of the Social Security Act, was executed by making the substitution in subsec. (e)(1) of this section to reflect the probable intent of Congress, because section 1396g–1 of this title, which is also section 1908 of the Social Security Act, does not have a subsec. (e).

1996—Subsec. (e)(1). Pub. L. 104–193, which directed substitution of "The Commission for Accreditation of Christian Science Nursing Organizations/Facilities, Inc." for "The First Church of Christ, Scientist, Boston, Massachusetts" in section 1908(e)(1) of the Social Security Act (42 U.S.C. 1396g–1(e)(1)) could not be executed to this section or section 1396g–1 of this title, both of which are section 1908. Section 1396g–1 does not have a subsec. (e) and subsec. (e)(1) of this section does not contain the quoted language with the word "the" capitalized.

1973—Subsec. (d). Pub. L. 93–233 struck out second sentence reading substantially the same as the first sentence but containing the following additional text reading "other than such standards as relate to good character or suitability if—

"(1) such waiver is for a period which ends after being in effect for two years or on June 30, 1972, whichever is earlier, and

"(2) there is provided in the State (during all of the period for which waiver is in effect), a program of training and instruction designed to enable all individuals with respect to whom any such waiver is granted, to attain the qualifications necessary in order to meet such standards" and also "calendar year" instead of "three calendar years" and reference to "subsection (c)(1) of this section" instead of "subsection (c) of this section".

Subsec. (e). Pub. L. 93–233 redesignated subsec. (g) as (e), and repealed prior subsec. (e) relating to authorization of appropriations for fiscal years 1968 through 1972 and to limitation of grants.

Subsec. (f). Pub. L. 93–233 repealed subsec. (f) providing for creation of National Advisory Council on Nursing Home Administration and for its composition, appointment of members, the Chairman, representation of interests, functions and duties, compensation and travel expenses, technical assistance, availability of

assistance and data, and termination date of Dec. 31, 1971.

Subsec. (g). Pub. L. 93–233, redesignated subsec. (g) as (e).

1972—Subsec. (d). Pub. L. 92–603, §§269, 274(b), inserted references to the grant of waivers to individuals who, during all of the three calendar years immediately preceding the calendar year in which the requirements prescribed in section 1396a(a)(29) of this title are first met by the State, have served as nursing home administrators and substituted "subsection (c)(1)" for "subsection (b)(1)".

Subsec. (g)(1). Pub. L. 92–603, §268(b), inserted ", but does not include a Christian Science sanatorium operated, or listed and certified, by the First Church of Christ, Scientist, Boston, Massachusetts" after "Secretary".

§1396g–1. Required laws relating to medical child support

(a) In general

The laws relating to medical child support, which a State is required to have in effect under section 1396a(a)(60) of this title, are as follows:

(1) A law that prohibits an insurer from denying enrollment of a child under the health coverage of the child's parent on the ground that—

(A) the child was born out of wedlock,

(B) the child is not claimed as a dependent on the parent's Federal income tax return, or

(C) the child does not reside with the parent or in the insurer's service area.

(2) In any case in which a parent is required by a court or administrative order to provide health coverage for a child and the parent is eligible for family health coverage through an insurer, a law that requires such insurer—

(A) to permit such parent to enroll under such family coverage any such child who is otherwise eligible for such coverage (without regard to any enrollment season restrictions);

(B) if such a parent is enrolled but fails to make application to obtain coverage of such child, to enroll such child under such family coverage upon application by the child's other parent or by the State agency administering the program under this subchapter or part D of subchapter IV; and

(C) not to disenroll (or eliminate coverage of) such a child unless the insurer is provided

satisfactory written evidence that—

(i) such court or administrative order is no longer in effect, or

(ii) the child is or will be enrolled in comparable health coverage through another insurer which will take effect not later than the effective date of such disenrollment.

(3) In any case in which a parent is required by a court or administrative order to provide health coverage for a child and the parent is eligible for family health coverage through an employer doing business in the State, a law that requires such employer—

(A) to permit such parent to enroll under such family coverage any such child who is otherwise eligible for such coverage (without regard to any enrollment season restrictions);

(B) if such a parent is enrolled but fails to make application to obtain coverage of such child, to enroll such child under such family coverage upon application by the child's other parent or by the State agency administering the program under this subchapter or part D of subchapter IV; and

(C) not to disenroll (or eliminate coverage of) any such child unless—

(i) the employer is provided satisfactory written evidence that—

(I) such court or administrative order is no longer in effect, or

(II) the child is or will be enrolled in comparable health coverage which will take effect not later than the effective date of such disenrollment, or

(ii) the employer has eliminated family health coverage for all of its employees; and

(D) to withhold from such employee's compensation the employee's share (if any) of premiums for health coverage (except that the amount so withheld may not exceed the maximum amount permitted to be withheld under section 1673(b) of title 15), and to pay such share of premiums to the insurer, except that the Secretary may provide by regulation for appropriate circumstances under which an employer may withhold less than such employee's share of such premiums.

(4) A law that prohibits an insurer from imposing requirements on a State agency, which has been assigned the rights of an individual eligible for medical assistance under this subchapter and covered for health benefits from the insurer, that are different from requirements applicable to an agent or assignee of any other individual so covered.

(5) A law that requires an insurer, in any case in which a child has health coverage through the insurer of a noncustodial parent—

(A) to provide such information to the custodial parent as may be necessary for the child to obtain benefits through such coverage;

(B) to permit the custodial parent (or provider, with the custodial parent's approval) to submit claims for covered services without the approval of the noncustodial parent; and

(C) to make payment on claims submitted in accordance with subparagraph (B) directly to such custodial parent, the provider, or the State agency.

(6) A law that permits the State agency under this subchapter to garnish the wages, salary, or other employment income of, and requires withholding amounts from State tax refunds to, any person who—

(A) is required by court or administrative order to provide coverage of the costs of health services to a child who is eligible for medical assistance under this subchapter,

(B) has received payment from a third party for the costs of such services to such child, but

(C) has not used such payments to reimburse, as appropriate, either the other parent or guardian of such child or the provider of such services,

any such claims for the costs of such services.

§1396h. State false claims act requirements for increased State share of recoveries

(a) In general

Notwithstanding section 1396d(b) of this title, if a State has in effect a law relating to false or fraudulent claims that meets the requirements of subsection (b), the Federal medical assistance percentage with respect to any amounts recovered under a State action brought under such law, shall be decreased by 10 percentage points.

§1396i. Certification and approval of rural health clinics and intermediate care facilities for mentally retarded

(a)(1) Whenever the Secretary certifies a facility in a State to be qualified as a rural health clinic under subchapter XVIII, such facility shall be deemed to meet the standards for certification as a rural health clinic for purposes of providing rural health clinic services under this subchapter.

(2) The Secretary shall notify the State agency administering the medical assistance plan of his approval or disapproval of any facility in that State which has applied for certification by him as a qualified rural health clinic.

(b)(1) The Secretary may cancel approval of any intermediate care facility for the mentally retarded at any time if he finds on the basis of a determination made by him as provided in section 1396a(a)(33)(B) of this title that a facility fails to meet the requirements contained in section 1396a(a)(31) of this title or section 1396d(d) of this title, or if he finds grounds for termination of his agreement with the facility pursuant to section 1395cc(b) of this title. The approval of eligibility of any such facility to participate in such programs may not be reinstated unless the Secretary finds that the reason for termination has been removed and there is reasonable assurance that it will not recur.

(2) Any intermediate care facility for the mentally retarded which is dissatisfied with a determination by the Secretary that it no longer qualifies as a [1] intermediate care facility for the mentally retarded for purposes of this subchapter, shall be entitled to a hearing by the Secretary to the same extent as is provided in section 405(b) of this title and to judicial review of the Secretary's final decision after such hearing as is provided in section 405(g) of this title, except that, in so applying such sections and in applying section 405(l) of this title thereto, any reference therein to the Commissioner of Social Security or the Social Security Administration shall be considered a

§1396m. Withholding of Federal share of payments for certain medicare providers

(a) Adjustment of Federal matching payments

The Secretary may adjust, in accordance with this section, the Federal matching payment to a State with respect to expenditures for medical assistance for care or services furnished in any quarter by—

(1) an institution (A) which has or previously had in effect an agreement with the Secretary under section 1395cc of this title; and (B)(i) from which the Secretary has been unable to recover overpayments made under subchapter XVIII, or (ii) from which the Secretary has been unable to collect the information necessary to enable him to determine the amount (if any) of the overpayments made to such institution under subchapter XVIII; and

(2) any person (A) who (i) has previously accepted payment on the basis of an assignment under section 1395u(b)(3)(B)(ii) of this title, and (ii) during the annual period immediately preceding such quarter submitted no claims for payment under subchapter XVIII, or submitted claims for payment under subchapter XVIII which aggregated less than the amount of overpayments made to him, and (B)(i) from whom the Secretary has been unable to recover overpayments received in violation of the terms of such assignment, or (ii) from whom the Secretary has been unable to collect the information necessary to enable him to determine the amount (if any) of the overpayments made to such person under subchapter XVIII.

(b) Reductions in payments to and by States

The Secretary may (subject to the remaining provisions of this section) reduce payment to a State under this subchapter for any quarter by an amount equal to the lesser of the Federal matching share of payments to any institution or person specified in subsection (a), or the total overpayments to such institution or person under subchapter XVIII, and may require the State to reduce its payment to such institution or person by such amount.

(c) Notice

The Secretary shall not make any adjustment in the payment to a State, nor require any adjustment in the payment to an institution or person, pursuant to subsection (b) until after he has provided adequate notice (which shall be not less than 60 days) to the State agency and the institution or person.

(d) Regulations

The Secretary shall by regulation provide procedures for implementation of this section, which procedures shall (1) determine the amount of the Federal payment to which the institution or person would otherwise be entitled under this section which shall be treated as a setoff against overpayments under subchapter XVIII, and (2) assure the restoration to the institution or person of amounts withheld under this section which are ultimately determined to be in excess of overpayments under subchapter XVIII and to which the institution or person would otherwise be entitled under this subchapter.

(e) Restoration to trust funds of recovered amounts

The Secretary shall restore to the trust funds established under sections 1395i and 1395t of this title, as appropriate, amounts recovered under this section as setoffs against overpayments under

subchapter XVIII.

(f) Liability of States for withheld payments

Notwithstanding any other provision of this subchapter, an institution or person shall not be entitled to recover from any State any amount in payment for medical care and services under this subchapter which is withheld by the State agency pursuant to an order by the Secretary under subsection (b).

(Aug. 14, 1935, ch. 531, title XIX, §1914, as added Pub. L. 96–499, title IX, §905(d), Dec. 5, 1980, 94 Stat. 2618.)

§1396n. Compliance with State plan and payment provisions

(a) Activities deemed as compliance

A State shall not be deemed to be out of compliance with the requirements of paragraphs (1), (10), or (23) of section 1396a(a) of this title solely by reason of the fact that the State (or any political subdivision thereof)—

(1) has entered into—

(A) a contract with an organization which has agreed to provide care and services in addition to those offered under the State plan to individuals eligible for medical assistance who reside in the geographic area served by such organization and who elect to obtain such care and services from such organization, or by reason of the fact that the plan provides for payment for rural health clinic services only if those services are provided by a rural health clinic; or

(B) arrangements through a competitive bidding process or otherwise for the purchase of laboratory services referred to in section 1396d(a)(3) of this title or medical devices if the Secretary has found that—

(i) adequate services or devices will be available under such arrangements, and

(ii) any such laboratory services will be provided only through laboratories—

(I) which meet the applicable requirements of section 1395x(e)(9) of this title or paragraphs (16) and (17) of section 1395x(s) of this title, and such additional requirements as the Secretary may require, and

(II) no more than 75 percent of whose charges for such services are for services provided to individuals who are entitled to benefits under this subchapter or under part A or part B of subchapter XVIII; or

(2) restricts for a reasonable period of time the provider or providers from which an individual (eligible for medical assistance for items or services under the State plan) can receive such items or services, if—

(A) the State has found, after notice and opportunity for a hearing (in accordance with procedures established by the State), that the individual has utilized such items or services at a frequency or amount not medically necessary (as determined in accordance with utilization guidelines established by the State), and

(B) under such restriction, individuals eligible for medical assistance for such services have reasonable access (taking into account geographic location and reasonable travel time) to such services of adequate quality.

(b) Waivers to promote cost-effectiveness and efficiency

The Secretary, to the extent he finds it to be cost-effective and efficient and not inconsistent with the purposes of this subchapter, may waive such requirements of section 1396a of this title (other than subsection (s)) (other than sections 1396a(a)(15), 1396a(bb), and 1396a(a)(10)(A) of this title insofar as it requires provision of the care and services described in section 1396d(a)(2)(C) of this title) as may be necessary for a State—

(1) to implement a primary care case-management system or a specialty physician services arrangement which restricts the provider from (or through) whom an individual (eligible for

medical assistance under this subchapter) can obtain medical care services (other than in emergency circumstances), if such restriction does not substantially impair access to such services of adequate quality where medically necessary,

(2) to allow a locality to act as a central broker in assisting individuals (eligible for medical assistance under this subchapter) in selecting among competing health care plans, if such restriction does not substantially impair access to services of adequate quality where medically necessary,

(3) to share (through provision of additional services) with recipients of medical assistance under the State plan cost savings resulting from use by the recipient of more cost-effective medical care, and

(4) to restrict the provider from (or through) whom an individual (eligible for medical assistance under this subchapter) can obtain services (other than in emergency circumstances) to providers or practitioners who undertake to provide such services and who meet, accept, and comply with the reimbursement, quality, and utilization standards under the State plan, which standards shall be consistent with the requirements of section 1396r–4 of this title and are consistent with access, quality, and efficient and economic provision of covered care and services, if such restriction does not discriminate among classes of providers on grounds unrelated to their demonstrated effectiveness and efficiency in providing those services and if providers under such restriction are paid on a timely basis in the same manner as health care practitioners must be paid under section 1396a(a)(37)(A) of this title.

No waiver under this subsection may restrict the choice of the individual in receiving services under section 1396d(a)(4)(C) of this title. Subsection (h)(2) shall apply to a waiver under this subsection.

(c) Waiver respecting medical assistance requirement in State plan; scope, etc.; "habilitation services" defined; imposition of certain regulatory limits prohibited; computation of expenditures for certain disabled patients; coordinated services; substitution of participants

(1) The Secretary may by waiver provide that a State plan approved under this subchapter may include as "medical assistance" under such plan payment for part or all of the cost of home or community-based services (other than room and board) approved by the Secretary which are provided pursuant to a written plan of care to individuals with respect to whom there has been a determination that but for the provision of such services the individuals would require the level of care provided in a hospital or a nursing facility or intermediate care facility for the mentally retarded the cost of which could be reimbursed under the State plan. For purposes of this subsection, the term "room and board" shall not include an amount established under a method determined by the State to reflect the portion of costs of rent and food attributable to an unrelated personal caregiver who is residing in the same household with an individual who, but for the assistance of such caregiver, would require admission to a hospital, nursing facility, or intermediate care facility for the mentally retarded.

(2) A waiver shall not be granted under this subsection unless the State provides assurances satisfactory to the Secretary that—

(A) necessary safeguards (including adequate standards for provider participation) have been taken to protect the health and welfare of individuals provided services under the waiver and to assure financial accountability for funds expended with respect to such services;

(B) the State will provide, with respect to individuals who—

(i) are entitled to medical assistance for inpatient hospital services, nursing facility services, or services in an intermediate care facility for the mentally retarded under the State plan,

(ii) may require such services, and

(iii) may be eligible for such home or community-based care under such waiver,

for an evaluation of the need for inpatient hospital services, nursing facility services, or services in an intermediate care facility for the mentally retarded;

(C) such individuals who are determined to be likely to require the level of care provided in a

hospital, nursing facility, or intermediate care facility for the mentally retarded are informed of the feasible alternatives, if available under the waiver, at the choice of such individuals, to the provision of inpatient hospital services, nursing facility services, or services in an intermediate care facility for the mentally retarded;

(D) under such waiver the average per capita expenditure estimated by the State in any fiscal year for medical assistance provided with respect to such individuals does not exceed 100 percent of the average per capita expenditure that the State reasonably estimates would have been made in that fiscal year for expenditures under the State plan for such individuals if the waiver had not been granted; and

(E) the State will provide to the Secretary annually, consistent with a data collection plan designed by the Secretary, information on the impact of the waiver granted under this subsection on the type and amount of medical assistance provided under the State plan and on the health and welfare of recipients.

(3) A waiver granted under this subsection may include a waiver of the requirements of section 1396a(a)(1) of this title (relating to statewideness), section 1396a(a)(10)(B) of this title (relating to comparability), and section 1396a(a)(10)(C)(i)(III) of this title (relating to income and resource rules applicable in the community). A waiver under this subsection (other than a waiver described in paragraph (11) or subsection (h)(2)) shall be for an initial term of three years and, upon the request of a State, shall be extended for additional five-year periods unless the Secretary determines that for the previous waiver period the assurances provided under paragraph (2) have not been met. A waiver may provide, with respect to post-eligibility treatment of income of all individuals receiving services under that waiver, that the maximum amount of the individual's income which may be disregarded for any month for the maintenance needs of the individual may be an amount greater than the maximum allowed for that purpose under regulations in effect on July 1, 1985.

(4) A waiver granted under this subsection may, consistent with paragraph (2)—

(A) limit the individuals provided benefits under such waiver to individuals with respect to whom the State has determined that there is a reasonable expectation that the amount of medical assistance provided with respect to the individual under such waiver will not exceed the amount of such medical assistance provided for such individual if the waiver did not apply, and

(B) provide medical assistance to individuals (to the extent consistent with written plans of care, which are subject to the approval of the State) for case management services, homemaker/home health aide services and personal care services, adult day health services, habilitation services, respite care, and such other services requested by the State as the Secretary may approve and for day treatment or other partial hospitalization services, psychosocial rehabilitation services, and clinic services (whether or not furnished in a facility) for individuals with chronic mental illness.

Except as provided under paragraph (2)(D), the Secretary may not restrict the number of hours or days of respite care in any period which a State may provide under a waiver under this subsection.

(5) For purposes of paragraph (4)(B), the term "habilitation services"—

(A) means services designed to assist individuals in acquiring, retaining, and improving the self-help, socialization, and adaptive skills necessary to reside successfully in home and community based settings; and

(B) includes (except as provided in subparagraph (C)) prevocational, educational, and supported employment services; but

(C) does not include—

(i) special education and related services (as such terms are defined in section 1401 of title 20) which otherwise are available to the individual through a local educational agency; and

(ii) vocational rehabilitation services which otherwise are available to the individual through a program funded under section 730 of title 29.

(6) The Secretary may not require, as a condition of approval of a waiver under this section under paragraph (2)(D), that the actual total expenditures for home and community-based services under

the waiver (and a claim for Federal financial participation in expenditures for the services) cannot exceed the approved estimates for these services. The Secretary may not deny Federal financial payment with respect to services under such a waiver on the ground that, in order to comply with paragraph (2)(D), a State has failed to comply with such a requirement.

(7)(A) In making estimates under paragraph (2)(D) in the case of a waiver that applies only to individuals with a particular illness or condition who are inpatients in, or who would require the level of care provided in, hospitals, nursing facilities, or intermediate care facilities for the mentally retarded, the State may determine the average per capita expenditure that would have been made in a fiscal year for those individuals under the State plan separately from the expenditures for other individuals who are inpatients in, or who would require the level of care provided in, those respective facilities.

(B) In making estimates under paragraph (2)(D) in the case of a waiver that applies only to individuals with developmental disabilities who are inpatients in a nursing facility and whom the State has determined, on the basis of an evaluation under paragraph (2)(B), to need the level of services provided by an intermediate care facility for the mentally retarded, the State may determine the average per capita expenditures that would have been made in a fiscal year for those individuals under the State plan on the basis of the average per capita expenditures under the State plan for services to individuals who are inpatients in an intermediate care facility for the mentally retarded, without regard to the availability of beds for such inpatients.

(C) In making estimates under paragraph (2)(D) in the case of a waiver to the extent that it applies to individuals with mental retardation or a related condition who are resident in an intermediate care facility for the mentally retarded the participation of which under the State plan is terminated, the State may determine the average per capita expenditures that would have been made in a fiscal year for those individuals without regard to any such termination.

(8) The State agency administering the plan under this subchapter may, whenever appropriate, enter into cooperative arrangements with the State agency responsible for administering the program for children with special health care needs under subchapter V in order to assure improved access to coordinated services to meet the needs of such children.

(9) In the case of any waiver under this subsection which contains a limit on the number of individuals who shall receive home or community-based services, the State may substitute additional individuals to receive such services to replace any individuals who die or become ineligible for services under the State plan.

(10) The Secretary shall not limit to fewer than 200 the number of individuals in the State who may receive home and community-based services under a waiver under this subsection.

(11) EXPANDING COVERAGE FOR HOME OR COMMUNITY-BASED SERVICES.—

(A) IN GENERAL.—Beginning July 1, 2028, notwithstanding paragraph (1), the Secretary may approve a waiver that is standalone from any other waiver approved under this subsection to include as medical assistance under the State plan of such State payment for part or all of the cost of home or community-based services (other than room and board (as described in paragraph (1))) approved by the Secretary which are provided pursuant to a written plan of care to individuals described in subparagraph (B)(iii). A waiver approved under this paragraph shall be for an initial term of 3 years and, upon the request of the State, shall be extended for additional 5-year periods unless the Secretary determines that for the previous waiver period the requirements specified under this subsection (excluding those excepted under subparagraph (B)) have not been met.

(B) STATE REQUIREMENTS.—In addition to the requirements specified under this subsection (except for the requirements described in subparagraphs (C) and (D) of paragraph (2) and any other requirement specified under this subsection that the Secretary determines to be inapplicable in the context of a waiver that does not require individuals to have a determination described in paragraph (1)), a State shall meet the following requirements as a condition of waiver approval:

(i) As of the date that such State requests a waiver under this subsection to provide home or community-based services to individuals described in clause (iii), all other waivers (if any) granted under this subsection to such State meet the requirements of this subsection.

(ii) The State demonstrates to the Secretary that approval of a waiver under this subsection with respect to individuals described in clause (iii) will not result in a material increase of the average amount of time that individuals with respect to whom a determination described in paragraph (1) has been made will need to wait to receive home or community-based services under any other waiver granted under this subsection, as determined by the Secretary.

(iii) The State establishes needs-based criteria, subject to the approval of the Secretary, regarding who will be eligible for home or community-based services under a waiver approved under this paragraph without requiring such individuals to have a determination described in paragraph (1), and specifies the home or community-based services such individuals so eligible will receive.

(iv) The State establishes needs-based criteria for determining whether an individual described in clause (iii) requires the level of care provided in a hospital, nursing facility, or an intermediate care facility for individuals with developmental disabilities under the State plan or under any waiver of such plan that are more stringent than the needs-based criteria established under clause (iii) for determining eligibility for home or community-based services.

(v) The State attests that the State's average per capita expenditure for medical assistance under the State plan (or waiver of such plan) provided with respect to such individuals enrolled in a waiver under this paragraph will not exceed the State's average per capita expenditure for medical assistance for individuals receiving institutional care under the State plan (or waiver of such plan) for the duration that the waiver under this paragraph is in effect.

(vi) The State provides to the Secretary data (in such form and manner as the Secretary may specify) regarding the number of individuals described in clause (iii) with respect to a State seeking approval of a waiver under this subsection, to whom the State will make such services available under such waiver.

(vii) The State agrees to provide to the Secretary, not less frequently than annually, data for purposes of paragraph (2)(E) (in such form and manner as the Secretary may specify) regarding, with respect to each preceding year in which a waiver under this subsection to provide home or community-based services to individuals described in clause (iii) was in effect—

(I) the cost (as such term is defined by the Secretary) of such services furnished to individuals described in clause (iii), broken down by type of service;

(II) with respect to each type of home or community-based service provided under the waiver, the length of time that such individuals have received such service;

(III) a comparison between the data described in subclause (I) and any comparable data available with respect to individuals with respect to whom a determination described in paragraph (1) has been made and with respect to individuals receiving institutional care under this subchapter; and

(IV) the number of individuals who have received home or community-based services under the waiver during the preceding year.

(C) LIMITATION ON PAYMENTS.—No payments made to carry out this paragraph shall be used by a State to make payments to a third party on behalf of an individual practitioner for benefits such as health insurance, skills training, and other benefits customary for employees, in the case of a class of practitioners for which the program established under this subchapter is the primary source of revenue.

(d) Home and community-based services for elderly

(1) Subject to paragraph (2), the Secretary shall grant a waiver to provide that a State plan approved under this subchapter shall include as "medical assistance" under such plan payment for part or all of the cost of home or community-based services (other than room and board) which are provided pursuant to a written plan of care to individuals 65 years of age or older with respect to whom there has been a determination that but for the provision of such services the individuals would be likely to require the level of care provided in a skilled nursing facility or intermediate care facility the cost of which could be reimbursed under the State plan. For purposes of this subsection, the term "room and board" shall not include an amount established under a method determined by

the State to reflect the portion of costs of rent and food attributable to an unrelated personal caregiver who is residing in the same household with an individual who, but for the assistance of such caregiver, would require admission to a hospital, nursing facility, or intermediate care facility for the mentally retarded.

(2) A waiver shall not be granted under this subsection unless the State provides assurances satisfactory to the Secretary that—

(A) necessary safeguards (including adequate standards for provider participation) have been taken to protect the health and welfare of individuals provided services under the waiver and to assure financial accountability for funds expended with respect to such services;

(B) with respect to individuals 65 years of age or older who—

(i) are entitled to medical assistance for skilled nursing or intermediate care facility services under the State plan,

(ii) may require such services, and

(iii) may be eligible for such home or community-based services under such waiver,

the State will provide for an evaluation of the need for such skilled nursing facility or intermediate care facility services; and

(C) such individuals who are determined to be likely to require the level of care provided in a skilled nursing facility or intermediate care facility are informed of the feasible alternatives to the provision of skilled nursing facility or intermediate care facility services, which such individuals may choose if available under the waiver.

Each State with a waiver under this subsection shall provide to the Secretary annually, consistent with a reasonable data collection plan designed by the Secretary, information on the impact of the waiver granted under this subsection on the type and amount of medical assistance provided under the State plan and on the health and welfare of recipients.

(3) A waiver granted under this subsection may include a waiver of the requirements of section 1396a(a)(1) of this title (relating to statewideness), section 1396a(a)(10)(B) of this title (relating to comparability), and section 1396a(a)(10)(C)(i)(III) of this title (relating to income and resource rules applicable in the community). Subject to a termination by the State (with notice to the Secretary) at any time, a waiver under this subsection (other than a waiver described in subsection (h)(2)) shall be for an initial term of 3 years and, upon the request of a State, shall be extended for additional 5-year periods unless the Secretary determines that for the previous waiver period the assurances provided under paragraph (2) have not been met. A waiver may provide, with respect to post-eligibility treatment of income of all individuals receiving services under the waiver, that the maximum amount of the individual's income which may be disregarded for any month is equal to the amount that may be allowed for that purpose under a waiver under subsection (c).

(4) A waiver under this subsection may, consistent with paragraph (2), provide medical assistance to individuals for case management services, homemaker/home health aide services and personal care services, adult day health services, respite care, and other medical and social services that can contribute to the health and well-being of individuals and their ability to reside in a community-based care setting.

(5)(A) In the case of a State having a waiver approved under this subsection, notwithstanding any other provision of section 1396b of this title to the contrary, the total amount expended by the State for medical assistance with respect to skilled nursing facility services, intermediate care facility services, and home and community-based services under the State plan for individuals 65 years of age or older during a waiver year under this subsection may not exceed the projected amount determined under subparagraph (B).

(B) For purposes of subparagraph (A), the projected amount under this subparagraph is the sum of the following:

(i) The aggregate amount of the State's medical assistance under this subchapter for skilled nursing facility services and intermediate care facility services furnished to individuals who have attained the age of 65 for the base year increased by a percentage which is equal to the lesser of 7

percent times the number of years (rounded to the nearest quarter of a year) beginning after the base year and ending at the end of the waiver year involved or the sum of—

(I) the percentage increase (based on an appropriate market-basket index representing the costs of elements of such services) between the beginning of the base year and the beginning of the waiver year involved, plus

(II) the percentage increase between the beginning of the base year and the beginning of the waiver year involved in the number of residents in the State who have attained the age of 65, plus

(III) 2 percent for each year (rounded to the nearest quarter of a year) beginning after the base year and ending at the end of the waiver year.

(ii) The aggregate amount of the State's medical assistance under this subchapter for home and community-based services for individuals who have attained the age of 65 for the base year increased by a percentage which is equal to the lesser of 7 percent times the number of years (rounded to the nearest quarter of a year) beginning after the base year and ending at the end of the waiver year involved or the sum of—

(I) the percentage increase (based on an appropriate market-basket index representing the costs of elements of such services) between the beginning of the base year and the beginning of the waiver year involved, plus

(II) the percentage increase between the beginning of the base year and the beginning of the waiver year involved in the number of residents in the State who have attained the age of 65, plus

(III) 2 percent for each year (rounded to the nearest quarter of a year) beginning after the base year and ending at the end of the waiver year.

(iii) The Secretary shall develop and promulgate by regulation (by not later than October 1, 1989)—

(I) a method, based on an index of appropriately weighted indicators of changes in the wages and prices of the mix of goods and services which comprise both skilled nursing facility services and intermediate care facility services (regardless of the source of payment for such services), for projecting the percentage increase for purposes of clause (i)(I);

(II) a method, based on an index of appropriately weighted indicators of changes in the wages and prices of the mix of goods and services which comprise home and community-based services (regardless of the source of payment for such services), for projecting the percentage increase for purposes of clause (ii)(I); and

(III) a method for projecting, on a State specific basis, the percentage increase in the number of residents in each State who are over 65 years of age for any period.

The Secretary shall develop (by not later than October 1, 1989) a method for projecting, on a State-specific basis, the percentage increase in the number of residents in each State who are over 65 years of age for any period. Effective on and after the date the Secretary promulgates the regulation under clause (iii), any reference in this subparagraph to the "lesser of 7 percent" shall be deemed to be a reference to the "greater of 7 percent".

(iv) If there is enacted after December 22, 1987, an Act which amends this subchapter whose provisions become effective on or after such date and which results in an increase in the aggregate amount of medical assistance under this subchapter for nursing facility services and home and community-based services for individuals who have attained the age of 65 years, the Secretary, at the request of a State with a waiver under this subsection for a waiver year or years and in close consultation with the State, shall adjust the projected amount computed under this subparagraph for the waiver year or years to take into account such increase.

(C) In this paragraph:

(i) The term "home and community-based services" includes services described in sections

1396d(a)(7) and 1396d(a)(8) of this title, services described in subsection (c)(4)(B), services described in paragraph (4), and personal care services.

(ii)(I) Subject to subclause (II), the term "base year" means the most recent year (ending before December 22, 1987) for which actual final expenditures under this subchapter have been reported to, and accepted by, the Secretary.

(II) For purposes of subparagraph (C), in the case of a State that does not report expenditures on the basis of the age categories described in such subparagraph for a year ending before December 22, 1987, the term "base year" means fiscal year 1989.

(iii) The term "intermediate care facility services" does not include services furnished in an institution certified in accordance with section 1396d(d) of this title.

(6)(A) A determination by the Secretary to deny a request for a waiver (or extension of waiver) under this subsection shall be subject to review to the extent provided under section 1316(b) of this title.

(B) Notwithstanding any other provision of this chapter, if the Secretary denies a request of the State for an extension of a waiver under this subsection, any waiver under this subsection in effect on the date such request is made shall remain in effect for a period of not less than 90 days after the date on which the Secretary denies such request (or, if the State seeks review of such determination in accordance with subparagraph (A), the date on which a final determination is made with respect to such review).

(e) Waiver for children infected with AIDS or drug dependent at birth

(1)(A) Subject to paragraph (2), the Secretary shall grant a waiver to provide that a State plan approved under this subchapter shall include as "medical assistance" under such plan payment for part or all of the cost of nursing care, respite care, physicians' services, prescribed drugs, medical devices and supplies, transportation services, and such other services requested by the State as the Secretary may approve which are provided pursuant to a written plan of care to a child described in subparagraph (B) with respect to whom there has been a determination that but for the provision of such services the infants would be likely to require the level of care provided in a hospital or nursing facility the cost of which could be reimbursed under the State plan.

(B) Children described in this subparagraph are individuals under 5 years of age who—

(i) at the time of birth were infected with (or tested positively for) the etiologic agent for acquired immune deficiency syndrome (AIDS),

(ii) have such syndrome, or

(iii) at the time of birth were dependent on heroin, cocaine, or phencyclidine,

and with respect to whom adoption or foster care assistance is (or will be) made available under part E of subchapter IV.

(2) A waiver shall not be granted under this subsection unless the State provides assurances satisfactory to the Secretary that—

(A) necessary safeguards (including adequate standards for provider participation) have been taken to protect the health and welfare of individuals provided services under the waiver and to assure financial accountability for funds expended with respect to such services;

(B) under such waiver the average per capita expenditure estimated by the State in any fiscal year for medical assistance provided with respect to such individuals does not exceed 100 percent of the average per capita expenditure that the State reasonably estimates would have been made in that fiscal year for expenditures under the State plan for such individuals if the waiver had not been granted; and

(C) the State will provide to the Secretary annually, consistent with a data collection plan designed by the Secretary, information on the impact of the waiver granted under this subsection on the type and amount of medical assistance provided under the State plan and on the health and welfare of recipients.

(3) A waiver granted under this subsection may include a waiver of the requirements of section

1396a(a)(1) of this title (relating to statewideness) and section 1396a(a)(10)(B) of this title (relating to comparability). A waiver under this subsection shall be for an initial term of 3 years and, upon the request of a State, shall be extended for additional five-year periods unless the Secretary determines that for the previous waiver period the assurances provided under paragraph (2) have not been met.

(4) The provisions of paragraph (6) of subsection (d) shall apply to this subsection in the same manner as it applies to subsection (d).

(f) Monitor of implementation of waivers; termination of waiver for noncompliance; time limitation for action on requests for plan approval, amendments, or waivers

(1) The Secretary shall monitor the implementation of waivers granted under this section to assure that the requirements for such waiver are being met and shall, after notice and opportunity for a hearing, terminate any such waiver where he finds noncompliance has occurred.

(2) A request to the Secretary from a State for approval of a proposed State plan or plan amendment or a waiver of a requirement of this subchapter submitted by the State pursuant to a provision of this subchapter shall be deemed granted unless the Secretary, within 90 days after the date of its submission to the Secretary, either denies such request in writing or informs the State agency in writing with respect to any additional information which is needed in order to make a final determination with respect to the request. After the date the Secretary receives such additional information, the request shall be deemed granted unless the Secretary, within 90 days of such date, denies such request.

(g) Optional targeted case management services

(1) A State may provide, as medical assistance, case management services under the plan without regard to the requirements of section 1396a(a)(1) of this title and section 1396a(a)(10)(B) of this title. The provision of case management services under this subsection shall not restrict the choice of the individual to receive medical assistance in violation of section 1396a(a)(23) of this title. A State may limit the provision of case management services under this subsection to individuals with acquired immune deficiency syndrome (AIDS), or with AIDS-related conditions, or with either, or to individuals described in section 1396a(z)(1)(A) of this title and a State may limit the provision of case management services under this subsection to individuals with chronic mental illness. The State may limit the case managers available with respect to case management services for eligible individuals with developmental disabilities or with chronic mental illness in order to ensure that the case managers for such individuals are capable of ensuring that such individuals receive needed services.

(2) For purposes of this subsection:

(A)(i) The term "case management services" means services which will assist individuals eligible under the plan in gaining access to needed medical, social, educational, and other services.

(ii) Such term includes the following:

(I) Assessment of an eligible individual to determine service needs, including activities that focus on needs identification, to determine the need for any medical, educational, social, or other services. Such assessment activities include the following:

(aa) Taking client history.

(bb) Identifying the needs of the individual, and completing related documentation.

(cc) Gathering information from other sources such as family members, medical providers, social workers, and educators, if necessary, to form a complete assessment of the eligible individual.

(II) Development of a specific care plan based on the information collected through an assessment, that specifies the goals and actions to address the medical, social, educational, and other services needed by the eligible individual, including activities such as ensuring the active participation of the eligible individual and working with the individual (or the individual's authorized health care decision maker) and others to develop such goals and identify a course of action to respond to the assessed needs of the eligible individual.

(III) Referral and related activities to help an individual obtain needed services, including

activities that help link eligible individuals with medical, social, educational providers or other programs and services that are capable of providing needed services, such as making referrals to providers for needed services and scheduling appointments for the individual.

(IV) Monitoring and followup activities, including activities and contacts that are necessary to ensure the care plan is effectively implemented and adequately addressing the needs of the eligible individual, and which may be with the individual, family members, providers, or other entities and conducted as frequently as necessary to help determine such matters as—

(aa) whether services are being furnished in accordance with an individual's care plan;

(bb) whether the services in the care plan are adequate; and

(cc) whether there are changes in the needs or status of the eligible individual, and if so, making necessary adjustments in the care plan and service arrangements with providers.

(iii) Such term does not include the direct delivery of an underlying medical, educational, social, or other service to which an eligible individual has been referred, including, with respect to the direct delivery of foster care services, services such as (but not limited to) the following:

(I) Research gathering and completion of documentation required by the foster care program.

(II) Assessing adoption placements.

(III) Recruiting or interviewing potential foster care parents.

(IV) Serving legal papers.

(V) Home investigations.

(VI) Providing transportation.

(VII) Administering foster care subsidies.

(VIII) Making placement arrangements.

(B) The term "targeted case management services" are case management services that are furnished without regard to the requirements of section 1396a(a)(1) of this title and section 1396a(a)(10)(B) of this title to specific classes of individuals or to individuals who reside in specified areas.

(3) With respect to contacts with individuals who are not eligible for medical assistance under the State plan or, in the case of targeted case management services, individuals who are eligible for such assistance but are not part of the target population specified in the State plan, such contacts—

(A) are considered an allowable case management activity, when the purpose of the contact is directly related to the management of the eligible individual's care; and

(B) are not considered an allowable case management activity if such contacts relate directly to the identification and management of the noneligible or nontargeted individual's needs and care.

(4)(A) In accordance with section 1396a(a)(25) of this title, Federal financial participation only is available under this subchapter for case management services or targeted case management services if there are no other third parties liable to pay for such services, including as reimbursement under a medical, social, educational, or other program.

(B) A State shall allocate the costs of any part of such services which are reimbursable under another federally funded program in accordance with OMB Circular A–87 (or any related or successor guidance or regulations regarding allocation of costs among federally funded programs) under an approved cost allocation program.

(5) Nothing in this subsection shall be construed as affecting the application of rules with respect to third party liability under programs, or activities carried out under title XXVI of the Public Health Service Act [42 U.S.C. 300ff et seq.] or by the Indian Health Service.

(h) Period of waivers; continuations

(1) No waiver under this section (other than a waiver under subsection (c), (d), or (e), or a waiver described in paragraph (2)) may extend over a period of longer than two years unless the State requests continuation of such waiver, and such request shall be deemed granted unless the Secretary, within 90 days after the date of its submission to the Secretary, either denies such request in writing

or informs the State agency in writing with respect to any additional information which is needed in order to make a final determination with respect to the request. After the date the Secretary receives such additional information, the request shall be deemed granted unless the Secretary, within 90 days of such date, denies such request.

(2)(A) Notwithstanding subsections (c)(3) and (d)(3), any waiver under subsection (b), (c), or (d), or a waiver under section 1315 of this title, that provides medical assistance for dual eligible individuals (including any such waivers under which non dual eligible individuals may be enrolled in addition to dual eligible individuals) may be conducted for a period of 5 years and, upon the request of the State, may be extended for additional 5-year periods unless the Secretary determines that for the previous waiver period the conditions for the waiver have not been met or it would no longer be cost-effective and efficient, or consistent with the purposes of this subchapter, to extend the waiver.

(B) In this paragraph, the term "dual eligible individual" means an individual who is entitled to, or enrolled for, benefits under part A of subchapter XVIII, or enrolled for benefits under part B of subchapter XVIII, and is eligible for medical assistance under the State plan under this subchapter or under a waiver of such plan.

(i) State plan amendment option to provide home and community-based services for elderly and disabled individuals

(1) In general

Subject to the succeeding provisions of this subsection, a State may provide through a State plan amendment for the provision of medical assistance for home and community-based services (within the scope of services described in paragraph (4)(B) of subsection (c) for which the Secretary has the authority to approve a waiver and not including room and board) for individuals eligible for medical assistance under the State plan whose income does not exceed 150 percent of the poverty line (as defined in section 1397jj(c)(5) of this title), without determining that but for the provision of such services the individuals would require the level of care provided in a hospital or a nursing facility or intermediate care facility for the mentally retarded, but only if the State meets the following requirements:

(A) Needs-based criteria for eligibility for, and receipt of, home and community-based services

The State establishes needs-based criteria for determining an individual's eligibility under the State plan for medical assistance for such home and community-based services, and if the individual is eligible for such services, the specific home and community-based services that the individual will receive.

(B) Establishment of more stringent needs-based eligibility criteria for institutionalized care

The State establishes needs-based criteria for determining whether an individual requires the level of care provided in a hospital, a nursing facility, or an intermediate care facility for the mentally retarded under the State plan or under any waiver of such plan that are more stringent than the needs-based criteria established under subparagraph (A) for determining eligibility for home and community-based services.

(C) Projection of number of individuals to be provided home and community-based services

The State submits to the Secretary, in such form and manner, and upon such frequency as the Secretary shall specify, the projected number of individuals to be provided home and community-based services.

(D) Criteria based on individual assessment

(i) In general

The criteria established by the State for purposes of subparagraphs (A) and (B) requires an assessment of an individual's support needs and capabilities, and may take into account the

inability of the individual to perform 2 or more activities of daily living (as defined in section 7702B(c)(2)(B) of the Internal Revenue Code of 1986) or the need for significant assistance to perform such activities, and such other risk factors as the State determines to be appropriate.

(ii) Adjustment authority

The State plan amendment provides the State with the option to modify the criteria established under subparagraph (A) (without having to obtain prior approval from the Secretary) in the event that the enrollment of individuals eligible for home and community-based services exceeds the projected enrollment submitted for purposes of subparagraph (C), but only if—

(I) the State provides at least 60 days notice to the Secretary and the public of the proposed modification;

(II) the State deems an individual receiving home and community-based services on the basis of the most recent version of the criteria in effect prior to the effective date of the modification to continue to be eligible for such services after the effective date of the modification and until such time as the individual no longer meets the standard for receipt of such services under such pre-modified criteria; and

(III) after the effective date of such modification, the State, at a minimum, applies the criteria for determining whether an individual requires the level of care provided in a hospital, a nursing facility, or an intermediate care facility for the mentally retarded under the State plan or under any waiver of such plan which applied prior to the application of the more stringent criteria developed under subparagraph (B).

(E) Independent evaluation and assessment

(i) Eligibility determination

The State uses an independent evaluation for making the determinations described in subparagraphs (A) and (B).

(ii) Assessment

In the case of an individual who is determined to be eligible for home and community-based services, the State uses an independent assessment, based on the needs of the individual to—

(I) determine a necessary level of services and supports to be provided, consistent with an individual's physical and mental capacity;

(II) prevent the provision of unnecessary or inappropriate care; and

(III) establish an individualized care plan for the individual in accordance with subparagraph (G).

(F) Assessment

The independent assessment required under subparagraph (E)(ii) shall include the following:

(i) An objective evaluation of an individual's inability to perform 2 or more activities of daily living (as defined in section 7702B(c)(2)(B) of the Internal Revenue Code of 1986) or the need for significant assistance to perform such activities.

(ii) A face-to-face evaluation of the individual by an individual trained in the assessment and evaluation of individuals whose physical or mental conditions trigger a potential need for home and community-based services.

(iii) Where appropriate, consultation with the individual's family, spouse, guardian, or other responsible individual.

(iv) Consultation with appropriate treating and consulting health and support professionals caring for the individual.

(v) An examination of the individual's relevant history, medical records, and care and support needs, guided by best practices and research on effective strategies that result in improved health and quality of life outcomes.

(vi) If the State offers individuals the option to self-direct the purchase of, or control the receipt of, home and community-based service, an evaluation of the ability of the individual or the individual's representative to self-direct the purchase of, or control the receipt of, such services if the individual so elects.

(G) Individualized care plan

(i) In general

In the case of an individual who is determined to be eligible for home and community-based services, the State uses the independent assessment required under subparagraph (E)(ii) to establish a written individualized care plan for the individual.

(ii) Plan requirements

The State ensures that the individualized care plan for an individual—

(I) is developed—

(aa) in consultation with the individual, the individual's treating physician, health care or support professional, or other appropriate individuals, as defined by the State, and, where appropriate the individual's family, caregiver, or representative; and

(bb) taking into account the extent of, and need for, any family or other supports for the individual;

(II) identifies the necessary home and community-based services to be furnished to the individual (or, if the individual elects to self-direct the purchase of, or control the receipt of, such services, funded for the individual); and

(III) is reviewed at least annually and as needed when there is a significant change in the individual's circumstances.

(iii) State option to offer election for self-directed services

(I) Individual choice

At the option of the State, the State may allow an individual or the individual's representative to elect to receive self-directed home and community-based services in a manner which gives them the most control over such services consistent with the individual's abilities and the requirements of subclauses (II) and (III).

(II) Self-directed services

The term "self-directed" means, with respect to the home and community-based services offered under the State plan amendment, such services for the individual which are planned and purchased under the direction and control of such individual or the individual's authorized representative, including the amount, duration, scope, provider, and location of such services, under the State plan consistent with the following requirements:

(aa) Assessment

There is an assessment of the needs, capabilities, and preferences of the individual with respect to such services.

(bb) Service plan

Based on such assessment, there is developed jointly with such individual or the individual's authorized representative a plan for such services for such individual that is approved by the State and that satisfies the requirements of subclause (III).

(III) Plan requirements

For purposes of subclause (II)(bb), the requirements of this subclause are that the plan—

(aa) specifies those services which the individual or the individual's authorized representative would be responsible for directing;

(bb) identifies the methods by which the individual or the individual's authorized representative will select, manage, and dismiss providers of such services;

(cc) specifies the role of family members and others whose participation is sought by the individual or the individual's authorized representative with respect to such services;

(dd) is developed through a person-centered process that is directed by the individual or the individual's authorized representative, builds upon the individual's capacity to engage in activities that promote community life and that respects the individual's preferences, choices, and abilities, and involves families, friends, and professionals as desired or required by the individual or the individual's authorized representative;

(ee) includes appropriate risk management techniques that recognize the roles and sharing of responsibilities in obtaining services in a self-directed manner and assure the appropriateness of such plan based upon the resources and capabilities of the individual or the individual's authorized representative; and

(ff) may include an individualized budget which identifies the dollar value of the services and supports under the control and direction of the individual or the individual's authorized representative.

(IV) Budget process

With respect to individualized budgets described in subclause (III)(ff), the State plan amendment—

(aa) describes the method for calculating the dollar values in such budgets based on reliable costs and service utilization;

(bb) defines a process for making adjustments in such dollar values to reflect changes in individual assessments and service plans; and

(cc) provides a procedure to evaluate expenditures under such budgets.

(H) Quality assurance; conflict of interest standards

(i) Quality assurance

The State ensures that the provision of home and community-based services meets Federal and State guidelines for quality assurance.

(ii) Conflict of interest standards

The State establishes standards for the conduct of the independent evaluation and the independent assessment to safeguard against conflicts of interest.

(I) Redeterminations and appeals

The State allows for at least annual redeterminations of eligibility, and appeals in accordance with the frequency of, and manner in which, redeterminations and appeals of eligibility are made under the State plan.

(J) Presumptive eligibility for assessment

The State, at its option, elects to provide for a period of presumptive eligibility (not to exceed a period of 60 days) only for those individuals that the State has reason to believe may be eligible for home and community-based services. Such presumptive eligibility shall be limited to medical assistance for carrying out the independent evaluation and assessment under subparagraph (E) to determine an individual's eligibility for such services and if the individual is so eligible, the specific home and community-based services that the individual will receive.

(2) Definition of individual's representative

In this section, the term "individual's representative" means, with respect to an individual, a parent, a family member, or a guardian of the individual, an advocate for the individual, or any other individual who is authorized to represent the individual.

(3) Nonapplication

A State may elect in the State plan amendment approved under this section to not comply with the requirements of section 1396a(a)(10)(B) of this title (relating to comparability) and section 1396a(a)(10)(C)(i)(III) of this title (relating to income and resource rules applicable in the community), but only for purposes of provided home and community-based services in

accordance with such amendment. Any such election shall not be construed to apply to the provision of services to an individual receiving medical assistance in an institutionalized setting as a result of a determination that the individual requires the level of care provided in a hospital or a nursing facility or intermediate care facility for the mentally retarded.

(4) No effect on other waiver authority

Nothing in this subsection shall be construed as affecting the option of a State to offer home and community-based services under a waiver under subsections (c) or (d) of this section or under section 1315 of this title.

(5) Continuation of Federal financial participation for medical assistance provided to individuals as of effective date of State plan amendment

Notwithstanding paragraph (1)(B), Federal financial participation shall continue to be available for an individual who is receiving medical assistance in an institutionalized setting, or home and community-based services provided under a waiver under this section or section 1315 of this title that is in effect as of the effective date of the State plan amendment submitted under this subsection, as a result of a determination that the individual requires the level of care provided in a hospital or a nursing facility or intermediate care facility for the mentally retarded, without regard to whether such individuals satisfy the more stringent eligibility criteria established under that paragraph, until such time as the individual is discharged from the institution or waiver program or no longer requires such level of care.

(6) State option to provide home and community-based services to individuals eligible for services under a waiver

(A) In general

A State that provides home and community-based services in accordance with this subsection to individuals who satisfy the needs-based criteria for the receipt of such services established under paragraph (1)(A) may, in addition to continuing to provide such services to such individuals, elect to provide home and community-based services in accordance with the requirements of this paragraph to individuals who are eligible for home and community-based services under a waiver approved for the State under subsection (c), (d), or (e) or under section 1315 of this title to provide such services, but only for those individuals whose income does not exceed 300 percent of the supplemental security income benefit rate established by section 1382(b)(1) of this title.

(B) Application of same requirements for individuals satisfying needs-based criteria

Subject to subparagraph (C), a State shall provide home and community-based services to individuals under this paragraph in the same manner and subject to the same requirements as apply under the other paragraphs of this subsection to the provision of home and community-based services to individuals who satisfy the needs-based criteria established under paragraph (1)(A).

(C) Authority to offer different type, amount, duration, or scope of home and community-based services

A State may offer home and community-based services to individuals under this paragraph that differ in type, amount, duration, or scope from the home and community-based services offered for individuals who satisfy the needs-based criteria established under paragraph (1)(A), so long as such services are within the scope of services described in paragraph (4)(B) of subsection (c) for which the Secretary has the authority to approve a waiver and do not include room or board.

(7) State option to offer home and community-based services to specific, targeted populations

(A) In general

A State may elect in a State plan amendment under this subsection to target the provision of

home and community-based services under this subsection to specific populations and to differ the type, amount, duration, or scope of such services to such specific populations.

(B) 5-year term

(i) In general

An election by a State under this paragraph shall be for a period of 5 years.

(ii) Phase-in of services and eligibility permitted during initial 5-year period

A State making an election under this paragraph may, during the first 5-year period for which the election is made, phase-in the enrollment of eligible individuals, or the provision of services to such individuals, or both, so long as all eligible individuals in the State for such services are enrolled, and all such services are provided, before the end of the initial 5-year period.

(C) Renewal

An election by a State under this paragraph may be renewed for additional 5-year terms if the Secretary determines, prior to beginning [1] of each such renewal period, that the State has—

(i) adhered to the requirements of this subsection and paragraph in providing services under such an election; and

(ii) met the State's objectives with respect to quality improvement and beneficiary outcomes.

(j) Optional choice of self-directed personal assistance services

(1) A State may provide, as "medical assistance", payment for part or all of the cost of self-directed personal assistance services (other than room and board) under the plan which are provided pursuant to a written plan of care to individuals with respect to whom there has been a determination that, but for the provision of such services, the individuals would require and receive personal care services under the plan, or home and community-based services provided pursuant to a waiver under subsection (c). Self-directed personal assistance services may not be provided under this subsection to individuals who reside in a home or property that is owned, operated, or controlled by a provider of services, not related by blood or marriage.

(2) The Secretary shall not grant approval for a State self-directed personal assistance services program under this section unless the State provides assurances satisfactory to the Secretary of the following:

(A) Necessary safeguards have been taken to protect the health and welfare of individuals provided services under the program, and to assure financial accountability for funds expended with respect to such services.

(B) The State will provide, with respect to individuals who—

(i) are entitled to medical assistance for personal care services under the plan, or receive home and community-based services under a waiver granted under subsection (c);

(ii) may require self-directed personal assistance services; and

(iii) may be eligible for self-directed personal assistance services,

an evaluation of the need for personal care under the plan, or personal services under a waiver granted under subsection (c).

(C) Such individuals who are determined to be likely to require personal care under the plan, or home and community-based services under a waiver granted under subsection (c) are informed of the feasible alternatives, if available under the State's self-directed personal assistance services program, at the choice of such individuals, to the provision of personal care services under the plan, or personal assistance services under a waiver granted under subsection (c).

(D) The State will provide for a support system that ensures participants in the self-directed personal assistance services program are appropriately assessed and counseled prior to enrollment and are able to manage their budgets. Additional counseling and management support may be provided at the request of the participant.

(E) The State will provide to the Secretary an annual report on the number of individuals served and total expenditures on their behalf in the aggregate. The State shall also provide an evaluation of overall impact on the health and welfare of participating individuals compared to non-participants every three years.

(3) A State may provide self-directed personal assistance services under the State plan without regard to the requirements of section 1396a(a)(1) of this title and may limit the population eligible to receive these services and limit the number of persons served without regard to section 1396a(a)(10)(B) of this title.

(4)(A) For purposes of this subsection, the term "self-directed personal assistance services" means personal care and related services, or home and community-based services otherwise available under the plan under this subchapter or subsection (c), that are provided to an eligible participant under a self-directed personal assistance services program under this section, under which individuals, within an approved self-directed services plan and budget, purchase personal assistance and related services, and permits participants to hire, fire, supervise, and manage the individuals providing such services.

(B) At the election of the State—

(i) a participant may choose to use any individual capable of providing the assigned tasks including legally liable relatives as paid providers of the services; and

(ii) the individual may use the individual's budget to acquire items that increase independence or substitute (such as a microwave oven or an accessibility ramp) for human assistance, to the extent that expenditures would otherwise be made for the human assistance.

(5) For purpose of this section, the term "approved self-directed services plan and budget" means, with respect to a participant, the establishment of a plan and budget for the provision of self-directed personal assistance services, consistent with the following requirements:

(A) Self-direction

The participant (or in the case of a participant who is a minor child, the participant's parent or guardian, or in the case of an incapacitated adult, another individual recognized by State law to act on behalf of the participant) exercises choice and control over the budget, planning, and purchase of self-directed personal assistance services, including the amount, duration, scope, provider, and location of service provision.

(B) Assessment of needs

There is an assessment of the needs, strengths, and preferences of the participants for such services.

(C) Service plan

A plan for such services (and supports for such services) for the participant has been developed and approved by the State based on such assessment through a person-centered process that—

(i) builds upon the participant's capacity to engage in activities that promote community life and that respects the participant's preferences, choices, and abilities; and

(ii) involves families, friends, and professionals in the planning or delivery of services or supports as desired or required by the participant.

(D) Service budget

A budget for such services and supports for the participant has been developed and approved by the State based on such assessment and plan and on a methodology that uses valid, reliable cost data, is open to public inspection, and includes a calculation of the expected cost of such services if those services were not self-directed. The budget may not restrict access to other medically necessary care and services furnished under the plan and approved by the State but not included in the budget.

(E) Application of quality assurance and risk management

There are appropriate quality assurance and risk management techniques used in establishing and implementing such plan and budget that recognize the roles and responsibilities in obtaining services in a self-directed manner and assure the appropriateness of such plan and budget based upon the participant's resources and capabilities.

(6) A State may employ a financial management entity to make payments to providers, track costs, and make reports under the program. Payment for the activities of the financial management entity shall be at the administrative rate established in section 1396b(a) of this title.

(k) State plan option to provide home and community-based attendant services and supports

(1) In general

Subject to the succeeding provisions of this subsection, beginning October 1, 2011, a State may provide through a State plan amendment for the provision of medical assistance for home and community-based attendant services and supports for individuals who are eligible for medical assistance under the State plan whose income does not exceed 150 percent of the poverty line (as defined in section 1397jj(c)(5) of this title) or, if greater, the income level applicable for an individual who has been determined to require an institutional level of care to be eligible for nursing facility services under the State plan and with respect to whom there has been a determination that, but for the provision of such services, the individuals would require the level of care provided in a hospital, a nursing facility, an intermediate care facility for the mentally retarded, or an institution for mental diseases, the cost of which could be reimbursed under the State plan, but only if the individual chooses to receive such home and community-based attendant services and supports, and only if the State meets the following requirements:

(A) Availability

The State shall make available home and community-based attendant services and supports to eligible individuals, as needed, to assist in accomplishing activities of daily living, instrumental activities of daily living, and health-related tasks through hands-on assistance, supervision, or cueing—

(i) under a person-centered plan of services and supports that is based on an assessment of functional need and that is agreed to in writing by the individual or, as appropriate, the individual's representative;

(ii) in a home or community setting, which does not include a nursing facility, institution for mental diseases, or an intermediate care facility for the mentally retarded;

(iii) under an agency-provider model or other model (as defined in paragraph (6)(C)); and

(iv) the furnishing of which—

(I) is selected, managed, and dismissed by the individual, or, as appropriate, with assistance from the individual's representative;

(II) is controlled, to the maximum extent possible, by the individual or where appropriate, the individual's representative, regardless of who may act as the employer of record; and

(III) provided by an individual who is qualified to provide such services, including family members (as defined by the Secretary).

(B) Included services and supports

In addition to assistance in accomplishing activities of daily living, instrumental activities of daily living, and health related tasks, the home and community-based attendant services and supports made available include—

(i) the acquisition, maintenance, and enhancement of skills necessary for the individual to accomplish activities of daily living, instrumental activities of daily living, and health related tasks;

(ii) back-up systems or mechanisms (such as the use of beepers or other electronic devices) to ensure continuity of services and supports; and

(iii) voluntary training on how to select, manage, and dismiss attendants.

(C) Excluded services and supports

Subject to subparagraph (D), the home and community-based attendant services and supports made available do not include—

(i) room and board costs for the individual;

(ii) special education and related services provided under the Individuals with Disabilities Education Act [20 U.S.C. 1400 et seq.] and vocational rehabilitation services provided under the Rehabilitation Act of 1973 [29 U.S.C. 701 et seq.];

(iii) assistive technology devices and assistive technology services other than those under (1)(B)(ii);

(iv) medical supplies and equipment; or

(v) home modifications.

(D) Permissible services and supports

The home and community-based attendant services and supports may include—

(i) expenditures for transition costs such as rent and utility deposits, first month's rent and utilities, bedding, basic kitchen supplies, and other necessities required for an individual to make the transition from a nursing facility, institution for mental diseases, or intermediate care facility for the mentally retarded to a community-based home setting where the individual resides; and

(ii) expenditures relating to a need identified in an individual's person-centered plan of services that increase independence or substitute for human assistance, to the extent that expenditures would otherwise be made for the human assistance.

(2) Increased Federal financial participation

For purposes of payments to a State under section 1396b(a)(1) of this title, with respect to amounts expended by the State to provide medical assistance under the State plan for home and community-based attendant services and supports to eligible individuals in accordance with this subsection during a fiscal year quarter occurring during the period described in paragraph (1), the Federal medical assistance percentage applicable to the State (as determined under section 1396d(b) of this title) shall be increased by 6 percentage points.

(3) State requirements

(G) COVID–19 testing-related services for which payment may be made under the State plan,

(H) during the period beginning on March 11, 2021, and ending on the last day of the first calendar quarter that begins one year after the last day of the emergency period described in section 1320b–5(g)(1)(B) of this title, a COVID–19 vaccine and the administration of such vaccine (for any individual eligible for medical assistance for such vaccine (and administration)),

(J) vaccines described in section 1396d(a)(13)(B) of this title and the administration of such vaccines; and

(3) any deduction, cost sharing, or similar charge imposed under the plan with respect to other such individuals or other care and services will be nominal in amount (as determined by the Secretary in regulations which shall, if the definition of "nominal" under the regulations in effect on July 1, 1982 is changed, take into account the level of cash assistance provided in such State and such other criteria as the Secretary determines to be appropriate); except that a deduction, cost-sharing, or similar charge of up to twice the nominal amount established for outpatient services may be imposed by a State under a waiver granted by the Secretary for services received at a hospital emergency room if the services are not emergency services (referred to in paragraph (2)(D)) and the State has established to the satisfaction of the Secretary that individuals eligible for services under the plan have actually available and accessible to them alternative sources of nonemergency, outpatient services.

(c) Imposition of monthly premium; persons affected; amount; prepayment; failure to pay; use of funds from other programs

(1) The State plan of a State may at the option of the State provide for imposing a monthly premium (in an amount that does not exceed the limit established under paragraph (2)) with respect to an individual described in subparagraph (A) or (B) of section 1396a(l)(1) of this title who is receiving medical assistance on the basis of section 1396a(a)(10)(A)(ii)(IX) of this title and whose family income (as determined in accordance with the methodology specified in section 1396a(l)(3) of this title) equals or exceeds 150 percent of the income official poverty line (as defined by the Office of Management and Budget, and revised annually in accordance with section 9902(2) of this title) applicable to a family of the size involved.

(2) In no case may the amount of any premium imposed under paragraph (1) exceed 10 percent of the amount by which the family income (less expenses for the care of a dependent child) of an individual exceeds 150 percent of the line described in paragraph (1).

(3) A State shall not require prepayment of a premium imposed pursuant to paragraph (1) and shall not terminate eligibility of an individual for medical assistance under this subchapter on the basis of failure to pay any such premium until such failure continues for a period of not less than 60 days. The State may waive payment of any such premium in any case where the State determines that requiring such payment would create an undue hardship.

(4) A State may permit State or local funds available under other programs to be used for payment of a premium imposed under paragraph (1). Payment of a premium with such funds shall not be

counted as income to the individual with respect to whom such payment is made.

(d) Premiums for qualified disabled and working individuals described in section 1396d(s)

With respect to a qualified disabled and working individual described in section 1396d(s) of this title whose income (as determined under paragraph (3) of that section) exceeds 150 percent of the official poverty line referred to in that paragraph, the State plan of a State may provide for the charging of a premium (expressed as a percentage of the medicare cost-sharing described in section 1396d(p)(3)(A)(i) of this title provided with respect to the individual) according to a sliding scale under which such percentage increases from 0 percent to 100 percent, in reasonable increments (as determined by the Secretary), as the individual's income increases from 150 percent of such poverty line to 200 percent of such poverty line.

(e) Prohibition of denial of services on basis of individual's inability to pay certain charges

The State plan shall require that no provider participating under the State plan may deny care or services to an individual eligible for such care or services under the plan on account of such individual's inability to pay a deduction, cost sharing, or similar charge. The requirements of this subsection shall not extinguish the liability of the individual to whom the care or services were furnished for payment of the deduction, cost sharing, or similar charge.

(f) Charges imposed under waiver authority of Secretary

No deduction, cost sharing, or similar charge may be imposed under any waiver authority of the Secretary, except as provided in subsections (a)(3) and (b)(3) and section 1396o–1 of this title, unless such waiver is for a demonstration project which the Secretary finds after public notice and opportunity for comment—

(1) will test a unique and previously untested use of copayments,

(2) is limited to a period of not more than two years,

(3) will provide benefits to recipients of medical assistance which can reasonably be expected to be equivalent to the risks to the recipients,

(4) is based on a reasonable hypothesis which the demonstration is designed to test in a methodologically sound manner, including the use of control groups of similar recipients of medical assistance in the area, and

(5) is voluntary, or makes provision for assumption of liability for preventable damage to the health of recipients of medical assistance resulting from involuntary participation.

(g) Individuals provided medical assistance under section 1396a(a)(10)(A)(ii)(XV) or (XVI)

With respect to individuals provided medical assistance only under subclause (XV) or (XVI) of section 1396a(a)(10)(A)(ii) of this title—

(1) a State may (in a uniform manner for individuals described in either such subclause)—

(A) require such individuals to pay premiums or other cost-sharing charges set on a sliding scale based on income that the State may determine; and

(B) require payment of 100 percent of such premiums for such year in the case of such an individual who has income for a year that exceeds 250 percent of the income official poverty line (referred to in subsection (c)(1)) applicable to a family of the size involved, except that in the case of such an individual who has income for a year that does not exceed 450 percent of such poverty line, such requirement may only apply to the extent such premiums do not exceed 7.5 percent of such income; and

(2) such State shall require payment of 100 percent of such premiums for a year by such an individual whose adjusted gross income (as defined in section 62 of the Internal Revenue Code of 1986) for such year exceeds $75,000, except that a State may choose to subsidize such premiums by using State funds which may not be federally matched under this subchapter.

In the case of any calendar year beginning after 2000, the dollar amount specified in paragraph (2) shall be increased in accordance with the provisions of section 415(i)(2)(A)(ii) of this title.

(h) Indexing nominal cost sharing

In applying this section and subsections (c) and (e) of section 1396o–1 of this title, with respect to cost sharing that is "nominal" in amount, the Secretary shall increase such "nominal" amounts for each year (beginning with 2006) by the annual percentage increase in the medical care component of the consumer price index for all urban consumers (U.S. city average) as rounded up in an appropriate manner.

(i) State option to impose income-related premiums for families of disabled children

(1) With respect to disabled children provided medical assistance under section 1396a(a)(10)(A)(ii)(XIX) of this title, subject to paragraph (2), a State may (in a uniform manner for such children) require the families of such children to pay monthly premiums set on a sliding scale based on family income.

(2) A premium requirement imposed under paragraph (1) may only apply to the extent that—

(A) in the case of a disabled child described in that paragraph whose family income—

(i) does not exceed 200 percent of the poverty line, the aggregate amount of such premium and any premium that the parent is required to pay for family coverage under section 1396a(cc)(2)(A)(i) of this title and other cost-sharing charges do not exceed 5 percent of the family's income; and

(ii) exceeds 200, but does not exceed 300, percent of the poverty line, the aggregate amount of such premium and any premium that the parent is required to pay for family coverage under section 1396a(cc)(2)(A)(i) of this title and other cost-sharing charges do not exceed 7.5 percent of the family's income; and

(B) the requirement is imposed consistent with section 1396a(cc)(2)(A)(ii)(I) of this title.

(3) A State shall not require prepayment of a premium imposed pursuant to paragraph (1) and shall not terminate eligibility of a child under section 1396a(a)(10)(A)(ii)(XIX) of this title for medical assistance under this subchapter on the basis of failure to pay any such premium until such failure continues for a period of at least 60 days from the date on which the premium became past due. The State may waive payment of any such premium in any case where the State determines that requiring such payment would create an undue hardship.

(j) No premiums or cost sharing for Indians furnished items or services directly by Indian health programs or through referral under contract health services

(1) No cost sharing for items or services furnished to Indians through Indian health programs

(A) In general

No enrollment fee, premium, or similar charge, and no deduction, copayment, cost sharing, or similar charge shall be imposed against an Indian who is furnished an item or service directly by the Indian Health Service, an Indian Tribe, Tribal Organization, or Urban Indian Organization or through referral under contract health services for which payment may be made under this subchapter.

(B) No reduction in amount of payment to Indian health providers

Payment due under this subchapter to the Indian Health Service, an Indian Tribe, Tribal Organization, or Urban Indian Organization, or a health care provider through referral under contract health services for the furnishing of an item or service to an Indian who is eligible for assistance under such subchapter, may not be reduced by the amount of any enrollment fee, premium, or similar charge, or any deduction, copayment, cost sharing, or similar charge that would be due from the Indian but for the operation of subparagraph (A).

(2) Rule of construction

Nothing in this subsection shall be construed as restricting the application of any other limitations on the imposition of premiums or cost sharing that may apply to an individual

receiving medical assistance under this subchapter who is an Indian.

(k) Special rules for certain expansion individuals

(1) Premiums

Beginning October 1, 2028, the State plan shall provide that in the case of a specified individual (as defined in paragraph (3)) who is eligible under the plan, no enrollment fee, premium, or similar charge will be imposed under the plan.

(2) Required imposition of cost sharing

(A) In general

Subject to subparagraph (B) and subsection (j), in the case of a specified individual, the State plan shall, beginning October 1, 2028, provide for the imposition of such deductions, cost sharing, or similar charges determined appropriate by the State (in an amount greater than $0) with respect to certain care, items, or services furnished to such an individual, as determined by the State.

(B) Limitations

(i) Exclusion of certain services

In no case may a deduction, cost sharing, or similar charge be imposed under the State plan with respect to care, items, or services described in any of subparagraphs (B) through (J) of subsection (a)(2), or any primary care services, mental health care services, substance use disorder services, or services provided by a Federally qualified health center (as defined in 1396d(l)(2) [1] of this title), certified community behavioral health clinic (as defined in section 1396d(jj)(2) of this title), or rural health clinic (as defined in 1396d(l)(1) [1] of this title), furnished to a specified individual.

(ii) Item and service limitation

(I) In general

Except as provided in subclause (II), in no case may a deduction, cost sharing, or similar charge imposed under the State plan with respect to care or an item or service furnished to a specified individual exceed $35.

(II) Special rules for prescription drugs

In no case may a deduction, cost sharing, or similar charge imposed under the State plan with respect to a prescription drug furnished to a specified individual exceed the limit that would be applicable under paragraph (2)(A)(i) or (2)(B) of section 1396o–1(c) of this title with respect to such drug and individual if such drug so furnished were subject to cost sharing under such section.

(iii) Maximum limit on cost sharing

The total aggregate amount of deductions, cost sharing, or similar charges imposed under the State plan for all individuals in the family may not exceed 5 percent of the family income of the family involved, as applied on a quarterly or monthly basis (as specified by the State).

(C) Cases of nonpayment

Notwithstanding subsection (e), a State may permit a provider participating under the State plan to require, as a condition for the provision of care, items, or services to a specified individual entitled to medical assistance under this subchapter for such care, items, or services, the payment of any deductions, cost sharing, or similar charges authorized to be imposed with respect to such care, items, or services. Nothing in this subparagraph shall be construed as preventing a provider from reducing or waiving the application of such deductions, cost sharing, or similar charges on a case-by-case basis.

(3) Specified individual defined

For purposes of this subsection, the term "specified individual" means an individual who has a family income (as determined in accordance with section 1396a(e)(14) of this title) that exceeds the poverty line (as defined in section 1397jj(c)(5) of this title) applicable to a family of the size involved and—

(xiv) Vaccines described in section 1396d(a)(13)(B) of this title and the administration of such vaccines.

(C) Construction

Nothing in this paragraph shall be construed as preventing a State from exempting additional classes of individuals from premiums under this section or from exempting additional individuals or services from cost sharing under subsection (a).

(4) Determinations of family income

In applying this subsection, family income shall be determined in a manner specified by the State for purposes of this subsection, including the use of such disregards as the State may provide. Family income shall be determined for such period and at such periodicity as the State may provide under this subchapter.

(5) Poverty line defined

For purposes of this section, the term "poverty line" has the meaning given such term in section 9902(2) of this title, including any revision required by such section.

(6) Construction

Nothing in this section shall be construed—

(A) as preventing a State from further limiting the premiums and cost sharing imposed under this section beyond the limitations provided under this section;

(B) as affecting the authority of the Secretary through waiver to modify limitations on premiums and cost sharing under this section; or

(C) as affecting any such waiver of requirements in effect under this subchapter before

February 8, 2006, with regard to the imposition of premiums and cost sharing.

(c) Special rules for cost sharing for prescription drugs

(1) In general

In order to encourage beneficiaries to use drugs (in this subsection referred to as "preferred drugs") identified by the State as the most (or more) cost effective prescription drugs within a class of drugs (as defined by the State), with respect to one or more groups of beneficiaries specified by the State, subject to paragraph (2), the State may—

(A) provide cost sharing (instead of the level of cost sharing otherwise permitted under section 1396o of this title, but subject to paragraphs (2) and (3)) with respect to drugs that are not preferred drugs within a class; and

(B) waive or reduce the cost sharing otherwise applicable for preferred drugs within such class and shall not apply any such cost sharing for such preferred drugs for individuals for whom cost sharing may not be imposed under subsection (a) due to the application of subsection (b)(3)(B).

(2) Limitations

(A) By income group

In no case may the cost sharing under paragraph (1)(A) with respect to a non-preferred drug exceed—

(i) in the case of an individual whose family income does not exceed 150 percent of the poverty line applicable to a family of the size involved, the amount of nominal cost sharing (as otherwise determined under section 1396o of this title); or

(ii) in the case of an individual whose family income exceeds 150 percent of the poverty line applicable to a family of the size involved, 20 percent of the cost of the drug.

(B) Limitation to nominal for exempt populations

In the case of an individual who is not subject to cost sharing under subsection (a) due to the application of paragraph (1)(B), any cost sharing under paragraph (1)(A) with respect to a non-preferred drug may not exceed a nominal amount (as otherwise determined under section 1396o of this title).

(C) Continued application of aggregate cap

In addition to the limitations imposed under subparagraphs (A) and (B), any cost sharing under paragraph (1)(A) continues to be subject to the aggregate cap on cost sharing applied under subsection (a)(2)(B) or under paragraph (1) or (2) of subsection (b), as the case may be.

(3) Waiver

In carrying out paragraph (1), a State shall provide for the application of cost sharing levels applicable to a preferred drug in the case of a drug that is not a preferred drug if the prescribing physician determines that the preferred drug for treatment of the same condition either would not be as effective for the individual or would have adverse effects for the individual or both.

(4) Exclusion authority

Nothing in this subsection shall be construed as preventing a State from excluding specified drugs or classes of drugs from the application of paragraph (1).

(d) Enforceability of premiums and other cost sharing

(1) Premiums

Notwithstanding section 1396o(c)(3) of this title and section 1396a(a)(10)(B) of this title, a State may, at its option, condition the provision of medical assistance for an individual upon prepayment of a premium authorized to be imposed under this section, or may terminate eligibility for such medical assistance on the basis of failure to pay such a premium but shall not terminate eligibility of an individual for medical assistance under this subchapter on the basis of failure to pay any such premium until such failure continues for a period of not less than 60 days. A State

may apply the previous sentence for some or all groups of beneficiaries as specified by the State and may waive payment of any such premium in any case where the State determines that requiring such payment would create an undue hardship.

(2) Cost sharing

Notwithstanding section 1396o(e) of this title or any other provision of law, a State may permit a provider participating under the State plan to require, as a condition for the provision of care, items, or services to an individual entitled to medical assistance under this subchapter for such care, items, or services, the payment of any cost sharing authorized to be imposed under this section with respect to such care, items, or services. Nothing in this paragraph shall be construed as preventing a provider from reducing or waiving the application of such cost sharing on a case-by-case basis.

(e) State option for permitting hospitals to impose cost sharing for non-emergency care furnished in an emergency department

(1) In general

Notwithstanding section 1396o of this title and section 1396a(a)(1) of this title or the previous provisions of this section, but subject to the limitations of paragraph (2), a State may, by amendment to its State plan under this subchapter, permit a hospital to impose cost sharing for non-emergency services furnished to an individual (within one or more groups of individuals specified by the State) in the hospital emergency department under this subsection if the following conditions are met:

(A) Access to non-emergency room provider

The individual has actually available and accessible (as such terms are applied by the Secretary under section 1396o(b)(3) of this title) an alternate non-emergency services provider with respect to such services.

(B) Notice

The hospital must inform the beneficiary after receiving an appropriate medical screening examination under section 1395dd of this title and after a determination has been made that the individual does not have an emergency medical condition, but before providing the non-emergency services, of the following:

(i) The hospital may require the payment of the State specified cost sharing before the service can be provided.

(ii) The name and location of an alternate non-emergency services provider (described in subparagraph (A)) that is actually available and accessible (as described in such subparagraph).

(iii) The fact that such alternate provider can provide the services without the imposition of cost sharing described in clause (i).

(iv) The hospital provides a referral to coordinate scheduling of this treatment.

Nothing in this subsection shall be construed as preventing a State from applying (or waiving) cost sharing otherwise permissible under this section to services described in clause (iii).

(2) Limitations

(A) Individuals with family income between 100 and 150 percent of the poverty line

In the case of an individual described in subsection (b)(1) who is not described in subparagraph (B), the cost sharing imposed under this subsection may not exceed twice the amount determined to be nominal under section 1396o of this title, subject to the percent of income limitation otherwise applicable under subsection (b)(1)(B)(ii).

(B) Application to exempt populations

In the case of an individual described in subsection (a)(2)(A) or who is not subject to cost sharing under subsection (b)(3)(B) with respect to non-emergency services described in

paragraph (1), a State may impose cost sharing under paragraph (1) for care in an amount that does not exceed a nominal amount (as otherwise determined under section 1396o of this title) so long as no cost sharing is imposed to receive such care through an outpatient department or other alternative health care provider in the geographic area of the hospital emergency department involved.

(C) Continued application of aggregate cap; relation to other cost sharing

In addition to the limitations imposed under subparagraphs (A) and (B), any cost sharing under paragraph (1) is subject to the aggregate cap on cost sharing applied under subsection (a)(2)(B) or under paragraph (1) or (2) of subsection (b), as the case may be. Cost sharing imposed for services under this subsection shall be instead of any cost sharing that may be imposed for such services under subsection (a) or section 1396o of this title.

(3) Construction

Nothing in this section shall be construed—

(A) to limit a hospital's obligations with respect to screening and stabilizing treatment of an emergency medical condition under section 1395dd of this title; or

(B) to modify any obligations under either State or Federal standards relating to the application of a prudent-layperson standard with respect to payment or coverage of emergency services by any managed care organization.

(4) Definitions

For purposes of this subsection:

(A) Non-emergency services

The term "non-emergency services" means any care or services furnished in an emergency department of a hospital that do not constitute an appropriate medical screening examination or stabilizing examination and treatment required to be provided by the hospital under section 1395dd of this title.

(B) Alternate non-emergency services provider

The term "alternative non-emergency services provider" means, with respect to non-emergency services for the diagnosis or treatment of a condition, a health care provider, such as a physician's office, health care clinic, community health center, hospital outpatient department, or similar health care provider, that can provide clinically appropriate services for the diagnosis or treatment of a condition contemporaneously with the provision of the non-emergency services that would be provided in an emergency department of a hospital for the diagnosis or treatment of a condition, and that is participating in the program under this subchapter.

§1396p. Liens, adjustments and recoveries, and transfers of assets

(a) Imposition of lien against property of an individual on account of medical assistance rendered to him under a State plan

(1) No lien may be imposed against the property of any individual prior to his death on account of medical assistance paid or to be paid on his behalf under the State plan, except—

(A) pursuant to the judgment of a court on account of benefits incorrectly paid on behalf of such individual, or

(B) in the case of the real property of an individual—

(i) who is an inpatient in a nursing facility, intermediate care facility for the mentally retarded, or other medical institution, if such individual is required, as a condition of receiving services in such institution under the State plan, to spend for costs of medical care all but a minimal amount of his income required for personal needs, and

(ii) with respect to whom the State determines, after notice and opportunity for a hearing (in accordance with procedures established by the State), that he cannot reasonably be expected to be discharged from the medical institution and to return home,

except as provided in paragraph (2).

(2) No lien may be imposed under paragraph (1)(B) on such individual's home if—

(A) the spouse of such individual,

(B) such individual's child who is under age 21, or (with respect to States eligible to participate in the State program established under subchapter XVI) is blind or permanently and totally disabled, or (with respect to States which are not eligible to participate in such program) is blind or disabled as defined in section 1382c of this title, or

(C) a sibling of such individual (who has an equity interest in such home and who was residing in such individual's home for a period of at least one year immediately before the date of the individual's admission to the medical institution),

is lawfully residing in such home.

(3) Any lien imposed with respect to an individual pursuant to paragraph (1)(B) shall dissolve upon that individual's discharge from the medical institution and return home.

(b) Adjustment or recovery of medical assistance correctly paid under a State plan

(1) No adjustment or recovery of any medical assistance correctly paid on behalf of an individual under the State plan may be made, except that the State shall seek adjustment or recovery of any medical assistance correctly paid on behalf of an individual under the State plan in the case of the following individuals:

(A) In the case of an individual described in subsection (a)(1)(B), the State shall seek adjustment or recovery from the individual's estate or upon sale of the property subject to a lien imposed on account of medical assistance paid on behalf of the individual.

(B) In the case of an individual who was 55 years of age or older when the individual received such medical assistance, the State shall seek adjustment or recovery from the individual's estate, but only for medical assistance consisting of—

(i) nursing facility services, home and community-based services, and related hospital and prescription drug services, or

(ii) at the option of the State, any items or services under the State plan (but not including medical assistance for medicare cost-sharing or for benefits described in section 1396a(a)(10)(E) of this title).

(C)(i) In the case of an individual who has received (or is entitled to receive) benefits under a long-term care insurance policy in connection with which assets or resources are disregarded in the manner described in clause (ii), except as provided in such clause, the State shall seek adjustment or recovery from the individual's estate on account of medical assistance paid on behalf of the individual for nursing facility and other long-term care services.

(ii) Clause (i) shall not apply in the case of an individual who received medical assistance under a State plan of a State which had a State plan amendment approved as of May 14, 1993, and which satisfies clause (iv), or which has a State plan amendment that provides for a qualified State long-term care insurance partnership (as defined in clause (iii)) which provided for the disregard of any assets or resources—

(I) to the extent that payments are made under a long-term care insurance policy; or

(II) because an individual has received (or is entitled to receive) benefits under a long-term care insurance policy.

(iii) For purposes of this paragraph, the term "qualified State long-term care insurance partnership" means an approved State plan amendment under this subchapter that provides for the disregard of any assets or resources in an amount equal to the insurance benefit payments that are made to or on behalf of an individual who is a beneficiary under a long-term care insurance policy if the following requirements are met:

(I) The policy covers an insured who was a resident of such State when coverage first became effective under the policy.

(II) The policy is a qualified long-term care insurance policy (as defined in section 7702B(b) of the Internal Revenue Code of 1986) issued not earlier than the effective date of the State plan amendment.

(III) The policy meets the model regulations and the requirements of the model Act specified in paragraph (5).

(IV) If the policy is sold to an individual who—

(aa) has not attained age 61 as of the date of purchase, the policy provides compound annual inflation protection;

(bb) has attained age 61 but has not attained age 76 as of such date, the policy provides some level of inflation protection; and

(cc) has attained age 76 as of such date, the policy may (but is not required to) provide some level of inflation protection.

(V) The State Medicaid agency under section 1396a(a)(5) of this title provides information and technical assistance to the State insurance department on the insurance department's role of assuring that any individual who sells a long-term care insurance policy under the partnership receives training and demonstrates evidence of an understanding of such policies and how they relate to other public and private coverage of long-term care.

(VI) The issuer of the policy provides regular reports to the Secretary, in accordance with regulations of the Secretary, that include notification regarding when benefits provided under the policy have been paid and the amount of such benefits paid, notification regarding when the policy otherwise terminates, and such other information as the Secretary determines may be appropriate to the administration of such partnerships.

(VII) The State does not impose any requirement affecting the terms or benefits of such a policy unless the State imposes such requirement on long-term care insurance policies without regard to whether the policy is covered under the partnership or is offered in connection with such a partnership.

In the case of a long-term care insurance policy which is exchanged for another such policy, subclause (I) shall be applied based on the coverage of the first such policy that was exchanged. For purposes of this clause and paragraph (5), the term "long-term care insurance policy" includes a certificate issued under a group insurance contract.

(iv) With respect to a State which had a State plan amendment approved as of May 14, 1993, such a State satisfies this clause for purposes of clause (ii) if the Secretary determines that the State plan amendment provides for consumer protection standards which are no less stringent than the consumer protection standards which applied under such State plan amendment as of December 31, 2005.

(v) The regulations of the Secretary required under clause (iii)(VI) shall be promulgated after consultation with the National Association of Insurance Commissioners, issuers of long-term care insurance policies, States with experience with long-term care insurance partnership plans, other States, and representatives of consumers of long-term care insurance policies, and shall specify the type and format of the data and information to be reported and the frequency with which such reports are to be made. The Secretary, as appropriate, shall provide copies of the reports provided in accordance with that clause to the State involved.

(vi) The Secretary, in consultation with other appropriate Federal agencies, issuers of long-term care insurance, the National Association of Insurance Commissioners, State insurance commissioners, States with experience with long-term care insurance partnership plans, other States, and representatives of consumers of long-term care insurance policies, shall develop recommendations for Congress to authorize and fund a uniform minimum data set to be reported electronically by all issuers of long-term care insurance policies under qualified State long-term care insurance partnerships to a secure, centralized electronic query and report-generating mechanism that the State, the Secretary, and other Federal agencies can access.

(2) Any adjustment or recovery under paragraph (1) may be made only after the death of the individual's surviving spouse, if any, and only at a time—

(A) when he has no surviving child who is under age 21, or (with respect to States eligible to

participate in the State program established under subchapter XVI) is blind or permanently and totally disabled, or (with respect to States which are not eligible to participate in such program) is blind or disabled as defined in section 1382c of this title; and

(B) in the case of a lien on an individual's home under subsection (a)(1)(B), when—

(i) no sibling of the individual (who was residing in the individual's home for a period of at least one year immediately before the date of the individual's admission to the medical institution), and

(ii) no son or daughter of the individual (who was residing in the individual's home for a period of at least two years immediately before the date of the individual's admission to the medical institution, and who establishes to the satisfaction of the State that he or she provided care to such individual which permitted such individual to reside at home rather than in an institution),

is lawfully residing in such home who has lawfully resided in such home on a continuous basis since the date of the individual's admission to the medical institution.

(3)(A) The State agency shall establish procedures (in accordance with standards specified by the Secretary) under which the agency shall waive the application of this subsection (other than paragraph (1)(C)) if such application would work an undue hardship as determined on the basis of criteria established by the Secretary.

(B) The standards specified by the Secretary under subparagraph (A) shall require that the procedures established by the State agency under subparagraph (A) exempt income, resources, and property that are exempt from the application of this subsection as of April 1, 2003, under manual instructions issued to carry out this subsection (as in effect on such date) because of the Federal responsibility for Indian Tribes and Alaska Native Villages. Nothing in this subparagraph shall be construed as preventing the Secretary from providing additional estate recovery exemptions under this subchapter for Indians.

(4) For purposes of this subsection, the term "estate", with respect to a deceased individual—

(A) shall include all real and personal property and other assets included within the individual's estate, as defined for purposes of State probate law; and

(B) may include, at the option of the State (and shall include, in the case of an individual to whom paragraph (1)(C)(i) applies), any other real and personal property and other assets in which the individual had any legal title or interest at the time of death (to the extent of such interest), including such assets conveyed to a survivor, heir, or assign of the deceased individual through joint tenancy, tenancy in common, survivorship, life estate, living trust, or other arrangement.

(5)(A) For purposes of clause (iii)(III), the model regulations and the requirements of the model Act specified in this paragraph are:

(i) In the case of the model regulation, the following requirements:

(I) Section 6A (relating to guaranteed renewal or noncancellability), other than paragraph (5) thereof, and the requirements of section 6B of the model Act relating to such section 6A.

(II) Section 6B (relating to prohibitions on limitations and exclusions) other than paragraph (7) thereof.

(III) Section 6C (relating to extension of benefits).

(IV) Section 6D (relating to continuation or conversion of coverage).

(V) Section 6E (relating to discontinuance and replacement of policies).

(VI) Section 7 (relating to unintentional lapse).

(VII) Section 8 (relating to disclosure), other than sections 8F, 8G, 8H, and 8I thereof.

(VIII) Section 9 (relating to required disclosure of rating practices to consumer).

(IX) Section 11 (relating to prohibitions against post-claims underwriting).

(X) Section 12 (relating to minimum standards).

(XI) Section 14 (relating to application forms and replacement coverage).

(XII) Section 15 (relating to reporting requirements).

(XIII) Section 22 (relating to filing requirements for marketing).

(XIV) Section 23 (relating to standards for marketing), including inaccurate completion of medical histories, other than paragraphs (1), (6), and (9) of section 23C.

(XV) Section 24 (relating to suitability).

(XVI) Section 25 (relating to prohibition against preexisting conditions and probationary periods in replacement policies or certificates).

(XVII) The provisions of section 26 relating to contingent nonforfeiture benefits, if the policyholder declines the offer of a nonforfeiture provision described in paragraph (4).

(XVIII) Section 29 (relating to standard format outline of coverage).

(XIX) Section 30 (relating to requirement to deliver shopper's guide).

(ii) In the case of the model Act, the following:

(I) Section 6C (relating to preexisting conditions).

(II) Section 6D (relating to prior hospitalization).

(III) The provisions of section 8 relating to contingent nonforfeiture benefits.

(IV) Section 6F (relating to right to return).

(V) Section 6G (relating to outline of coverage).

(VI) Section 6H (relating to requirements for certificates under group plans).

(VII) Section 6J (relating to policy summary).

(VIII) Section 6K (relating to monthly reports on accelerated death benefits).

(IX) Section 7 (relating to incontestability period).

(B) For purposes of this paragraph and paragraph (1)(C)—

(i) the terms "model regulation" and "model Act" mean the long-term care insurance model regulation, and the long-term care insurance model Act, respectively, promulgated by the National Association of Insurance Commissioners (as adopted as of October 2000);

(ii) any provision of the model regulation or model Act listed under subparagraph (A) shall be treated as including any other provision of such regulation or Act necessary to implement the provision; and

(iii) with respect to a long-term care insurance policy issued in a State, the policy shall be deemed to meet applicable requirements of the model regulation or the model Act if the State plan amendment under paragraph (1)(C)(iii) provides that the State insurance commissioner for the State certifies (in a manner satisfactory to the Secretary) that the policy meets such requirements.

(C) Not later than 12 months after the National Association of Insurance Commissioners issues a revision, update, or other modification of a model regulation or model Act provision specified in subparagraph (A), or of any provision of such regulation or Act that is substantively related to a provision specified in such subparagraph, the Secretary shall review the changes made to the provision, determine whether incorporating such changes into the corresponding provision specified in such subparagraph would improve qualified State long-term care insurance partnerships, and if so, shall incorporate the changes into such provision.

(c) Taking into account certain transfers of assets

(1)(A) In order to meet the requirements of this subsection for purposes of section 1396a(a)(18) of this title, the State plan must provide that if an institutionalized individual or the spouse of such an individual (or, at the option of a State, a noninstitutionalized individual or the spouse of such an individual) disposes of assets for less than fair market value on or after the look-back date specified in subparagraph (B)(i), the individual is ineligible for medical assistance for services described in subparagraph (C)(i) (or, in the case of a noninstitutionalized individual, for the services described in subparagraph (C)(ii)) during the period beginning on the date specified in subparagraph (D) and equal to the number of months specified in subparagraph (E).

(B)(i) The look-back date specified in this subparagraph is a date that is 36 months (or, in the case of payments from a trust or portions of a trust that are treated as assets disposed of by the individual pursuant to paragraph (3)(A)(iii) or (3)(B)(ii) of subsection (d) or in the case of any other disposal of

assets made on or after February 8, 2006, 60 months) before the date specified in clause (ii).

(ii) The date specified in this clause, with respect to—

(I) an institutionalized individual is the first date as of which the individual both is an institutionalized individual and has applied for medical assistance under the State plan, or

(II) a noninstitutionalized individual is the date on which the individual applies for medical assistance under the State plan or, if later, the date on which the individual disposes of assets for less than fair market value.

(C)(i) The services described in this subparagraph with respect to an institutionalized individual are the following:

(I) Nursing facility services.

(II) A level of care in any institution equivalent to that of nursing facility services.

(III) Home or community-based services furnished under a waiver granted under subsection (c) or (d) of section 1396n of this title.

(ii) The services described in this subparagraph with respect to a noninstitutionalized individual are services (not including any services described in clause (i)) that are described in paragraph (7), (22), or (24) of section 1396d(a) of this title, and, at the option of a State, other long-term care services for which medical assistance is otherwise available under the State plan to individuals requiring long-term care.

(D)(i) In the case of a transfer of asset made before February 8, 2006, the date specified in this subparagraph is the first day of the first month during or after which assets have been transferred for less than fair market value and which does not occur in any other periods of ineligibility under this subsection.

(ii) In the case of a transfer of asset made on or after February 8, 2006, the date specified in this subparagraph is the first day of a month during or after which assets have been transferred for less than fair market value, or the date on which the individual is eligible for medical assistance under the State plan and would otherwise be receiving institutional level care described in subparagraph (C) based on an approved application for such care but for the application of the penalty period, whichever is later, and which does not occur during any other period of ineligibility under this subsection.

(E)(i) With respect to an institutionalized individual, the number of months of ineligibility under this subparagraph for an individual shall be equal to—

(I) the total, cumulative uncompensated value of all assets transferred by the individual (or individual's spouse) on or after the look-back date specified in subparagraph (B)(i), divided by

(II) the average monthly cost to a private patient of nursing facility services in the State (or, at the option of the State, in the community in which the individual is institutionalized) at the time of application.

(ii) With respect to a noninstitutionalized individual, the number of months of ineligibility under this subparagraph for an individual shall not be greater than a number equal to—

(I) the total, cumulative uncompensated value of all assets transferred by the individual (or individual's spouse) on or after the look-back date specified in subparagraph (B)(i), divided by

(II) the average monthly cost to a private patient of nursing facility services in the State (or, at the option of the State, in the community in which the individual is institutionalized) at the time of application.

(iii) The number of months of ineligibility otherwise determined under clause (i) or (ii) with respect to the disposal of an asset shall be reduced—

(I) in the case of periods of ineligibility determined under clause (i), by the number of months of ineligibility applicable to the individual under clause (ii) as a result of such disposal, and

(II) in the case of periods of ineligibility determined under clause (ii), by the number of months of ineligibility applicable to the individual under clause (i) as a result of such disposal.

(iv) A State shall not round down, or otherwise disregard any fractional period of ineligibility determined under clause (i) or (ii) with respect to the disposal of assets.

(F) For purposes of this paragraph, the purchase of an annuity shall be treated as the disposal of an asset for less than fair market value unless—

(i) the State is named as the remainder beneficiary in the first position for at least the total amount of medical assistance paid on behalf of the institutionalized individual under this subchapter; or

(ii) the State is named as such a beneficiary in the second position after the community spouse or minor or disabled child and is named in the first position if such spouse or a representative of such child disposes of any such remainder for less than fair market value.

(G) For purposes of this paragraph with respect to a transfer of assets, the term "assets" includes an annuity purchased by or on behalf of an annuitant who has applied for medical assistance with respect to nursing facility services or other long-term care services under this subchapter unless—

(i) the annuity is—

(I) an annuity described in subsection (b) or (q) of section 408 of the Internal Revenue Code of 1986; or

(II) purchased with proceeds from—

(aa) an account or trust described in subsection (a), (c), or (p) of section 408 of such Code;

(bb) a simplified employee pension (within the meaning of section 408(k) of such Code); or

(cc) a Roth IRA described in section 408A of such Code; or

(ii) the annuity—

(I) is irrevocable and nonassignable;

(II) is actuarially sound (as determined in accordance with actuarial publications of the Office of the Chief Actuary of the Social Security Administration); and

(III) provides for payments in equal amounts during the term of the annuity, with no deferral and no balloon payments made.

(H) Notwithstanding the preceding provisions of this paragraph, in the case of an individual (or individual's spouse) who makes multiple fractional transfers of assets in more than 1 month for less than fair market value on or after the applicable look-back date specified in subparagraph (B), a State may determine the period of ineligibility applicable to such individual under this paragraph by—

(i) treating the total, cumulative uncompensated value of all assets transferred by the individual (or individual's spouse) during all months on or after the look-back date specified in subparagraph (B) as 1 transfer for purposes of clause (i) or (ii) (as the case may be) of subparagraph (E); and

(ii) beginning such period on the earliest date which would apply under subparagraph (D) to any of such transfers.

(I) For purposes of this paragraph with respect to a transfer of assets, the term "assets" includes funds used to purchase a promissory note, loan, or mortgage unless such note, loan, or mortgage—

(i) has a repayment term that is actuarially sound (as determined in accordance with actuarial publications of the Office of the Chief Actuary of the Social Security Administration);

(ii) provides for payments to be made in equal amounts during the term of the loan, with no deferral and no balloon payments made; and

(iii) prohibits the cancellation of the balance upon the death of the lender.

In the case of a promissory note, loan, or mortgage that does not satisfy the requirements of clauses (i) through (iii), the value of such note, loan, or mortgage shall be the outstanding balance due as of the date of the individual's application for medical assistance for services described in subparagraph (C).

(J) For purposes of this paragraph with respect to a transfer of assets, the term "assets" includes the purchase of a life estate interest in another individual's home unless the purchaser resides in the home for a period of at least 1 year after the date of the purchase.

(2) An individual shall not be ineligible for medical assistance by reason of paragraph (1) to the extent that—

(A) the assets transferred were a home and title to the home was transferred to—

(i) the spouse of such individual;

(ii) a child of such individual who (I) is under age 21, or (II) (with respect to States eligible to participate in the State program established under subchapter XVI) is blind or permanently and totally disabled, or (with respect to States which are not eligible to participate in such program) is blind or disabled as defined in section 1382c of this title;

(iii) a sibling of such individual who has an equity interest in such home and who was residing in such individual's home for a period of at least one year immediately before the date the individual becomes an institutionalized individual; or

(iv) a son or daughter of such individual (other than a child described in clause (ii)) who was residing in such individual's home for a period of at least two years immediately before the date the individual becomes an institutionalized individual, and who (as determined by the State) provided care to such individual which permitted such individual to reside at home rather than in such an institution or facility;

(B) the assets—

(i) were transferred to the individual's spouse or to another for the sole benefit of the individual's spouse,

(ii) were transferred from the individual's spouse to another for the sole benefit of the individual's spouse,

(iii) were transferred to, or to a trust (including a trust described in subsection (d)(4)) established solely for the benefit of, the individual's child described in subparagraph (A)(ii)(II), or

(iv) were transferred to a trust (including a trust described in subsection (d)(4)) established solely for the benefit of an individual under 65 years of age who is disabled (as defined in section 1382c(a)(3) of this title);

(C) a satisfactory showing is made to the State (in accordance with regulations promulgated by the Secretary) that (i) the individual intended to dispose of the assets either at fair market value, or for other valuable consideration, (ii) the assets were transferred exclusively for a purpose other than to qualify for medical assistance, or (iii) all assets transferred for less than fair market value have been returned to the individual; or

(D) the State determines, under procedures established by the State (in accordance with standards specified by the Secretary), that the denial of eligibility would work an undue hardship as determined on the basis of criteria established by the Secretary.

The procedures established under subparagraph (D) shall permit the facility in which the institutionalized individual is residing to file an undue hardship waiver application on behalf of the individual with the consent of the individual or the personal representative of the individual. While an application for an undue hardship waiver is pending under subparagraph (D) in the case of an individual who is a resident of a nursing facility, if the application meets such criteria as the Secretary specifies, the State may provide for payments for nursing facility services in order to hold the bed for the individual at the facility, but not in excess of payments for 30 days.

(3) For purposes of this subsection, in the case of an asset held by an individual in common with another person or persons in a joint tenancy, tenancy in common, or similar arrangement, the asset (or the affected portion of such asset) shall be considered to be transferred by such individual when any action is taken, either by such individual or by any other person, that reduces or eliminates such individual's ownership or control of such asset.

(4) A State (including a State which has elected treatment under section 1396a(f) of this title) may not provide for any period of ineligibility for an individual due to transfer of resources for less than fair market value except in accordance with this subsection. In the case of a transfer by the spouse of an individual which results in a period of ineligibility for medical assistance under a State plan for such individual, a State shall, using a reasonable methodology (as specified by the Secretary), apportion such period of ineligibility (or any portion of such period) among the individual and the individual's spouse if the spouse otherwise becomes eligible for medical assistance under the State plan.

(5) In this subsection, the term "resources" has the meaning given such term in section 1382b of this title, without regard to the exclusion described in subsection (a)(1) thereof.

(d) Treatment of trust amounts

(1) For purposes of determining an individual's eligibility for, or amount of, benefits under a State plan under this subchapter, subject to paragraph (4), the rules specified in paragraph (3) shall apply to a trust established by such individual.

(2)(A) For purposes of this subsection, an individual shall be considered to have established a trust if assets of the individual were used to form all or part of the corpus of the trust and if any of the following individuals established such trust other than by will:

(i) The individual.

(ii) The individual's spouse.

(iii) A person, including a court or administrative body, with legal authority to act in place of or on behalf of the individual or the individual's spouse.

(iv) A person, including any court or administrative body, acting at the direction or upon the request of the individual or the individual's spouse.

(B) In the case of a trust the corpus of which includes assets of an individual (as determined under subparagraph (A)) and assets of any other person or persons, the provisions of this subsection shall apply to the portion of the trust attributable to the assets of the individual.

(C) Subject to paragraph (4), this subsection shall apply without regard to—

(i) the purposes for which a trust is established,

(ii) whether the trustees have or exercise any discretion under the trust,

(iii) any restrictions on when or whether distributions may be made from the trust, or

(iv) any restrictions on the use of distributions from the trust.

(3)(A) In the case of a revocable trust—

(i) the corpus of the trust shall be considered resources available to the individual,

(ii) payments from the trust to or for the benefit of the individual shall be considered income of the individual, and

(iii) any other payments from the trust shall be considered assets disposed of by the individual for purposes of subsection (c).

(B) In the case of an irrevocable trust—

(i) if there are any circumstances under which payment from the trust could be made to or for the benefit of the individual, the portion of the corpus from which, or the income on the corpus from which, payment to the individual could be made shall be considered resources available to the individual, and payments from that portion of the corpus or income—

(I) to or for the benefit of the individual, shall be considered income of the individual, and

(II) for any other purpose, shall be considered a transfer of assets by the individual subject to subsection (c); and

(ii) any portion of the trust from which, or any income on the corpus from which, no payment could under any circumstances be made to the individual shall be considered, as of the date of establishment of the trust (or, if later, the date on which payment to the individual was foreclosed) to be assets disposed by the individual for purposes of subsection (c), and the value of the trust

shall be determined for purposes of such subsection by including the amount of any payments made from such portion of the trust after such date.

(4) This subsection shall not apply to any of the following trusts:

(A) A trust containing the assets of an individual under age 65 who is disabled (as defined in section 1382c(a)(3) of this title) and which is established for the benefit of such individual by the individual, a parent, grandparent, legal guardian of the individual, or a court if the State will receive all amounts remaining in the trust upon the death of such individual up to an amount equal to the total medical assistance paid on behalf of the individual under a State plan under this subchapter.

(B) A trust established in a State for the benefit of an individual if—

(i) the trust is composed only of pension, Social Security, and other income to the individual (and accumulated income in the trust),

(ii) the State will receive all amounts remaining in the trust upon the death of such individual up to an amount equal to the total medical assistance paid on behalf of the individual under a State plan under this subchapter; and

(iii) the State makes medical assistance available to individuals described in section 1396a(a)(10)(A)(ii)(V) of this title, but does not make such assistance available to individuals for nursing facility services under section 1396a(a)(10)(C) of this title.

(C) A trust containing the assets of an individual who is disabled (as defined in section 1382c(a)(3) of this title) that meets the following conditions:

(i) The trust is established and managed by a non-profit association.

(ii) A separate account is maintained for each beneficiary of the trust, but, for purposes of investment and management of funds, the trust pools these accounts.

(iii) Accounts in the trust are established solely for the benefit of individuals who are disabled (as defined in section 1382c(a)(3) of this title) by the parent, grandparent, or legal guardian of such individuals, by such individuals, or by a court.

(iv) To the extent that amounts remaining in the beneficiary's account upon the death of the beneficiary are not retained by the trust, the trust pays to the State from such remaining amounts in the account an amount equal to the total amount of medical assistance paid on behalf of the beneficiary under the State plan under this subchapter.

(5) The State agency shall establish procedures (in accordance with standards specified by the Secretary) under which the agency waives the application of this subsection with respect to an individual if the individual establishes that such application would work an undue hardship on the individual as determined on the basis of criteria established by the Secretary.

(6) The term "trust" includes any legal instrument or device that is similar to a trust but includes an annuity only to such extent and in such manner as the Secretary specifies.

(e) Disclosure and treatment of annuities

(a) "Nursing facility" defined

In this subchapter, the term "nursing facility" means an institution (or a distinct part of an institution) which—

(1) is primarily engaged in providing to residents—

(A) skilled nursing care and related services for residents who require medical or nursing care,

(B) rehabilitation services for the rehabilitation of injured, disabled, or sick persons, or

(C) on a regular basis, health-related care and services to individuals who because of their mental or physical condition require care and services (above the level of room and board) which can be made available to them only through institutional facilities,

and is not primarily for the care and treatment of mental diseases;

(2) has in effect a transfer agreement (meeting the requirements of section 1395x(l) of this title) with one or more hospitals having agreements in effect under section 1395cc of this title; and

(3) meets the requirements for a nursing facility described in subsections (b), (c), and (d) of this section.

Such term also includes any facility which is located in a State on an Indian reservation and is certified by the Secretary as meeting the requirements of paragraph (1) and subsections (b), (c), and (d).

(b) Requirements relating to provision of services

(1) Quality of life

(A) In general

A nursing facility must care for its residents in such a manner and in such an environment as will promote maintenance or enhancement of the quality of life of each resident.

(B) Quality assessment and assurance

A nursing facility must maintain a quality assessment and assurance committee, consisting of the director of nursing services, a physician designated by the facility, and at least 3 other members of the facility's staff, which (i) meets at least quarterly to identify issues with respect to which quality assessment and assurance activities are necessary and (ii) develops and implements appropriate plans of action to correct identified quality deficiencies. A State or the Secretary may not require disclosure of the records of such committee except insofar as such disclosure is related to the compliance of such committee with the requirements of this subparagraph.

(2) Scope of services and activities under plan of care

A nursing facility must provide services and activities to attain or maintain the highest practicable physical, mental, and psychosocial well-being of each resident in accordance with a written plan of care which—

(A) describes the medical, nursing, and psychosocial needs of the resident and how such needs will be met;

(B) is initially prepared, with the participation to the extent practicable of the resident or the resident's family or legal representative, by a team which includes the resident's attending physician and a registered professional nurse with responsibility for the resident; and

(C) is periodically reviewed and revised by such team after each assessment under paragraph (3).

(3) Residents' assessment

(A) Requirement

A nursing facility must conduct a comprehensive, accurate, standardized, reproducible assessment of each resident's functional capacity, which assessment—

(i) describes the resident's capability to perform daily life functions and significant impairments in functional capacity;

(ii) is based on a uniform minimum data set specified by the Secretary under subsection (f)(6)(A);

(iii) uses an instrument which is specified by the State under subsection (e)(5); and

(iv) includes the identification of medical problems.

(B) Certification

(i) In general

Each such assessment must be conducted or coordinated (with the appropriate participation of health professionals) by a registered professional nurse who signs and certifies the completion of the assessment. Each individual who completes a portion of such an assessment shall sign and certify as to the accuracy of that portion of the assessment.

(ii) Penalty for falsification

(I) An individual who willfully and knowingly certifies under clause (i) a material and false statement in a resident assessment is subject to a civil money penalty of not more than $1,000 with respect to each assessment.

(II) An individual who willfully and knowingly causes another individual to certify under clause (i) a material and false statement in a resident assessment is subject to a civil money penalty of not more than $5,000 with respect to each assessment.

(III) The provisions of section 1320a–7a of this title (other than subsections (a) and (b)) shall apply to a civil money penalty under this clause in the same manner as such provisions apply to a penalty or proceeding under section 1320a–7a(a) of this title.

(iii) Use of independent assessors

If a State determines, under a survey under subsection (g) or otherwise, that there has been a knowing and willful certification of false assessments under this paragraph, the State may require (for a period specified by the State) that resident assessments under this paragraph be conducted and certified by individuals who are independent of the facility and who are approved by the State.

(C) Frequency

(i) In general

Such an assessment must be conducted—

(I) promptly upon (but no later than 14 days after the date of) admission for each individual admitted on or after October 1, 1990, and by not later than October 1, 1991, for each resident of the facility on that date;

(II) promptly after a significant change in the resident's physical or mental condition; and

(III) in no case less often than once every 12 months.

(ii) Resident review

The nursing facility must examine each resident no less frequently than once every 3 months and, as appropriate, revise the resident's assessment to assure the continuing accuracy of the assessment.

(D) Use

The results of such an assessment shall be used in developing, reviewing, and revising the resident's plan of care under paragraph (2).

(E) Coordination

Such assessments shall be coordinated with any State-required preadmission screening program to the maximum extent practicable in order to avoid duplicative testing and effort. In addition, a nursing facility shall notify the State mental health authority or State mental

retardation or developmental disability authority, as applicable, promptly after a significant change in the physical or mental condition of a resident who is mentally ill or mentally retarded.

(F) Requirements relating to preadmission screening for mentally ill and mentally retarded individuals

Except as provided in clauses (ii) and (iii) of subsection (e)(7)(A), a nursing facility must not admit, on or after January 1, 1989, any new resident who—

(i) is mentally ill (as defined in subsection (e)(7)(G)(i)) unless the State mental health authority has determined (based on an independent physical and mental evaluation performed by a person or entity other than the State mental health authority) prior to admission that, because of the physical and mental condition of the individual, the individual requires the level of services provided by a nursing facility, and, if the individual requires such level of services, whether the individual requires specialized services for mental illness, or

(ii) is mentally retarded (as defined in subsection (e)(7)(G)(ii)) unless the State mental retardation or developmental disability authority has determined prior to admission that, because of the physical and mental condition of the individual, the individual requires the level of services provided by a nursing facility, and, if the individual requires such level of services, whether the individual requires specialized services for mental retardation.

A State mental health authority and a State mental retardation or developmental disability authority may not delegate (by subcontract or otherwise) their responsibilities under this subparagraph to a nursing facility (or to an entity that has a direct or indirect affiliation or relationship with such a facility).

(4) Provision of services and activities

(A) In general

To the extent needed to fulfill all plans of care described in paragraph (2), a nursing facility must provide (or arrange for the provision of)—

(i) nursing and related services and specialized rehabilitative services to attain or maintain the highest practicable physical, mental, and psychosocial well-being of each resident;

(ii) medically-related social services to attain or maintain the highest practicable physical, mental, and psychosocial well-being of each resident;

(iii) pharmaceutical services (including procedures that assure the accurate acquiring, receiving, dispensing, and administering of all drugs and biologicals) to meet the needs of each resident;

(iv) dietary services that assure that the meals meet the daily nutritional and special dietary needs of each resident;

(v) an on-going program, directed by a qualified professional, of activities designed to meet the interests and the physical, mental, and psychosocial well-being of each resident;

(vi) routine dental services (to the extent covered under the State plan) and emergency dental services to meet the needs of each resident; and

(vii) treatment and services required by mentally ill and mentally retarded residents not otherwise provided or arranged for (or required to be provided or arranged for) by the State.

The services provided or arranged by the facility must meet professional standards of quality.

(B) Qualified persons providing services

Services described in clauses (i), (ii), (iii), (iv), and (vi) of subparagraph (A) must be provided by qualified persons in accordance with each resident's written plan of care.

(C) Required nursing care; facility waivers

(i) General requirements

With respect to nursing facility services provided on or after October 1, 1990, a nursing facility—

(I) except as provided in clause (ii), must provide 24-hour licensed nursing services which are sufficient to meet the nursing needs of its residents, and

(II) except as provided in clause (ii), must use the services of a registered professional nurse for at least 8 consecutive hours a day, 7 days a week.

(ii) Waiver by State

To the extent that a facility is unable to meet the requirements of clause (i), a State may waive such requirements with respect to the facility if—

(I) the facility demonstrates to the satisfaction of the State that the facility has been unable, despite diligent efforts (including offering wages at the community prevailing rate for nursing facilities), to recruit appropriate personnel,

(II) the State determines that a waiver of the requirement will not endanger the health or safety of individuals staying in the facility,

(III) the State finds that, for any such periods in which licensed nursing services are not available, a registered professional nurse or a physician is obligated to respond immediately to telephone calls from the facility,

(IV) the State agency granting a waiver of such requirements provides notice of the waiver to the State long-term care ombudsman (established under section 307(a)(12) [1] of the Older Americans Act of 1965) and the protection and advocacy system in the State for the mentally ill and the mentally retarded, and

(V) the nursing facility that is granted such a waiver by a State notifies residents of the facility (or, where appropriate, the guardians or legal representatives of such residents) and members of their immediate families of the waiver.

A waiver under this clause shall be subject to annual review and to the review of the Secretary and subject to clause (iii) shall be accepted by the Secretary for purposes of this subchapter to the same extent as is the State's certification of the facility. In granting or renewing a waiver, a State may require the facility to use other qualified, licensed personnel.

(iii) Assumption of waiver authority by Secretary

If the Secretary determines that a State has shown a clear pattern and practice of allowing waivers in the absence of diligent efforts by facilities to meet the staffing requirements, the Secretary shall assume and exercise the authority of the State to grant waivers.

(5) Required training of nurse aides

(A) In general

(i) Except as provided in clause (ii), a nursing facility must not use on a full-time basis any individual as a nurse aide in the facility on or after October 1, 1990, for more than 4 months unless the individual—

(I) has completed a training and competency evaluation program, or a competency evaluation program, approved by the State under subsection (e)(1)(A), and

(II) is competent to provide nursing or nursing-related services.

(ii) A nursing facility must not use on a temporary, per diem, leased, or on any other basis other than as a permanent employee any individual as a nurse aide in the facility on or after January 1, 1991, unless the individual meets the requirements described in clause (i).

(B) Offering competency evaluation programs for current employees

A nursing facility must provide, for individuals used as a nurse aide by the facility as of January 1, 1990, for a competency evaluation program approved by the State under subsection (e)(1) and such preparation as may be necessary for the individual to complete such a program by October 1, 1990.

(C) Competency

The nursing facility must not permit an individual, other than in a training and competency

evaluation program approved by the State, to serve as a nurse aide or provide services of a type for which the individual has not demonstrated competency and must not use such an individual as a nurse aide unless the facility has inquired of any State registry established under subsection (e)(2)(A) that the facility believes will include information concerning the individual.

(D) Re-training required

For purposes of subparagraph (A), if, since an individual's most recent completion of a training and competency evaluation program, there has been a continuous period of 24 consecutive months during none of which the individual performed nursing or nursing-related services for monetary compensation, such individual shall complete a new training and competency evaluation program, or a new competency evaluation program.

(E) Regular in-service education

The nursing facility must provide such regular performance review and regular in-service education as assures that individuals used as nurse aides are competent to perform services as nurse aides, including training for individuals providing nursing and nursing-related services to residents with cognitive impairments.

(F) "Nurse aide" defined

In this paragraph, the term "nurse aide" means any individual providing nursing or nursing-related services to residents in a nursing facility, but does not include an individual—

(i) who is a licensed health professional (as defined in subparagraph (G)) or a registered dietician, or

(ii) who volunteers to provide such services without monetary compensation.

Such term includes an individual who provides such services through an agency or under a contract with the facility.

(G) Licensed health professional defined

In this paragraph, the term "licensed health professional" means a physician, physician assistant, nurse practitioner, physical, speech, or occupational therapist, physical or occupational therapy assistant, registered professional nurse, licensed practical nurse, or licensed or certified social worker.

(6) Physician supervision and clinical records

A nursing facility must—

(A) require that the health care of every resident be provided under the supervision of a physician (or, at the option of a State, under the supervision of a nurse practitioner, clinical nurse specialist, or physician assistant who is not an employee of the facility but who is working in collaboration with a physician);

(B) provide for having a physician available to furnish necessary medical care in case of emergency; and

(C) maintain clinical records on all residents, which records include the plans of care (described in paragraph (2)) and the residents' assessments (described in paragraph (3)), as well as the results of any pre-admission screening conducted under subsection (e)(7).

(7) Required social services

In the case of a nursing facility with more than 120 beds, the facility must have at least one social worker (with at least a bachelor's degree in social work or similar professional qualifications) employed full-time to provide or assure the provision of social services.

(8) Information on nurse staffing

(A) In general

A nursing facility shall post daily for each shift the current number of licensed and unlicensed nursing staff directly responsible for resident care in the facility. The information shall be displayed in a uniform manner (as specified by the Secretary) and in a clearly visible place.

(B) Publication of data

A nursing facility shall, upon request, make available to the public the nursing staff data described in subparagraph (A).

(c) Requirements relating to residents' rights

(1) General rights

(A) Specified rights

A nursing facility must protect and promote the rights of each resident, including each of the following rights:

(i) Free choice

The right to choose a personal attending physician, to be fully informed in advance about care and treatment, to be fully informed in advance of any changes in care or treatment that may affect the resident's well-being, and (except with respect to a resident adjudged incompetent) to participate in planning care and treatment or changes in care and treatment.

(ii) Free from restraints

The right to be free from physical or mental abuse, corporal punishment, involuntary seclusion, and any physical or chemical restraints imposed for purposes of discipline or convenience and not required to treat the resident's medical symptoms. Restraints may only be imposed—

(I) to ensure the physical safety of the resident or other residents, and

(II) only upon the written order of a physician that specifies the duration and circumstances under which the restraints are to be used (except in emergency circumstances specified by the Secretary until such an order could reasonably be obtained).

(iii) Privacy

The right to privacy with regard to accommodations, medical treatment, written and telephonic communications, visits, and meetings of family and of resident groups.

(iv) Confidentiality

The right to confidentiality of personal and clinical records and to access to current clinical records of the resident upon request by the resident or the resident's legal representative, within 24 hours (excluding hours occurring during a weekend or holiday) after making such a request.

(v) Accommodation of needs

The right—

(I) to reside and receive services with reasonable accommodation of individual needs and preferences, except where the health or safety of the individual or other residents would be endangered, and

(II) to receive notice before the room or roommate of the resident in the facility is changed.

(vi) Grievances

The right to voice grievances with respect to treatment or care that is (or fails to be) furnished, without discrimination or reprisal for voicing the grievances and the right to prompt efforts by the facility to resolve grievances the resident may have, including those with respect to the behavior of other residents.

(vii) Participation in resident and family groups

The right of the resident to organize and participate in resident groups in the facility and the right of the resident's family to meet in the facility with the families of other residents in the facility.

(viii) Participation in other activities

The right of the resident to participate in social, religious, and community activities that do not interfere with the rights of other residents in the facility.

(ix) Examination of survey results

The right to examine, upon reasonable request, the results of the most recent survey of the facility conducted by the Secretary or a State with respect to the facility and any plan of correction in effect with respect to the facility.

(x) Refusal of certain transfers

The right to refuse a transfer to another room within the facility, if a purpose of the transfer is to relocate the resident from a portion of the facility that is not a skilled nursing facility (for purposes of subchapter XVIII) to a portion of the facility that is such a skilled nursing facility.

(xi) Other rights

Any other right established by the Secretary.

Clause (iii) shall not be construed as requiring the provision of a private room. A resident's exercise of a right to refuse transfer under clause (x) shall not affect the resident's eligibility or entitlement to medical assistance under this subchapter or a State's entitlement to Federal medical assistance under this subchapter with respect to services furnished to such a resident.

(B) Notice of rights

A nursing facility must—

(i) inform each resident, orally and in writing at the time of admission to the facility, of the resident's legal rights during the stay at the facility and of the requirements and procedures for establishing eligibility for medical assistance under this subchapter, including the right to request an assessment under section 1396r–5(c)(1)(B) of this title;

(ii) make available to each resident, upon reasonable request, a written statement of such rights (which statement is updated upon changes in such rights) including the notice (if any) of the State developed under subsection (e)(6);

(iii) inform each resident who is entitled to medical assistance under this subchapter—

(I) at the time of admission to the facility or, if later, at the time the resident becomes eligible for such assistance, of the items and services (including those specified under section 1396a(a)(28)(B) of this title) that are included in nursing facility services under the State plan and for which the resident may not be charged (except as permitted in section 1396o of this title), and of those other items and services that the facility offers and for which the resident may be charged and the amount of the charges for such items and services, and

(II) of changes in the items and services described in subclause (I) and of changes in the charges imposed for items and services described in that subclause; and

(iv) inform each other resident, in writing before or at the time of admission and periodically during the resident's stay, of services available in the facility and of related charges for such services, including any charges for services not covered under subchapter XVIII or by the facility's basic per diem charge.

The written description of legal rights under this subparagraph shall include a description of the protection of personal funds under paragraph (6) and a statement that a resident may file a complaint with a State survey and certification agency respecting resident abuse and neglect and misappropriation of resident property in the facility.

(C) Rights of incompetent residents

In the case of a resident adjudged incompetent under the laws of a State, the rights of the resident under this subchapter shall devolve upon, and, to the extent judged necessary by a court

of competent jurisdiction, be exercised by, the person appointed under State law to act on the resident's behalf.

(D) Use of psychopharmacologic drugs

Psychopharmacologic drugs may be administered only on the orders of a physician and only as part of a plan (included in the written plan of care described in paragraph (2)) designed to eliminate or modify the symptoms for which the drugs are prescribed and only if, at least annually an independent, external consultant reviews the appropriateness of the drug plan of each resident receiving such drugs.

(2) Transfer and discharge rights

(A) In general

A nursing facility must permit each resident to remain in the facility and must not transfer or discharge the resident from the facility unless—

(i) the transfer or discharge is necessary to meet the resident's welfare and the resident's welfare cannot be met in the facility;

(ii) the transfer or discharge is appropriate because the resident's health has improved sufficiently so the resident no longer needs the services provided by the facility;

(iii) the safety of individuals in the facility is endangered;

(iv) the health of individuals in the facility would otherwise be endangered;

(v) the resident has failed, after reasonable and appropriate notice, to pay (or to have paid under this subchapter or subchapter XVIII on the resident's behalf) for a stay at the facility; or

(vi) the facility ceases to operate.

In each of the cases described in clauses (i) through (iv), the basis for the transfer or discharge must be documented in the resident's clinical record. In the cases described in clauses (i) and (ii), the documentation must be made by the resident's physician, and in the case described in clause (iv) the documentation must be made by a physician. For purposes of clause (v), in the case of a resident who becomes eligible for assistance under this subchapter after admission to the facility, only charges which may be imposed under this subchapter shall be considered to be allowable.

(B) Pre-transfer and pre-discharge notice

(i) In general

Before effecting a transfer or discharge of a resident, a nursing facility must—

(I) notify the resident (and, if known, an immediate family member of the resident or legal representative) of the transfer or discharge and the reasons therefor,

(II) record the reasons in the resident's clinical record (including any documentation required under subparagraph (A)), and

(III) include in the notice the items described in clause (iii).

(ii) Timing of notice

The notice under clause (i)(I) must be made at least 30 days in advance of the resident's transfer or discharge except—

(I) in a case described in clause (iii) or (iv) of subparagraph (A);

(II) in a case described in clause (ii) of subparagraph (A), where the resident's health improves sufficiently to allow a more immediate transfer or discharge;

(III) in a case described in clause (i) of subparagraph (A), where a more immediate transfer or discharge is necessitated by the resident's urgent medical needs; or

(IV) in a case where a resident has not resided in the facility for 30 days.

In the case of such exceptions, notice must be given as many days before the date of the transfer or discharge as is practicable.

(iii) Items included in notice

Each notice under clause (i) must include—

(I) for transfers or discharges effected on or after October 1, 1989, notice of the resident's right to appeal the transfer or discharge under the State process established under subsection (e)(3);

(II) the name, mailing address, and telephone number of the State long-term care ombudsman (established under title III or VII of the Older Americans Act of 1965 [42 U.S.C. 3021 et seq., 3058 et seq.] in accordance with section 712 of the Act [42 U.S.C. 3058g]);

(III) in the case of residents with developmental disabilities, the mailing address and telephone number of the agency responsible for the protection and advocacy system for developmentally disabled individuals established under subtitle C of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 [42 U.S.C. 15041 et seq.]; and

(IV) in the case of mentally ill residents (as defined in subsection (e)(7)(G)(i)), the mailing address and telephone number of the agency responsible for the protection and advocacy system for mentally ill individuals established under the Protection and Advocacy for Mentally Ill Individuals Act [1] [42 U.S.C. 10801 et seq.].

(C) Orientation

A nursing facility must provide sufficient preparation and orientation to residents to ensure safe and orderly transfer or discharge from the facility.

(D) Notice on bed-hold policy and readmission

(i) Notice before transfer

Before a resident of a nursing facility is transferred for hospitalization or therapeutic leave, a nursing facility must provide written information to the resident and an immediate family member or legal representative concerning—

(I) the provisions of the State plan under this subchapter regarding the period (if any) during which the resident will be permitted under the State plan to return and resume residence in the facility, and

(II) the policies of the facility regarding such a period, which policies must be consistent with clause (iii).

(ii) Notice upon transfer

At the time of transfer of a resident to a hospital or for therapeutic leave, a nursing facility must provide written notice to the resident and an immediate family member or legal representative of the duration of any period described in clause (i).

(iii) Permitting resident to return

A nursing facility must establish and follow a written policy under which a resident—

(I) who is eligible for medical assistance for nursing facility services under a State plan,

(II) who is transferred from the facility for hospitalization or therapeutic leave, and

(III) whose hospitalization or therapeutic leave exceeds a period paid for under the State plan for the holding of a bed in the facility for the resident,

will be permitted to be readmitted to the facility immediately upon the first availability of a bed in a semiprivate room in the facility if, at the time of readmission, the resident requires the services provided by the facility.

(E) Information respecting advance directives

A nursing facility must comply with the requirement of section 1396a(w) of this title (relating to maintaining written policies and procedures respecting advance directives).

(F) Continuing rights in case of voluntary withdrawal from participation

(i) In general

In the case of a nursing facility that voluntarily withdraws from participation in a State

plan under this subchapter but continues to provide services of the type provided by nursing facilities—

(I) the facility's voluntary withdrawal from participation is not an acceptable basis for the transfer or discharge of residents of the facility who were residing in the facility on the day before the effective date of the withdrawal (including those residents who were not entitled to medical assistance as of such day);

(II) the provisions of this section continue to apply to such residents until the date of their discharge from the facility; and

(III) in the case of each individual who begins residence in the facility after the effective date of such withdrawal, the facility shall provide notice orally and in a prominent manner in writing on a separate page at the time the individual begins residence of the information described in clause (ii) and shall obtain from each such individual at such time an acknowledgment of receipt of such information that is in writing, signed by the individual, and separate from other documents signed by such individual.

Nothing in this subparagraph shall be construed as affecting any requirement of a participation agreement that a nursing facility provide advance notice to the State or the Secretary, or both, of its intention to terminate the agreement.

(ii) Information for new residents

The information described in this clause for a resident is the following:

(I) The facility is not participating in the program under this subchapter with respect to that resident.

(II) The facility may transfer or discharge the resident from the facility at such time as the resident is unable to pay the charges of the facility, even though the resident may have become eligible for medical assistance for nursing facility services under this subchapter.

(iii) Continuation of payments and oversight authority

Notwithstanding any other provision of this subchapter, with respect to the residents described in clause (i)(I), a participation agreement of a facility described in clause (i) is deemed to continue in effect under such plan after the effective date of the facility's voluntary withdrawal from participation under the State plan for purposes of—

(I) receiving payments under the State plan for nursing facility services provided to such residents;

(II) maintaining compliance with all applicable requirements of this subchapter; and

(III) continuing to apply the survey, certification, and enforcement authority provided under subsections (g) and (h) (including involuntary termination of a participation agreement deemed continued under this clause).

(iv) No application to new residents

This paragraph (other than subclause (III) of clause (i)) shall not apply to an individual who begins residence in a facility on or after the effective date of the withdrawal from participation under this subparagraph.

(3) Access and visitation rights

A nursing facility must—

(A) permit immediate access to any resident by any representative of the Secretary, by any representative of the State, by an ombudsman or agency described in subclause (II), (III), or (IV) of paragraph (2)(B)(iii), or by the resident's individual physician;

(B) permit immediate access to a resident, subject to the resident's right to deny or withdraw consent at any time, by immediate family or other relatives of the resident;

(C) permit immediate access to a resident, subject to reasonable restrictions and the resident's right to deny or withdraw consent at any time, by others who are visiting with the consent of the resident;

(D) permit reasonable access to a resident by any entity or individual that provides health,

social, legal, or other services to the resident, subject to the resident's right to deny or withdraw consent at any time; and

(E) permit representatives of the State ombudsman (described in paragraph (2)(B)(iii)(II)), with the permission of the resident (or the resident's legal representative) and consistent with State law, to examine a resident's clinical records.

(4) Equal access to quality care

(A) In general

A nursing facility must establish and maintain identical policies and practices regarding transfer, discharge, and the provision of services required under the State plan for all individuals regardless of source of payment.

(B) Construction

(i) Nothing prohibiting any charges for non-medicaid patients

Subparagraph (A) shall not be construed as prohibiting a nursing facility from charging any amount for services furnished, consistent with the notice in paragraph (1)(B) describing such charges.

(ii) No additional services required

Subparagraph (A) shall not be construed as requiring a State to offer additional services on behalf of a resident than are otherwise provided under the State plan.

(5) Admissions policy

(A) Admissions

With respect to admissions practices, a nursing facility must—

(i)(I) not require individuals applying to reside or residing in the facility to waive their rights to benefits under this subchapter or subchapter XVIII, (II) subject to subparagraph (B)(v), not require oral or written assurance that such individuals are not eligible for, or will not apply for, benefits under this subchapter or subchapter XVIII, and (III) prominently display in the facility written information, and provide to such individuals oral and written information, about how to apply for and use such benefits and how to receive refunds for previous payments covered by such benefits;

(ii) not require a third party guarantee of payment to the facility as a condition of admission (or expedited admission) to, or continued stay in, the facility; and

(iii) in the case of an individual who is entitled to medical assistance for nursing facility services, not charge, solicit, accept, or receive, in addition to any amount otherwise required to be paid under the State plan under this subchapter, any gift, money, donation, or other consideration as a precondition of admitting (or expediting the admission of) the individual to the facility or as a requirement for the individual's continued stay in the facility.

(B) Construction

(i) No preemption of stricter standards

Subparagraph (A) shall not be construed as preventing States or political subdivisions therein from prohibiting, under State or local law, the discrimination against individuals who are entitled to medical assistance under the State plan with respect to admissions practices of nursing facilities.

(ii) Contracts with legal representatives

Subparagraph (A)(ii) shall not be construed as preventing a facility from requiring an individual, who has legal access to a resident's income or resources available to pay for care in the facility, to sign a contract (without incurring personal financial liability) to provide payment from the resident's income or resources for such care.

(iii) Charges for additional services requested

Subparagraph (A)(iii) shall not be construed as preventing a facility from charging a resident, eligible for medical assistance under the State plan, for items or services the resident has requested and received and that are not specified in the State plan as included in the term "nursing facility services".

(iv) Bona fide contributions

Subparagraph (A)(iii) shall not be construed as prohibiting a nursing facility from soliciting, accepting, or receiving a charitable, religious, or philanthropic contribution from an organization or from a person unrelated to the resident (or potential resident), but only to the extent that such contribution is not a condition of admission, expediting admission, or continued stay in the facility.

(v) Treatment of continuing care retirement communities admission contracts

Notwithstanding subclause (II) of subparagraph (A)(i), subject to subsections (c) and (d) of section 1396r–5 of this title, contracts for admission to a State licensed, registered, certified, or equivalent continuing care retirement community or life care community, including services in a nursing facility that is part of such community, may require residents to spend on their care resources declared for the purposes of admission before applying for medical assistance.

(6) Protection of resident funds

(A) In general

The nursing facility—

(i) may not require residents to deposit their personal funds with the facility, and

(ii) upon the written authorization of the resident, must hold, safeguard, and account for such personal funds under a system established and maintained by the facility in accordance with this paragraph.

(B) Management of personal funds

Upon written authorization of a resident under subparagraph (A)(ii), the facility must manage and account for the personal funds of the resident deposited with the facility as follows:

(i) Deposit

The facility must deposit any amount of personal funds in excess of $50 with respect to a resident in an interest bearing account (or accounts) that is separate from any of the facility's operating accounts and credits all interest earned on such separate account to such account. With respect to any other personal funds, the facility must maintain such funds in a non-interest bearing account or petty cash fund.

(ii) Accounting and records

The facility must assure a full and complete separate accounting of each such resident's personal funds, maintain a written record of all financial transactions involving the personal funds of a resident deposited with the facility, and afford the resident (or a legal representative of the resident) reasonable access to such record.

(iii) Notice of certain balances

The facility must notify each resident receiving medical assistance under the State plan under this subchapter when the amount in the resident's account reaches $200 less than the dollar amount determined under section 1382(a)(3)(B) of this title and the fact that if the amount in the account (in addition to the value of the resident's other nonexempt resources) reaches the amount determined under such section the resident may lose eligibility for such medical assistance or for benefits under subchapter XVI.

(iv) Conveyance upon death

Upon the death of a resident with such an account, the facility must convey promptly the resident's personal funds (and a final accounting of such funds) to the individual

administering the resident's estate.

(C) Assurance of financial security

The facility must purchase a surety bond, or otherwise provide assurance satisfactory to the Secretary, to assure the security of all personal funds of residents deposited with the facility.

(D) Limitation on charges to personal funds

The facility may not impose a charge against the personal funds of a resident for any item or service for which payment is made under this subchapter or subchapter XVIII.

(7) Limitation on charges in case of medicaid-eligible individuals

(A) In general

A nursing facility may not impose charges, for certain medicaid-eligible individuals for nursing facility services covered by the State under its plan under this subchapter, that exceed the payment amounts established by the State for such services under this subchapter.

(B) "Certain medicaid-eligible individual" defined

In subparagraph (A), the term "certain medicaid-eligible individual" means an individual who is entitled to medical assistance for nursing facility services in the facility under this subchapter but with respect to whom such benefits are not being paid because, in determining the amount of the individual's income to be applied monthly to payment for the costs of such services, the amount of such income exceeds the payment amounts established by the State for such services under this subchapter.

(8) Posting of survey results

A nursing facility must post in a place readily accessible to residents, and family members and legal representatives of residents, the results of the most recent survey of the facility conducted under subsection (g).

(d) Requirements relating to administration and other matters

(1) Administration

(A) In general

A nursing facility must be administered in a manner that enables it to use its resources effectively and efficiently to attain or maintain the highest practicable physical, mental, and psychosocial well-being of each resident (consistent with requirements established under subsection (f)(5)).

(B) Nursing facility administrator

The administrator of a nursing facility must meet standards established by the Secretary under subsection (f)(4).

(V) [2] Availability of survey, certification, and complaint investigation reports

A nursing facility must—

(i) have reports with respect to any surveys, certifications, and complaint investigations made respecting the facility during the 3 preceding years available for any individual to review upon request; and

(ii) post notice of the availability of such reports in areas of the facility that are prominent and accessible to the public.

The facility shall not make available under clause (i) identifying information about complainants or residents.

(2) Licensing and Life Safety Code

(A) Licensing

A nursing facility must be licensed under applicable State and local law.

(B) Life Safety Code

A nursing facility must meet such provisions of such edition (as specified by the Secretary in regulation) of the Life Safety Code of the National Fire Protection Association as are applicable to nursing homes; except that—

(i) the Secretary may waive, for such periods as he deems appropriate, specific provisions of such Code which if rigidly applied would result in unreasonable hardship upon a facility, but only if such waiver would not adversely affect the health and safety of residents or personnel, and

(ii) the provisions of such Code shall not apply in any State if the Secretary finds that in such State there is in effect a fire and safety code, imposed by State law, which adequately protects residents of and personnel in nursing facilities.

(3) Sanitary and infection control and physical environment

A nursing facility must—

(A) establish and maintain an infection control program designed to provide a safe, sanitary, and comfortable environment in which residents reside and to help prevent the development and transmission of disease and infection, and

(B) be designed, constructed, equipped, and maintained in a manner to protect the health and safety of residents, personnel, and the general public.

(4) Miscellaneous

(A) Compliance with Federal, State, and local laws and professional standards

A nursing facility must operate and provide services in compliance with all applicable Federal, State, and local laws and regulations (including the requirements of section 1320a–3 of this title) and with accepted professional standards and principles which apply to professionals providing services in such a facility.

(B) Other

A nursing facility must meet such other requirements relating to the health and safety of residents or relating to the physical facilities thereof as the Secretary may find necessary.

(e) State requirements relating to nursing facility requirements

As a condition of approval of its plan under this subchapter, a State must provide for the following:

(1) Specification and review of nurse aide training and competency evaluation programs and of nurse aide competency evaluation programs

The State must—

(A) by not later than January 1, 1989, specify those training and competency evaluation programs, and those competency evaluation programs, that the State approves for purposes of subsection (b)(5) and that meet the requirements established under subsection (f)(2), and

(B) by not later than January 1, 1990, provide for the review and reapproval of such programs, at a frequency and using a methodology consistent with the requirements established under subsection (f)(2)(A)(iii).

The failure of the Secretary to establish requirements under subsection (f)(2) shall not relieve any State of its responsibility under this paragraph.

(2) Nurse aide registry

(A) In general

By not later than January 1, 1989, the State shall establish and maintain a registry of all individuals who have satisfactorily completed a nurse aide training and competency evaluation program, or a nurse aide competency evaluation program, approved under paragraph (1) in the State, or any individual described in subsection (f)(2)(B)(ii) or in subparagraph (B), (C), or (D) of section 6901(b)(4) of the Omnibus Budget Reconciliation Act of 1989.

(B) Information in registry

The registry under subparagraph (A) shall provide (in accordance with regulations of the Secretary) for the inclusion of specific documented findings by a State under subsection (g)(1)(C) of resident neglect or abuse or misappropriation of resident property involving an individual listed in the registry, as well as any brief statement of the individual disputing the findings. The State shall make available to the public information in the registry. In the case of inquiries to the registry concerning an individual listed in the registry, any information disclosed concerning such a finding shall also include disclosure of any such statement in the registry relating to the finding or a clear and accurate summary of such a statement.

(C) Prohibition against charges

A State may not impose any charges on a nurse aide relating to the registry established and maintained under subparagraph (A).

(3) State appeals process for transfers and discharges

The State, for transfers and discharges from nursing facilities effected on or after October 1, 1989, must provide for a fair mechanism, meeting the guidelines established under subsection (f)(3), for hearing appeals on transfers and discharges of residents of such facilities; but the failure of the Secretary to establish such guidelines under such subsection shall not relieve any State of its responsibility under this paragraph.

(4) Nursing facility administrator standards

By not later than July 1, 1989, the State must have implemented and enforced the nursing facility administrator standards developed under subsection (f)(4) respecting the qualification of administrators of nursing facilities.

(5) Specification of resident assessment instrument

Effective July 1, 1990, the State shall specify the instrument to be used by nursing facilities in the State in complying with the requirement of subsection (b)(3)(A)(iii). Such instrument shall be—

(A) one of the instruments designated under subsection (f)(6)(B), or

(B) an instrument which the Secretary has approved as being consistent with the minimum data set of core elements, common definitions, and utilization guidelines specified by the Secretary under subsection (f)(6)(A).

(6) Notice of medicaid rights

Each State, as a condition of approval of its plan under this subchapter, effective April 1, 1988, must develop (and periodically update) a written notice of the rights and obligations of residents of nursing facilities (and spouses of such residents) under this subchapter.

(7) State requirements for preadmission screening and resident review

(A) Preadmission screening

(i) In general

Effective January 1, 1989, the State must have in effect a preadmission screening program, for making determinations (using any criteria developed under subsection (f)(8)) described in subsection (b)(3)(F) for mentally ill and mentally retarded individuals (as defined in subparagraph (G)) who are admitted to nursing facilities on or after January 1, 1989. The failure of the Secretary to develop minimum criteria under subsection (f)(8) shall not relieve any State of its responsibility to have a preadmission screening program under this subparagraph or to perform resident reviews under subparagraph (B).

(ii) Clarification with respect to certain readmissions

The preadmission screening program under clause (i) need not provide for determinations in the case of the readmission to a nursing facility of an individual who, after being admitted to the nursing facility, was transferred for care in a hospital.

(iii) Exception for certain hospital discharges

The preadmission screening program under clause (i) shall not apply to the admission to a nursing facility of an individual—

(I) who is admitted to the facility directly from a hospital after receiving acute inpatient care at the hospital,

(II) who requires nursing facility services for the condition for which the individual received care in the hospital, and

(III) whose attending physician has certified, before admission to the facility, that the individual is likely to require less than 30 days of nursing facility services.

(B) State requirement for resident review

(i) For mentally ill residents

As of April 1, 1990, in the case of each resident of a nursing facility who is mentally ill, the State mental health authority must review and determine (using any criteria developed under subsection (f)(8) and based on an independent physical and mental evaluation performed by a person or entity other than the State mental health authority)—

(I) whether or not the resident, because of the resident's physical and mental condition, requires the level of services provided by a nursing facility or requires the level of services of an inpatient psychiatric hospital for individuals under age 21 (as described in section 1396d(h) of this title) or of an institution for mental diseases providing medical assistance to individuals 65 years of age or older; and

(II) whether or not the resident requires specialized services for mental illness.

(ii) For mentally retarded residents

As of April 1, 1990, in the case of each resident of a nursing facility who is mentally retarded, the State mental retardation or developmental disability authority must review and determine (using any criteria developed under subsection (f)(8))—

(I) whether or not the resident, because of the resident's physical and mental condition, requires the level of services provided by a nursing facility or requires the level of services of an intermediate care facility described under section 1396d(d) of this title; and

(II) whether or not the resident requires specialized services for mental retardation.

(iii) Review required upon change in resident's condition

A review and determination under clause (i) or (ii) must be conducted promptly after a nursing facility has notified the State mental health authority or State mental retardation or developmental disability authority, as applicable, under subsection (b)(3)(E) with respect to a mentally ill or mentally retarded resident, that there has been a significant change in the resident's physical or mental condition.

(iv) Prohibition of delegation

A State mental health authority, a State mental retardation or developmental disability authority, and a State may not delegate (by subcontract or otherwise) their responsibilities under this subparagraph to a nursing facility (or to an entity that has a direct or indirect affiliation or relationship with such a facility).

(C) Response to preadmission screening and resident review

As of April 1, 1990, the State must meet the following requirements:

(i) Long-term residents not requiring nursing facility services, but requiring specialized services

In the case of a resident who is determined, under subparagraph (B), not to require the level of services provided by a nursing facility, but to require specialized services for mental illness or mental retardation, and who has continuously resided in a nursing facility for at least 30 months before the date of the determination, the State must, in consultation with the resident's family or legal representative and care-givers—

(I) inform the resident of the institutional and noninstitutional alternatives covered under the State plan for the resident,

(II) offer the resident the choice of remaining in the facility or of receiving covered services in an alternative appropriate institutional or noninstitutional setting,

(III) clarify the effect on eligibility for services under the State plan if the resident chooses to leave the facility (including its effect on readmission to the facility), and

(IV) regardless of the resident's choice, provide for (or arrange for the provision of) such specialized services for the mental illness or mental retardation.

A State shall not be denied payment under this subchapter for nursing facility services for a resident described in this clause because the resident does not require the level of services provided by such a facility, if the resident chooses to remain in such a facility.

(ii) Other residents not requiring nursing facility services, but requiring specialized services

In the case of a resident who is determined, under subparagraph (B), not to require the level of services provided by a nursing facility, but to require specialized services for mental illness or mental retardation, and who has not continuously resided in a nursing facility for at least 30 months before the date of the determination, the State must, in consultation with the resident's family or legal representative and care-givers—

(I) arrange for the safe and orderly discharge of the resident from the facility, consistent with the requirements of subsection (c)(2),

(II) prepare and orient the resident for such discharge, and

(III) provide for (or arrange for the provision of) such specialized services for the mental illness or mental retardation.

(iii) Residents not requiring nursing facility services and not requiring specialized services

In the case of a resident who is determined, under subparagraph (B), not to require the level of services provided by a nursing facility and not to require specialized services for mental illness or mental retardation, the State must—

(I) arrange for the safe and orderly discharge of the resident from the facility, consistent with the requirements of subsection (c)(2), and

(II) prepare and orient the resident for such discharge.

(iv) Annual report

Each State shall report to the Secretary annually concerning the number and disposition of residents described in each of clauses (ii) and (iii).

(D) Denial of payment

(i) For failure to conduct preadmission screening or review

No payment may be made under section 1396b(a) of this title with respect to nursing facility services furnished to an individual for whom a determination is required under subsection (b)(3)(F) or subparagraph (B) but for whom the determination is not made.

(ii) For certain residents not requiring nursing facility level of services

No payment may be made under section 1396b(a) of this title with respect to nursing facility services furnished to an individual (other than an individual described in subparagraph (C)(i)) who does not require the level of services provided by a nursing facility.

(E) Permitting alternative disposition plans

With respect to residents of a nursing facility who are mentally retarded or mentally ill and who are determined under subparagraph (B) not to require the level of services of such a facility, but who require specialized services for mental illness or mental retardation, a State and the nursing facility shall be considered to be in compliance with the requirements of

subparagraphs (A) through (C) of this paragraph if, before April 1, 1989, the State and the Secretary have entered into an agreement relating to the disposition of such residents of the facility and the State is in compliance with such agreement. Such an agreement may provide for the disposition of the residents after the date specified in subparagraph (C). The State may revise such an agreement, subject to the approval of the Secretary, before October 1, 1991, but only if, under the revised agreement, all residents subject to the agreement who do not require the level of services of such a facility are discharged from the facility by not later than April 1, 1994.

(F) Appeals procedures

Each State, as a condition of approval of its plan under this subchapter, effective January 1, 1989, must have in effect an appeals process for individuals adversely affected by determinations under subparagraph (A) or (B).

(G) Definitions

In this paragraph and in subsection (b)(3)(F):

(i) An individual is considered to be "mentally ill" if the individual has a serious mental illness (as defined by the Secretary in consultation with the National Institute of Mental Health) and does not have a primary diagnosis of dementia (including Alzheimer's disease or a related disorder) or a diagnosis (other than a primary diagnosis) of dementia and a primary diagnosis that is not a serious mental illness.

(ii) An individual is considered to be "mentally retarded" if the individual is mentally retarded or a person with a related condition (as described in section 1396d(d) of this title).

(iii) The term "specialized services" has the meaning given such term by the Secretary in regulations, but does not include, in the case of a resident of a nursing facility, services within the scope of services which the facility must provide or arrange for its residents under subsection (b)(4).

(f) Responsibilities of Secretary relating to nursing facility requirements

(1) General responsibility

It is the duty and responsibility of the Secretary to assure that requirements which govern the provision of care in nursing facilities under State plans approved under this subchapter, and the enforcement of such requirements, are adequate to protect the health, safety, welfare, and rights of residents and to promote the effective and efficient use of public moneys.

(2) Requirements for nurse aide training and competency evaluation programs and for nurse aide competency evaluation programs

(A) In general

For purposes of subsections (b)(5) and (e)(1)(A), the Secretary shall establish, by not later than September 1, 1988—

(i) requirements for the approval of nurse aide training and competency evaluation programs, including requirements relating to (I) the areas to be covered in such a program (including at least basic nursing skills, personal care skills, recognition of mental health and social service needs, care of cognitively impaired residents, basic restorative services, and residents' rights) and content of the curriculum (including, in the case of initial training and, if the Secretary determines appropriate, in the case of ongoing training, dementia management training, and patient abuse prevention training [3], (II) minimum hours of initial and ongoing training and retraining (including not less than 75 hours in the case of initial training), (III) qualifications of instructors, and (IV) procedures for determination of competency;

(ii) requirements for the approval of nurse aide competency evaluation programs, including requirement relating to the areas to be covered in such a program, including at least basic nursing skills, personal care skills, recognition of mental health and social service needs, care of cognitively impaired residents, basic restorative services, and residents' rights, and procedures for determination of competency;

(iii) requirements respecting the minimum frequency and methodology to be used by a State in reviewing such programs' compliance with the requirements for such programs; and

(iv) requirements, under both such programs, that—

(I) provide procedures for determining competency that permit a nurse aide, at the nurse aide's option, to establish competency through procedures or methods other than the passing of a written examination and to have the competency evaluation conducted at the nursing facility at which the aide is (or will be) employed (unless the facility is described in subparagraph (B)(iii)(I)),

(II) prohibit the imposition on a nurse aide who is employed by (or who has received an offer of employment from) a facility on the date on which the aide begins either such program of any charges (including any charges for textbooks and other required course materials and any charges for the competency evaluation) for either such program, and

(III) in the case of a nurse aide not described in subclause (II) who is employed by (or who has received an offer of employment from) a facility not later than 12 months after completing either such program, the State shall provide for the reimbursement of costs incurred in completing such program on a prorata basis during the period in which the nurse aide is so employed.

(B) Approval of certain programs

Such requirements—

(i) may permit approval of programs offered by or in facilities, as well as outside facilities (including employee organizations), and of programs in effect on December 22, 1987;

(ii) shall permit a State to find that an individual who has completed (before July 1, 1989) a nurse aide training and competency evaluation program shall be deemed to have completed such a program approved under subsection (b)(5) if the State determines that, at the time the program was offered, the program met the requirements for approval under such paragraph; and

(iii) subject to subparagraphs (C) and (D), shall prohibit approval of such a program—

(I) offered by or in a nursing facility which, within the previous 2 years—

(a) has operated under a waiver under subsection (b)(4)(C)(ii) that was granted on the basis of a demonstration that the facility is unable to provide the nursing care required under subsection (b)(4)(C)(i) for a period in excess of 48 hours during a week;

(b) has been subject to an extended (or partial extended) survey under section 1395i–3(g)(2)(B)(i) of this title or subsection (g)(2)(B)(i); or

(c) has been assessed a civil money penalty described in section 1395i–3(h)(2)(B)(ii) of this title or subsection (h)(2)(A)(ii) of not less than $5,000, or has been subject to a remedy described in subsection (h)(1)(B)(i), clauses [4] (i), (iii), or (iv) of subsection (h)(2)(A), clauses [4] (i) or (iii) of section 1395i–3(h)(2)(B) of this title, or section 1395i–3(h)(4) of this title, or

(II) offered by or in a nursing facility unless the State makes the determination, upon an individual's completion of the program, that the individual is competent to provide nursing and nursing-related services in nursing facilities.

A State may not delegate (through subcontract or otherwise) its responsibility under clause (iii)(II) to the nursing facility.

(C) Waiver authorized

Clause (iii)(I) of subparagraph (B) shall not apply to a program offered in (but not by) a nursing facility (or skilled nursing facility for purposes of subchapter XVIII) in a State if the State—

(i) determines that there is no other such program offered within a reasonable distance of the facility,

(ii) assures, through an oversight effort, that an adequate environment exists for operating

the program in the facility, and

(iii) provides notice of such determination and assurances to the State long-term care ombudsman.

(D) Waiver of disapproval of nurse-aide training programs

Upon application of a nursing facility, the Secretary may waive the application of subparagraph (B)(iii)(I)(c) if the imposition of the civil monetary penalty was not related to the quality of care provided to residents of the facility. Nothing in this subparagraph shall be construed as eliminating any requirement upon a facility to pay a civil monetary penalty described in the preceding sentence.

(3) Federal guidelines for State appeals process for transfers and discharges

For purposes of subsections (c)(2)(B)(iii) and (e)(3), by not later than October 1, 1988, the Secretary shall establish guidelines for minimum standards which State appeals processes under subsection (e)(3) must meet to provide a fair mechanism for hearing appeals on transfers and discharges of residents from nursing facilities.

(4) Secretarial standards qualification of administrators

For purposes of subsections (d)(1)(C) and (e)(4), the Secretary shall develop, by not later than March 1, 1988, standards to be applied in assuring the qualifications of administrators of nursing facilities.

(5) Criteria for administration

The Secretary shall establish criteria for assessing a nursing facility's compliance with the requirement of subsection (d)(1) with respect to—

(A) its governing body and management,

(B) agreements with hospitals regarding transfers of residents to and from the hospitals and to and from other nursing facilities,

(C) disaster preparedness,

(D) direction of medical care by a physician,

(E) laboratory and radiological services,

(F) clinical records, and

(G) resident and advocate participation.

(6) Specification of resident assessment data set and instruments

The Secretary shall—

(A) not later than January 1, 1989, specify a minimum data set of core elements and common definitions for use by nursing facilities in conducting the assessments required under subsection (b)(3), and establish guidelines for utilization of the data set; and

(B) by not later than April 1, 1990, designate one or more instruments which are consistent with the specification made under subparagraph (A) and which a State may specify under subsection (e)(5)(A) for use by nursing facilities in complying with the requirements of subsection (b)(3)(A)(iii).

(7) List of items and services furnished in nursing facilities not chargeable to the personal funds of a resident

(A) Regulations required

Pursuant to the requirement of section 21(b) of the Medicare-Medicaid Anti-Fraud and Abuse Amendments of 1977, the Secretary shall issue regulations, on or before the first day of the seventh month to begin after December 22, 1987, that define those costs which may be charged to the personal funds of residents in nursing facilities who are individuals receiving medical assistance with respect to nursing facility services under this subchapter and those costs which are to be included in the payment amount under this subchapter for nursing facility services.

(B) Rule if failure to publish regulations

If the Secretary does not issue the regulations under subparagraph (A) on or before the date

required in that subparagraph, in the case of a resident of a nursing facility who is eligible to receive benefits for nursing facility services under this subchapter, for purposes of section 1396a(a)(28)(B) of this title, the Secretary shall be deemed to have promulgated regulations under this paragraph which provide that the costs which may not be charged to the personal funds of such resident (and for which payment is considered to be made under this subchapter) include, at a minimum, the costs for routine personal hygiene items and services furnished by the facility.

(8) Federal minimum criteria and monitoring for preadmission screening and resident review

(A) Minimum criteria

The Secretary shall develop, by not later than October 1, 1988, minimum criteria for States to use in making determinations under subsections (b)(3)(F) and (e)(7)(B) and in permitting individuals adversely affected to appeal such determinations, and shall notify the States of such criteria.

(B) Monitoring compliance

The Secretary shall review, in a sufficient number of cases to allow reasonable inferences, each State's compliance with the requirements of subsection (e)(7)(C)(ii) (relating to discharge and placement for active treatment of certain residents).

(9) Criteria for monitoring State waivers

The Secretary shall develop, by not later than October 1, 1988, criteria and procedures for monitoring State performances in granting waivers pursuant to subsection (b)(4)(C)(ii).

(10) Special focus facility program

(A) In general

The Secretary shall conduct a special focus facility program for enforcement of requirements for nursing facilities that the Secretary has identified as having substantially failed to meet applicable requirements of this chapter.

(B) Periodic surveys

Under such program the Secretary shall conduct surveys of each facility in the program not less often than once every 6 months.

(g) Survey and certification process

(1) State and Federal responsibility

(A) In general

Under each State plan under this subchapter, the State shall be responsible for certifying, in accordance with surveys conducted under paragraph (2), the compliance of nursing facilities (other than facilities of the State) with the requirements of subsections (b), (c), and (d). The Secretary shall be responsible for certifying, in accordance with surveys conducted under paragraph (2), the compliance of State nursing facilities with the requirements of such subsections.

(B) Educational program

Each State shall conduct periodic educational programs for the staff and residents (and their representatives) of nursing facilities in order to present current regulations, procedures, and policies under this section.

(C) Investigation of allegations of resident neglect and abuse and misappropriation of resident property

The State shall provide, through the agency responsible for surveys and certification of nursing facilities under this subsection, for a process for the receipt and timely review and investigation of allegations of neglect and abuse and misappropriation of resident property by a

nurse aide of a resident in a nursing facility or by another individual used by the facility in providing services to such a resident. The State shall, after notice to the individual involved and a reasonable opportunity for a hearing for the individual to rebut allegations, make a finding as to the accuracy of the allegations. If the State finds that a nurse aide has neglected or abused a resident or misappropriated resident property in a facility, the State shall notify the nurse aide and the registry of such finding. If the State finds that any other individual used by the facility has neglected or abused a resident or misappropriated resident property in a facility, the State shall notify the appropriate licensure authority. A State shall not make a finding that an individual has neglected a resident if the individual demonstrates that such neglect was caused by factors beyond the control of the individual.

(D) Removal of name from nurse aide registry

(i) In general

In the case of a finding of neglect under subparagraph (C), the State shall establish a procedure to permit a nurse aide to petition the State to have his or her name removed from the registry upon a determination by the State that—

(I) the employment and personal history of the nurse aide does not reflect a pattern of abusive behavior or neglect; and

(II) the neglect involved in the original finding was a singular occurrence.

(ii) Timing of determination

In no case shall a determination on a petition submitted under clause (i) be made prior to the expiration of the 1-year period beginning on the date on which the name of the petitioner was added to the registry under subparagraph (C).

(E) Construction

The failure of the Secretary to issue regulations to carry out this subsection shall not relieve a State of its responsibility under this subsection.

(2) Surveys

(A) Annual standard survey

(i) In general

Each nursing facility shall be subject to a standard survey, to be conducted without any prior notice to the facility. Any individual who notifies (or causes to be notified) a nursing facility of the time or date on which such a survey is scheduled to be conducted is subject to a civil money penalty of not to exceed $2,000. The provisions of section 1320a–7a of this title (other than subsections (a) and (b)) shall apply to a civil money penalty under the previous sentence in the same manner as such provisions apply to a penalty or proceeding under section 1320a–7a(a) of this title. The Secretary shall review each State's procedures for scheduling and conduct of standard surveys to assure that the State has taken all reasonable steps to avoid giving notice of such a survey through the scheduling procedures and the conduct of the surveys themselves.

(ii) Contents

Each standard survey shall include, for a case-mix stratified sample of residents—

(I) a survey of the quality of care furnished, as measured by indicators of medical, nursing, and rehabilitative care, dietary and nutrition services, activities and social participation, and sanitation, infection control, and the physical environment,

(II) written plans of care provided under subsection (b)(2) and an audit of the residents' assessments under subsection (b)(3) to determine the accuracy of such assessments and the adequacy of such plans of care, and

(III) a review of compliance with residents' rights under subsection (c).

(iii) Frequency

(I) In general

Each nursing facility shall be subject to a standard survey not later than 15 months after the date of the previous standard survey conducted under this subparagraph. The statewide average interval between standard surveys of a nursing facility shall not exceed 12 months.

(II) Special surveys

If not otherwise conducted under subclause (I), a standard survey (or an abbreviated standard survey) may be conducted within 2 months of any change of ownership, administration, management of a nursing facility, or director of nursing in order to determine whether the change has resulted in any decline in the quality of care furnished in the facility.

(B) Extended surveys

(i) In general

Each nursing facility which is found, under a standard survey, to have provided substandard quality of care shall be subject to an extended survey. Any other facility may, at the Secretary's or State's discretion, be subject to such an extended survey (or a partial extended survey).

(ii) Timing

The extended survey shall be conducted immediately after the standard survey (or, if not practicable, not later than 2 weeks after the date of completion of the standard survey).

(iii) Contents

In such an extended survey, the survey team shall review and identify the policies and procedures which produced such substandard quality of care and shall determine whether the facility has complied with all the requirements described in subsections (b), (c), and (d). Such review shall include an expansion of the size of the sample of residents' assessments reviewed and a review of the staffing, of in-service training, and, if appropriate, of contracts with consultants.

(iv) Construction

Nothing in this paragraph shall be construed as requiring an extended or partial extended survey as a prerequisite to imposing a sanction against a facility under subsection (h) on the basis of findings in a standard survey.

(C) Survey protocol

Standard and extended surveys shall be conducted—

(i) based upon a protocol which the Secretary has developed, tested, and validated by not later than January 1, 1990, and

(ii) by individuals, of a survey team, who meet such minimum qualifications as the Secretary establishes by not later than such date.

The failure of the Secretary to develop, test, or validate such protocols or to establish such minimum qualifications shall not relieve any State of its responsibility (or the Secretary of the Secretary's responsibility) to conduct surveys under this subsection.

(D) Consistency of surveys

Each State shall implement programs to measure and reduce inconsistency in the application of survey results among surveyors.

(E) Survey teams

(i) In general

Surveys under this subsection shall be conducted by a multidisciplinary team of professionals (including a registered professional nurse).

(ii) Prohibition of conflicts of interest

A State may not use as a member of a survey team under this subsection an individual who is serving (or has served within the previous 2 years) as a member of the staff of, or as a consultant to, the facility surveyed respecting compliance with the requirements of subsections (b), (c), and (d), or who has a personal or familial financial interest in the facility being surveyed.

(iii) Training

The Secretary shall provide for the comprehensive training of State and Federal surveyors in the conduct of standard and extended surveys under this subsection, including the auditing of resident assessments and plans of care. No individual shall serve as a member of a survey team unless the individual has successfully completed a training and testing program in survey and certification techniques that has been approved by the Secretary.

(3) Validation surveys

(A) In general

The Secretary shall conduct onsite surveys of a representative sample of nursing facilities in each State, within 2 months of the date of surveys conducted under paragraph (2) by the State, in a sufficient number to allow inferences about the adequacies of each State's surveys conducted under paragraph (2). In conducting such surveys, the Secretary shall use the same survey protocols as the State is required to use under paragraph (2). If the State has determined that an individual nursing facility meets the requirements of subsections (b), (c), and (d), but the Secretary determines that the facility does not meet such requirements, the Secretary's determination as to the facility's noncompliance with such requirements is binding and supersedes that of the State survey.

(B) Scope

With respect to each State, the Secretary shall conduct surveys under subparagraph (A) each year with respect to at least 5 percent of the number of nursing facilities surveyed by the State in the year, but in no case less than 5 nursing facilities in the State.

(C) Reduction in administrative costs for substandard performance

If the Secretary finds, on the basis of such surveys, that a State has failed to perform surveys as required under paragraph (2) or that a State's survey and certification performance otherwise is not adequate, the Secretary may provide for the training of survey teams in the State and shall provide for a reduction of the payment otherwise made to the State under section 1396b(a)(2)(D) of this title with respect to a quarter equal to 33 percent multiplied by a fraction, the denominator of which is equal to the total number of residents in nursing facilities surveyed by the Secretary that quarter and the numerator of which is equal to the total number of residents in nursing facilities which were found pursuant to such surveys to be not in compliance with any of the requirements of subsections (b), (c), and (d). A State that is dissatisfied with the Secretary's findings under this subparagraph may obtain reconsideration and review of the findings under section 1316 of this title in the same manner as a State may seek reconsideration and review under that section of the Secretary's determination under section 1316(a)(1) of this title.

(D) Special surveys of compliance

Where the Secretary has reason to question the compliance of a nursing facility with any of the requirements of subsections (b), (c), and (d), the Secretary may conduct a survey of the facility and, on the basis of that survey, make independent and binding determinations concerning the extent to which the nursing facility meets such requirements.

(4) Investigation of complaints and monitoring nursing facility compliance

Each State shall maintain procedures and adequate staff to—

(A) investigate complaints of violations of requirements by nursing facilities, and

(B) monitor, on-site, on a regular, as needed basis, a nursing facility's compliance with the requirements of subsections (b), (c), and (d), if—

(i) the facility has been found not to be in compliance with such requirements and is in the process of correcting deficiencies to achieve such compliance;

(ii) the facility was previously found not to be in compliance with such requirements, has corrected deficiencies to achieve such compliance, and verification of continued compliance is indicated; or

(iii) the State has reason to question the compliance of the facility with such requirements.

A State may maintain and utilize a specialized team (including an attorney, an auditor, and appropriate health care professionals) for the purpose of identifying, surveying, gathering and preserving evidence, and carrying out appropriate enforcement actions against substandard nursing facilities.

(5) Disclosure of results of inspections and activities

(A) Public information

Each State, and the Secretary, shall make available to the public—

(i) information respecting all surveys and certifications made respecting nursing facilities, including statements of deficiencies, within 14 calendar days after such information is made available to those facilities, and approved plans of correction,

(ii) copies of cost reports of such facilities filed under this subchapter or under subchapter XVIII,

(iii) copies of statements of ownership under section 1320a–3 of this title, and

(iv) information disclosed under section 1320a–5 of this title.

(B) Notice to ombudsman

Each State shall notify the State long-term care ombudsman (established under title III or VII of the Older Americans Act of 1965 [42 U.S.C. 3021 et seq., 3058 et seq.] in accordance with section 712 of the Act [42 U.S.C. 3058g]) of the State's findings of noncompliance with any of the requirements of subsections (b), (c), and (d), or of any adverse action taken against a nursing facility under paragraphs [5] (1), (2), or (3) of subsection (h), with respect to a nursing facility in the State.

(C) Notice to physicians and nursing facility administrator licensing board

If a State finds that a nursing facility has provided substandard quality of care, the State shall notify—

(i) the attending physician of each resident with respect to which such finding is made, and

(ii) any State board responsible for the licensing of the nursing facility administrator of the facility.

(D) Access to fraud control units

Each State shall provide its State medicaid fraud and abuse control unit (established under section 1396b(q) of this title) with access to all information of the State agency responsible for surveys and certifications under this subsection.

(E) Submission of survey and certification information to the Secretary

In order to improve the timeliness of information made available to the public under subparagraph (A) and provided on the Nursing Home Compare Medicare website under subsection (i), each State shall submit information respecting any survey or certification made respecting a nursing facility (including any enforcement actions taken by the State) to the Secretary not later than the date on which the State sends such information to the facility. The Secretary shall use the information submitted under the preceding sentence to update the information provided on the Nursing Home Compare Medicare website as expeditiously as practicable but not less frequently than quarterly.

(h) Enforcement process

(1) In general

If a State finds, on the basis of a standard, extended, or partial extended survey under subsection (g)(2) or otherwise, that a nursing facility no longer meets a requirement of subsection (b), (c), or (d), and further finds that the facility's deficiencies—

(A) immediately jeopardize the health or safety of its residents, the State shall take immediate action to remove the jeopardy and correct the deficiencies through the remedy specified in paragraph (2)(A)(iii), or terminate the facility's participation under the State plan and may provide, in addition, for one or more of the other remedies described in paragraph (2); or

(B) do not immediately jeopardize the health or safety of its residents, the State may—

(i) terminate the facility's participation under the State plan,

(ii) provide for one or more of the remedies described in paragraph (2), or

(iii) do both.

Nothing in this paragraph shall be construed as restricting the remedies available to a State to remedy a nursing facility's deficiencies. If a State finds that a nursing facility meets the requirements of subsections (b), (c), and (d), but, as of a previous period, did not meet such requirements, the State may provide for a civil money penalty under paragraph (2)(A)(ii) for the days in which it finds that the facility was not in compliance with such requirements.

(2) Specified remedies

(A) Listing

Except as provided in subparagraph (B)(ii), each State shall establish by law (whether statute or regulation) at least the following remedies:

(i) Denial of payment under the State plan with respect to any individual admitted to the nursing facility involved after such notice to the public and to the facility as may be provided for by the State.

(ii) A civil money penalty assessed and collected, with interest, for each day in which the facility is or was out of compliance with a requirement of subsection (b), (c), or (d). Funds collected by a State as a result of imposition of such a penalty (or as a result of the imposition by the State of a civil money penalty for activities described in subsections (b)(3)(B)(ii)(I), (b)(3)(B)(ii)(II), or (g)(2)(A)(i)) shall be applied to the protection of the health or property of residents of nursing facilities that the State or the Secretary finds deficient, including payment for the costs of relocation of residents to other facilities, maintenance of operation of a facility pending correction of deficiencies or closure, and reimbursement of residents for personal funds lost.

(iii) The appointment of temporary management to oversee the operation of the facility and to assure the health and safety of the facility's residents, where there is a need for temporary management while—

(I) there is an orderly closure of the facility, or

(II) improvements are made in order to bring the facility into compliance with all the requirements of subsections (b), (c), and (d).

The temporary management under this clause shall not be terminated under subclause (II) until the State has determined that the facility has the management capability to ensure continued compliance with all the requirements of subsections (b), (c), and (d).

(iv) The authority, in the case of an emergency, to close the facility, to transfer residents in that facility to other facilities, or both.

The State also shall specify criteria, as to when and how each of such remedies is to be applied, the amounts of any fines, and the severity of each of these remedies, to be used in the imposition of such remedies. Such criteria shall be designed so as to minimize the time between the identification of violations and final imposition of the remedies and shall provide for the

imposition of incrementally more severe fines for repeated or uncorrected deficiencies. In addition, the State may provide for other specified remedies, such as directed plans of correction.

(B) Deadline and guidance

(i) Except as provided in clause (ii), as a condition for approval of a State plan for calendar quarters beginning on or after October 1, 1989, each State shall establish the remedies described in clauses (i) through (iv) of subparagraph (A) by not later than October 1, 1989. The Secretary shall provide, through regulations by not later than October 1, 1988, guidance to States in establishing such remedies; but the failure of the Secretary to provide such guidance shall not relieve a State of the responsibility for establishing such remedies.

(ii) A State may establish alternative remedies (other than termination of participation) other than those described in clauses (i) through (iv) of subparagraph (A), if the State demonstrates to the Secretary's satisfaction that the alternative remedies are as effective in deterring noncompliance and correcting deficiencies as those described in subparagraph (A).

(C) Assuring prompt compliance

If a nursing facility has not complied with any of the requirements of subsections (b), (c), and (d), within 3 months after the date the facility is found to be out of compliance with such requirements, the State shall impose the remedy described in subparagraph (A)(i) for all individuals who are admitted to the facility after such date.

(D) Repeated noncompliance

In the case of a nursing facility which, on 3 consecutive standard surveys conducted under subsection (g)(2), has been found to have provided substandard quality of care, the State shall (regardless of what other remedies are provided)—

(i) impose the remedy described in subparagraph (A)(i), and

(ii) monitor the facility under subsection (g)(4)(B),

until the facility has demonstrated, to the satisfaction of the State, that it is in compliance with the requirements of subsections (b), (c), and (d), and that it will remain in compliance with such requirements.

(E) Funding

The reasonable expenditures of a State to provide for temporary management and other expenses associated with implementing the remedies described in clauses (iii) and (iv) of subparagraph (A) shall be considered, for purposes of section 1396b(a)(7) of this title, to be necessary for the proper and efficient administration of the State plan.

(F) Incentives for high quality care

In addition to the remedies specified in this paragraph, a State may establish a program to reward, through public recognition, incentive payments, or both, nursing facilities that provide the highest quality care to residents who are entitled to medical assistance under this subchapter. For purposes of section 1396b(a)(7) of this title, proper expenses incurred by a State in carrying out such a program shall be considered to be expenses necessary for the proper and efficient administration of the State plan under this subchapter.

(3) Secretarial authority

(A) For State nursing facilities

With respect to a State nursing facility, the Secretary shall have the authority and duties of a State under this subsection, including the authority to impose remedies described in clauses (i), (ii), and (iii) of paragraph (2)(A).

(B) Other nursing facilities

With respect to any other nursing facility in a State, if the Secretary finds that a nursing facility no longer meets a requirement of subsection (b), (c), (d), or (e), and further finds that the

facility's deficiencies—

(i) immediately jeopardize the health or safety of its residents, the Secretary shall take immediate action to remove the jeopardy and correct the deficiencies through the remedy specified in subparagraph (C)(iii), or terminate the facility's participation under the State plan and may provide, in addition, for one or more of the other remedies described in subparagraph (C); or

(ii) do not immediately jeopardize the health or safety of its residents, the Secretary may impose any of the remedies described in subparagraph (C).

Nothing in this subparagraph shall be construed as restricting the remedies available to the Secretary to remedy a nursing facility's deficiencies. If the Secretary finds that a nursing facility meets such requirements but, as of a previous period, did not meet such requirements, the Secretary may provide for a civil money penalty under subparagraph (C)(ii) for the days on which he finds that the facility was not in compliance with such requirements.

(C) Specified remedies

The Secretary may take the following actions with respect to a finding that a facility has not met an applicable requirement:

(i) Denial of payment

The Secretary may deny any further payments to the State for medical assistance furnished by the facility to all individuals in the facility or to individuals admitted to the facility after the effective date of the finding.

(ii) Authority with respect to civil money penalties

(I) In general

Subject to subclause (II), the Secretary may impose a civil money penalty in an amount not to exceed $10,000 for each day of noncompliance. The provisions of section 1320a–7a of this title (other than subsections (a) and (b)) shall apply to a civil money penalty under the previous sentence in the same manner as such provisions apply to a penalty or proceeding under section 1320a–7a(a) of this title.

(II) Reduction of civil money penalties in certain circumstances

Subject to subclause (III), in the case where a facility self-reports and promptly corrects a deficiency for which a penalty was imposed under this clause not later than 10 calendar days after the date of such imposition, the Secretary may reduce the amount of the penalty imposed by not more than 50 percent.

(III) Prohibitions on reduction for certain deficiencies

(aa) Repeat deficiencies

The Secretary may not reduce the amount of a penalty under subclause (II) if the Secretary had reduced a penalty imposed on the facility in the preceding year under such subclause with respect to a repeat deficiency.

(bb) Certain other deficiencies

The Secretary may not reduce the amount of a penalty under subclause (II) if the penalty is imposed on the facility for a deficiency that is found to result in a pattern of harm or widespread harm, immediately jeopardizes the health or safety of a resident or residents of the facility, or results in the death of a resident of the facility.

(IV) Collection of civil money penalties

In the case of a civil money penalty imposed under this clause, the Secretary shall issue regulations that—

(aa) subject to item (cc), not later than 30 days after the imposition of the penalty, provide for the facility to have the opportunity to participate in an independent informal

dispute resolution process which generates a written record prior to the collection of such penalty;

(bb) in the case where the penalty is imposed for each day of noncompliance, provide that a penalty may not be imposed for any day during the period beginning on the initial day of the imposition of the penalty and ending on the day on which the informal dispute resolution process under item (aa) is completed;

(cc) may provide for the collection of such civil money penalty and the placement of such amounts collected in an escrow account under the direction of the Secretary on the earlier of the date on which the informal dispute resolution process under item (aa) is completed or the date that is 90 days after the date of the imposition of the penalty;

(dd) may provide that such amounts collected are kept in such account pending the resolution of any subsequent appeals;

(ee) in the case where the facility successfully appeals the penalty, may provide for the return of such amounts collected (plus interest) to the facility; and

(ff) in the case where all such appeals are unsuccessful, may provide that some portion of such amounts collected may be used to support activities that benefit residents, including assistance to support and protect residents of a facility that closes (voluntarily or involuntarily) or is decertified (including offsetting costs of relocating residents to home and community-based settings or another facility), projects that support resident and family councils and other consumer involvement in assuring quality care in facilities, and facility improvement initiatives approved by the Secretary (including joint training of facility staff and surveyors, technical assistance for facilities implementing quality assurance programs, the appointment of temporary management firms, and other activities approved by the Secretary).

(iii) Appointment of temporary management

In consultation with the State, the Secretary may appoint temporary management to oversee the operation of the facility and to assure the health and safety of the facility's residents, where there is a need for temporary management while—

(I) there is an orderly closure of the facility, or

(II) improvements are made in order to bring the facility into compliance with all the requirements of subsections (b), (c), and (d).

The temporary management under this clause shall not be terminated under subclause (II) until the Secretary has determined that the facility has the management capability to ensure continued compliance with all the requirements of subsections (b), (c), and (d).

The Secretary shall specify criteria, as to when and how each of such remedies is to be applied, the amounts of any fines, and the severity of each of these remedies, to be used in the imposition of such remedies. Such criteria shall be designed so as to minimize the time between the identification of violations and final imposition of the remedies and shall provide for the imposition of incrementally more severe fines for repeated or uncorrected deficiencies. In addition, the Secretary may provide for other specified remedies, such as directed plans of correction.

(D) Continuation of payments pending remediation

The Secretary may continue payments, over a period of not longer than 6 months after the effective date of the findings, under this subchapter with respect to a nursing facility not in compliance with a requirement of subsection (b), (c), or (d), if—

(i) the State survey agency finds that it is more appropriate to take alternative action to assure compliance of the facility with the requirements than to terminate the certification of the facility, and

(ii) the State has submitted a plan and timetable for corrective action to the Secretary for approval and the Secretary approves the plan of corrective action.

The Secretary shall establish guidelines for approval of corrective actions requested by States under this subparagraph.

(4) Effective period of denial of payment

A finding to deny payment under this subsection shall terminate when the State or Secretary (or both, as the case may be) finds that the facility is in substantial compliance with all the requirements of subsections (b), (c), and (d).

(5) Immediate termination of participation for facility where State or Secretary finds noncompliance and immediate jeopardy

If either the State or the Secretary finds that a nursing facility has not met a requirement of subsection (b), (c), or (d), and finds that the failure immediately jeopardizes the health or safety of its residents, the State or the Secretary, respectively [6] shall notify the other of such finding, and the State or the Secretary, respectively, shall take immediate action to remove the jeopardy and correct the deficiencies through the remedy specified in paragraph (2)(A)(iii) or (3)(C)(iii), or terminate the facility's participation under the State plan. If the facility's participation in the State plan is terminated by either the State or the Secretary, the State shall provide for the safe and orderly transfer of the residents eligible under the State plan consistent with the requirements of subsection (c)(2).

(6) Special rules where State and Secretary do not agree on finding of noncompliance

(A) State finding of noncompliance and no secretarial finding of noncompliance

If the Secretary finds that a nursing facility has met all the requirements of subsections (b), (c), and (d), but a State finds that the facility has not met such requirements and the failure does not immediately jeopardize the health or safety of its residents, the State's findings shall control and the remedies imposed by the State shall be applied.

(B) Secretarial finding of noncompliance and no State finding of noncompliance

If the Secretary finds that a nursing facility has not met all the requirements of subsections (b), (c), and (d), and that the failure does not immediately jeopardize the health or safety of its residents, but the State has not made such a finding, the Secretary—

(i) may impose any remedies specified in paragraph (3)(C) with respect to the facility, and

(ii) shall (pending any termination by the Secretary) permit continuation of payments in accordance with paragraph (3)(D).

(7) Special rules for timing of termination of participation where remedies overlap

If both the Secretary and the State find that a nursing facility has not met all the requirements of subsections (b), (c), and (d), and neither finds that the failure immediately jeopardizes the health or safety of its residents—

(A)(i) if both find that the facility's participation under the State plan should be terminated, the State's timing of any termination shall control so long as the termination date does not occur later than 6 months after the date of the finding to terminate;

(ii) if the Secretary, but not the State, finds that the facility's participation under the State plan should be terminated, the Secretary shall (pending any termination by the Secretary) permit continuation of payments in accordance with paragraph (3)(D); or

(iii) if the State, but not the Secretary, finds that the facility's participation under the State plan should be terminated, the State's decision to terminate, and timing of such termination, shall control; and

(B)(i) if the Secretary or the State, but not both, establishes one or more remedies which are additional or alternative to the remedy of terminating the facility's participation under the State plan, such additional or alternative remedies shall also be applied, or

(ii) if both the Secretary and the State establish one or more remedies which are additional or alternative to the remedy of terminating the facility's participation under the State plan, only the additional or alternative remedies of the Secretary shall apply.

(8) Construction

The remedies provided under this subsection are in addition to those otherwise available under State or Federal law and shall not be construed as limiting such other remedies, including any remedy available to an individual at common law. The remedies described in clauses (i), (ii)(IV),[7] (iii), and (iv) of paragraph (2)(A) may be imposed during the pendency of any hearing. The provisions of this subsection shall apply to a nursing facility (or portion thereof) notwithstanding that the facility (or portion thereof) also is a skilled nursing facility for purposes of subchapter XVIII.

(9) Sharing of information

Notwithstanding any other provision of law, all information concerning nursing facilities required by this section to be filed with the Secretary or a State agency shall be made available by such facilities to Federal or State employees for purposes consistent with the effective administration of programs established under this subchapter and subchapter XVIII, including investigations by State medicaid fraud control units.

(i) Nursing Home Compare website

(1) Inclusion of additional information

(A) In general

The Secretary shall ensure that the Department of Health and Human Services includes, as part of the information provided for comparison of nursing homes on the official Internet website of the Federal Government for Medicare beneficiaries (commonly referred to as the "Nursing Home Compare" Medicare website) (or a successor website), the following information in a manner that is prominent, updated on a timely basis, easily accessible, readily understandable to consumers of long-term care services, and searchable:

(i) Staffing data for each facility (including resident census data and data on the hours of care provided per resident per day) based on data submitted under section 1320a–7j(g) of this title, including information on staffing turnover and tenure, in a format that is clearly understandable to consumers of long-term care services and allows such consumers to compare differences in staffing between facilities and State and national averages for the facilities. Such format shall include—

(I) concise explanations of how to interpret the data (such as plain English explanation of data reflecting "nursing home staff hours per resident day");

(II) differences in types of staff (such as training associated with different categories of staff);

(III) the relationship between nurse staffing levels and quality of care; and

(IV) an explanation that appropriate staffing levels vary based on patient case mix.

(ii) Links to State Internet websites with information regarding State survey and certification programs, links to Form 2567 State inspection reports (or a successor form) on such websites, information to guide consumers in how to interpret and understand such reports, and the facility plan of correction or other response to such report. Any such links shall be posted on a timely basis.

(iii) The standardized complaint form developed under section 1320a–7j(f) of this title, including explanatory material on what complaint forms are, how they are used, and how to file a complaint with the State survey and certification program and the State long-term care ombudsman program.

(iv) Summary information on the number, type, severity, and outcome of substantiated complaints.

(v) The number of adjudicated instances of criminal violations by a facility or the employees of a facility—

(I) that were committed inside of the facility; and

(II) with respect to such instances of violations or crimes committed outside of the

facility, that were violations or crimes that resulted in the serious bodily injury of an elder.

(B) Deadline for provision of information

(i) In general

Except as provided in clause (ii), the Secretary shall ensure that the information described in subparagraph (A) is included on such website (or a successor website) not later than 1 year after March 23, 2010.

(ii) Exception

The Secretary shall ensure that the information described in subparagraph (A)(i) is included on such website (or a successor website) not later than the date on which the requirements under section 1320a–7j(g) of this title are implemented.

(2) Review and modification of website

(A) In general

The Secretary shall establish a process—

(i) to review the accuracy, clarity of presentation, timeliness, and comprehensiveness of information reported on such website as of the day before March 23, 2010; and

(ii) not later than 1 year after March 23, 2010, to modify or revamp such website in accordance with the review conducted under clause (i).

(B) Consultation

In conducting the review under subparagraph (A)(i), the Secretary shall consult with—

(i) State long-term care ombudsman programs;

(ii) consumer advocacy groups;

(iii) provider stakeholder groups;

(iv) skilled nursing facility employees and their representatives; and

(v) any other representatives of programs or groups the Secretary determines appropriate.

(j) Construction

Where requirements or obligations under this section are identical to those provided under section 1395i–3 of this title, the fulfillment of those requirements or obligations under section 1395i–3 of this title shall be considered to be the fulfillment of the corresponding requirements or obligations under this section.

(k) Funding for State strike teams

In addition to amounts otherwise available, there is appropriated to the Secretary, out of any monies in the Treasury not otherwise appropriated, $250,000,000, to remain available until expended, for purposes of allocating such amount among the States (including the District of Columbia and each territory of the United States) for such a State to establish and implement a strike team that will be deployed to a nursing facility in the State with diagnosed or suspected cases of COVID–19 among residents or staff for the purposes of assisting with clinical care, infection control, or staffing during the emergency period described in section 1320b–5(g)(1)(B) of this title and the 1-year period immediately following the end of such emergency period.
