STATEMENT OF EDITORIAL METHOD

(a) The reader-facing edition of membrane 005, assembled from the Phase 4D-5 line index (_WORKING_005_LINE_INDEX.md), the Lloyd deposition baseline (§005L/§005R, fold-in complete), the zoom-verdict file, and the ledger — every flag preserved, no new readings. This membrane holds two of the corpus's user-surfaced delta-variances (the answer-6 SUM and the Rowe toponym) and the file's max-caution token (R31): all presented as contests with both weights, per the assembly-only rule.

(b) Conventions per methodology §6. ⟨x⟩ expanded/normalized letterform · ⟨p̄⟩ the pre-/per- brevigraph · ⟨f⟩ long s · ≡ struck in the MS · «...» interlineation · △/△△ lean/contested. Declared aid-layer exception: the complainant's surname normalized to **Lloyd** in the Modernized layer.

(c) Labels: 005.L21 = left page line 21; 005.R31 = right page line 31. Tiles: **L·b4** = crops/canon/crop_canon_m005_La_b4.jpg || ...Lb_b4.jpg; **R·b6** = ...Ra_b6 || ...Rb_b6 (+_eB).

(d) Authorization: quoting with disclosure (2026-07-03); diplomatic layer only; △△ items — above all R31 — described, never quoted as readings; names provisional pending TNA.

Modernized (editorial aid — never quotable): To the 6th: he received no sum of money of Sir Richard Bulkeley, [Owen?/Daniel?] Bulkeley, or either of them, nor of William ap Rees himself, nor of any other person, by their direction or appointment, directly or indirectly, since the [sixth — the leading reading] day of October last, for or towards the drawing of the bill or prosecution of that suit. But in March last he borrowed of the said Sir Richard Bulkeley the sum of [amount unread], and then gave him a bill of his hand for repayment thereof. And since his now imprisonment in the Fleet, wanting money to bear his necessary charges, he sent unto William ap Rees [his friend/his man — contested] to ~~borrow~~ lend him monies at several times; and so thereupon the said [Rees], by Humfrey, sent this examinant at several times the sum of [thirty / forty-odd — the contested ff-sum] pounds and some shillings, which monies were brought him by some of the Warden of the Fleet's servants.

Modernized (editorial aid — never quotable): But this examinant has [preferred] his bill into this Honourable [Court] against the said [Mr Barker — the max-caution reading, unarbitrated] and others; and also has a suit for conspiracy depending in the Court [of Common Pleas] at Westminster against [Howell] Lewis, W[illia]m[?] Lewis and []; and an action against John Lewis and Rees ap Hugh in the King's Bench; and also an action against [Howell Lewis], since that time prosecuted on the behalf of his Majesty, in the Court of [torn away]... — the deponent's own map of a four-forum litigation war with the Lewis parties, running off the torn foot.

REVISION STRATUM AND PHYSICAL RECORD

Census: LEFT L1–L39 = 39 lines FIRM (answer 6 = L1–L23; answer 7 = L24–L39); RIGHT R1–R43 = 43 surviving lines FIRM (answer 8 = R1 to the tear; unknown rows lost below). **Membrane total 82 surviving lines.** Interlineations: *now* (L15) · «m[e]e?» unresolved (L32) · *in monie* (R2) · *of this ext* (R3) · the R#i3 insertion complex with gutter overflow (R8) · *fome* (R19) · *hade /a/pleas* (R33–R34) · two unread carets (R41). Strikes: L#1 ~~borrowe~~→lend · L#2 (location false-start) · L#3 ~~leid w[?]h, me~~ △△ · R#0 (torn corner) · R#1 (the ~~fd tenement~~ under strike) · R#2–R#5 (the revision zone, incl. the struck father-clause draft) · R#6 (illegible). The answer-8 revision zone (R7–R12) is the heaviest scribal-correction cluster in the file — the estate narrative reworked mid-writing, with the struck draft of the father-sum clause re-entered lower.

Physical: double opening, gutter/fold $x \approx 0.50$; right page's top-right corner torn (R1 partial); the membrane's bottom edge cuts DIAGONALLY through the right page (the court name and any further rows lost); left foot blank + torn; no signature either page; right-page gutter carries the R#i3 insertion overflow.
