STATEMENT OF EDITORIAL METHOD

(a) The reader-facing edition of membrane 004, assembled from the Phase 4D-4 line index (_WORKING_004_LINE_INDEX.md), the Lloyd deposition baseline (_WORKING_LLOYD_DEPOSITION_003R-007.md §004L/§004R), the precision-pass ledger, and the companion — every flag preserved, no new readings. This membrane carries the corpus's densest arbitration load (the line index's consolidated TNA list runs seventeen numbered heads): true contests carry both readings in the text; ladder resolutions cite the losing layer; where the corpus's own layers diverge (the Penrithe/Kenwricke intermediary name), the divergence is presented at finest stratum, not resolved.

(b) Conventions per methodology §6. ⟨x⟩ marks expanded/normalized letterforms (⟨p⟩ ferred = the "pre-" contraction bar; ⟨f⟩ long s); + an obliterated strike; ^ a scribal caret;  lean/contested. Declared aid-layer exception: the complainant's surname normalized to **Lloyd** in the Modernized layer.

(c) Labels: 004.L26 = left page line 26; 004.R28 = right page line 28; 004.R0 = the right page's head-tear fragment. Tiles: **L·b6** = crops/canon/crop_canon_m004_La_b6.jpg || ...Lb_b6.jpg; **R·b5** = ...Ra_b5 || ...Rb_b5 (+_eB).

(d) Authorization: quoting authorized with disclosure (2026-07-03); diplomatic layer only;   items described, never quoted as readings; names provisional pending TNA.

Modernized (editorial aid — never quotable): To the 3rd: he preferred a bill into the Star Chamber against Mr [name-knot contested] Barker and others, Justice[s] of Assize of the County of A[n]glesey, for and touching the wrong and injustice, as this examinant conceived it, done unto the said William ap Rees ap William and others, and for other misdemeanours. And the reason why he did not by the [bill] preferred in this Honourable Court complain of the wrong done to himself was that he had before brought his action in the Court of Common Pleas at Westminster, of conspiracy, touching those matters. And touching the wrongs done to his brother — the scribe first wrote and struck "because he was dead," then re-cast — this examinant thought it [not] good to bring it in question, as well because he was dead, as also because his brother did not in his lifetime wish this examinant so to do.

 14 this examinant to bring him the said bill to see, saying that he would first see it, if this
 15 examinant meant to use him as a witness. And so afterwards this examinant brought the
 16 said bill unto the said Richard Bulkeley, who, having read the same, used these words [or

23 whether the answer-4 list opens with Richard (as four anaphoric "the fd Rich[ard]"
24 tokens require) or Tristram (as the letterforms favor); the answer-4 list reads FOUR
25 members at row level either way. Ledger D6 reconciled. TNA.
- 26 2. **OPEN — the quote opening "george" vs "heere" (TOP, names):** letterforms
27 favor "george" (×2 sightings); the deponent's forename (Rees) re-weights sense
28 toward "heere"; if "george," Bulkeley addresses the deponent by a forename from
29 the adversary's own mouth. TNA.

31 member); "[?] ffloude e[ſq?]" at R40 (third denied procurer; ≈ Jevan ffloude of
