STATEMENT OF EDITORIAL METHOD

(a) This is the reader-facing edition of membrane 003, assembled from the Phase 4D-3 line index (_WORKING_003_LINE_INDEX.md), the two deposition baselines this leaf spans (_WORKING_TOWNELEY_DEPOSITION_001-003L.md §003L and _WORKING_LLOYD_DEPOSITION_003R-007.md §003R), and the ledger — every flag preserved, no new readings. True contests carry both readings in the text; ladder resolutions cite the losing reading in the note. This leaf carries two of the corpus's TOP arbitration cruxes (the examination-date minim and privie/procuringe), both presented as contests.

(b) Conventions per methodology §6 (reprinted on the render's legend page). Declared aid-layer exception: the complainant's surname is normalized to **Lloyd** in the Modernized layer (the leaf's forms — Lloud, Llo[ud?], Ll[o]ud — are preserved per site in the diplomatic layer). ✓eB marks a reading verified in the enhanced render; △△ marks contested/wish-fulfilment-class items, never quoted as readings.

(c) Labels: 003.L7 = left page (Towneley) line 7; 003.R27 = right page (Lloyd) line 27; 003.sig = the autograph. Tile references: **L·b3** = crops/canon/crop_canon_m003_La_b3.jpg || ...Lb_b3.jpg (line-starts || line-ends); **R·b5** = ...Ra_b5 || ...Rb_b5 (+_eB). Manifest rows give exact source rectangles on the checksummed master.

(d) Authorization: quoting authorized with disclosure (2026-07-03); diplomatic layer only; names provisional pending the TNA transcription.

Modernized (editorial aid — never quotable): To the 1st: to his remembrance, he did not report to any person or persons, since the sixth of October last, that Richard Barker esquire — one of His Majesty's Justices of his highness's Great Sessions of the County of Anglesey in North Wales — should be no more Justice there. But this examinant did say at that time that Mr Barker might no more come to be Justice there — and that if he did, this examinant might not receive his trial under him. To whom he said it he does not now [certainly/perfectly] remember, but as he thinks it was to George Ll[ewell?]en. And the occasion of his saying was upon his return, newly come from London, it being then demanded of this examinant whether Mr Barker and Mr Justice Leighton were put out of their places as Justices of the Assizes within that county.

Modernized (editorial aid — never quotable): To the 2nd: he verily believes in his conscience that John ap Jevan Lloyd, this examinant's brother, was at the last Sessions held for the County of Anglesey wrongfully indicted, condemned and executed for the supposed murdering of his wife; for this examinant did often hear the said John ap Jevan Lloyd urged touching that matter — if it were true — that he should confess the same, and he still denied it to the death. And further he saith that he himself was unjustly and wrongfully [indicted — the strike is contested] for that [fact], for he was not in any sort [privy / procuring — contested] or consenting to the doing thereof. And further, as he takes it, William ap Rees ap William, that was executed with his examinant's brother, and he this examinant were cousins of cousin-germans removed.
