Corpus: TNA STAC 8/203/38 (record copy RC8368179) — catalogued *Lloyde v. Lewys*, Anglesey, June 1607; the surviving Star Chamber file behind *Floyd v. Barker*, 77 Eng. Rep. 1305 (1607)
Membrane: 005 of 010 — Rees ap Jevan Lloyd's deposition, continued (double opening): answer 6 (the funding probe — the Bulkeley loan, the Fleet borrowings via Humfrey), answer 7 (Bulkeley's house, the lease, the company/diet admissions), answer 8 (the estate; the post-acquittal finance; the four-forum litigation enumeration, running to a torn foot)

STATEMENT OF EDITORIAL METHOD

(a) The reader-facing edition of membrane 005, assembled from the Phase 4D-5 line index (_WORKING_005_LINE_INDEX.md), the Lloyd deposition baseline (§005L/§005R, fold-in complete), the zoom-verdict file, and the ledger — every flag preserved, no new readings. This membrane holds two of the corpus's user-surfaced delta-variances (the answer-6 SUM and the Rowe toponym) and the file's max-caution token (R31): all presented as contests with both weights, per the assembly-only rule.

(b) Conventions per methodology §6. ⟨x⟩ expanded/normalized letterform · ⟨p⟩ the pre-/per- brevigraph · ⟨f⟩ long s · ≡ struck in the MS · «» interlineation · / /  lean/contested. Declared aid-layer exception: the complainant's surname normalized to **Lloyd** in the Modernized layer.

(c) Labels: 005.L21 = left page line 21; 005.R31 = right page line 31. Tiles: **L·b4** = crops/canon/crop_canon_m005_La_b4.jpg || ...Lb_b4.jpg; **R·b6** = ...Ra_b6 || ...Rb_b6 (+_eB).

(d) Authorization: quoting with disclosure (2026-07-03); diplomatic layer only;   items — above all R31 — described, never quoted as readings; names provisional pending TNA.

But in March last he borrowed of the said Sir Richard Bulkeley the sum of [amount unread], and then gave him a bill of his hand for repayment thereof. And since his now imprisonment in the Fleet, wanting money to bear his necessary charges, he sent unto William ap Rees [his friend/his man — contested] to ~~borrow~~ lend him monies at several times; and so thereupon the said [Rees], by Humfrey, sent this examinant at several times the sum of [thirty / forty-odd — the

Modernized (editorial aid — never quotable): But this examinant has [preferred] his bill into this Honourable [Court] against the said [Mr Barker — the max-caution reading, unarbitrated] and others; and also has a suit for conspiracy depending in the Court [of Common Pleas] at Westminster against [Howell] Lewis, W[illia]m[?] Lewis and []; and an action against John Lewis and Rees ap Hugh in the King's Bench; and also an action against [Howell Lewis], since that time prosecuted on the behalf of his Majesty, in the Court of [torn away]... — the deponent's own map of a four-forum litigation war with the Lewis parties, running off the torn foot.

The answer-8 revision zone (R7–R12) is the heaviest scribal-correction cluster in the file — the estate narrative reworked mid-writing, with the struck draft of the father-sum clause re-entered lower.

Physical: double opening, gutter/fold $x \approx 0.50$; right page's top-right corner torn (R1 partial); the membrane's bottom edge cuts DIAGONALLY through the right page (the court name and any further rows lost); left foot blank + torn; no signature either page; right-page gutter carries the R#i3 insertion overflow.
